Frequency of Data Reporting Authorized by Bill/Statute/Rule/Ordinance*

(exceptions for veterinarians or others may apply; effective dates may vary)

● Michigan requires daily reporting for online reporting of dispensing information and weekly for mail-in submission of data.

● Rhode Island's daily reporting requirement applies to opioid prescriptions. Data for non-opioid prescriptions must be reported 3 business days/72 hours after dispensing.

* PLEASE NOTE: Preparation for implementation may result in a time difference between the enactment or effective date and the date of implementation of the reporting frequency.
