States that Require All Licensed Prescribers and/or Dispensers to Register with PMP Database*

* Many states require that persons requesting access to the state PMP database first register as an authorized user. This map and the memorandum located on the NAMSDDL website are concerned with only those states that require all practitioners licensed in the state to also register to use the PMP database.

¹ The Vermont provision goes into effect on July 1, 2013. Health care providers and dispensers will have until November 15, 2013 to register. The Delaware provision goes into effect on March 1, 2014, but all dispensers and prescribers must be registered with the program by January 1, 2014. ² Alabama only requires physicians with or seeking a pain management registration to be registered with the PMP.
