Introduction

There are currently 49 states that have prescription monitoring program laws. Of those, 48 specifically allow access to information contained in the prescription monitoring program database by law enforcement and/or judicial authorities.

Maine, Nebraska, and Vermont are the only states currently that do not have a specific provision in their prescription monitoring program laws for access by law enforcement or judicial authorities. However, Nebraska is the only state that specifically prohibits access by law enforcement.

Pursuant to the Maine Office of Substance Abuse website (the department responsible for administration of the Maine PMP), the department will release information to criminal justice authorities in response to a grand jury subpoena. Vermont does not allow law enforcement to access prescription monitoring program database information either directly or upon request; however, law enforcement may have access to program reports if they are provided to them by a health regulatory or licensing agency which suspects fraudulent or illegal activity on the part of a dispenser or prescriber and who then submits the report to law enforcement for investigation.

§ 20-2-214
ADC 420-7-2-.13

Code of Alabama (2014)
Title 20. Food, Drugs, and Cosmetics.
Chapter 2. Controlled Substances.
Article 10. . Controlled Substances Prescription Database.

§ 20-2-214. Limited access to database permitted for certain persons or entities.

The following persons or entities shall be permitted access to the information in the controlled substances database, subject to the limitations indicated below:

(1) Authorized representatives of the certifying boards, provided, however, that access shall be limited to information concerning the licensees of the certifying board, however, authorized representatives from the Board of Medical Examiners may access the database to inquire about certified registered nurse practitioners (CRNPs), or certified nurse midwives (CNMs) that hold a Qualified Alabama Controlled Substances Registration Certificate (QACSC).

(2) A licensed practitioner approved by the department who has authority to prescribe, dispense, or administer controlled substances. The licensed practitioner's access shall be limited to information concerning himself or herself, registrants who possess a Qualified Alabama Controlled Substances Registration Certificate over whom the practitioner exercises physician supervision or with whom they have a joint practice agreement, a certified registered nurse practitioner and a certified nurse midwife with a Qualified Alabama Controlled Substances Registration Certificate over whom the practitioner exercises professional oversight and direction pursuant to an approved collaborative practice agreement, a current patient of the practitioner, and individuals seeking treatment from the practitioner. Practitioners shall have no requirement or obligation, under this article, to access or check the information in the controlled substances database prior to prescribing, dispensing, or administering medications or as part of their professional practice. However, the applicable licensing boards, in their discretion, may impose such a requirement or obligation by regulations.

(3) A licensed physician approved by the department who has authority to prescribe, dispense, or administer controlled substances may designate up to two employees who may access the database on the physician's behalf.

(4) A licensed certified registered nurse practitioner or a licensed certified nurse midwife approved by the department who is authorized to prescribe, administer, or dispense pursuant to a Qualified Alabama Controlled Substances Registration Certificate; provided, however, that such access shall be limited to information concerning a current or prospective patient of the registered nurse practitioner or certified nurse midwife.

(5) A licensed assistant to physician approved by the department who is authorized to prescribe, administer, or dispense pursuant to a Qualified Alabama Controlled Substances Registration Certificate; provided, however, that such access shall be limited to information concerning a current patient of the assistant to the physician or an individual seeking treatment from the assistant to physician.

(6) A licensed pharmacist approved by the department, provided, however, that such access is limited to information related to the patient or prescribing practitioner designated on a controlled substance prescription that a pharmacist has been asked to fill. Pharmacists shall have no requirement or obligation to access or check the information in the controlled substances database prior to dispensing or administering medications or as part of their professional practices.

(7) State and local law enforcement authorities as authorized under Section 20-2-91, and federal law enforcement authorities authorized to access prescription information upon application to the department accompanied by a declaration that probable cause exists for the use of the requested information.

(8) Employees of the department and consultants engaged by the department for operational and review purposes.

(9) The prescription drug monitoring program of any of the other states or territories of the United States, if recognized by the Alliance for Prescription Drug Monitoring Programs under procedures developed by the United States Department of Justice or the Integrated Justice Information Systems Institute or successor entity subject to or consistent with limitations for access prescribed by this chapter for the Alabama Prescription Drug Monitoring Program.

(10) Authorized representatives of the Alabama Medicaid Agency; provided, however, that access shall be limited to inquiries concerning possible misuse or abuse of controlled substances by Medicaid recipients.

§ 36-2604. Use and release of confidential information

A. Except as otherwise provided in this section, prescription information submitted to the board pursuant to this article is confidential and is not subject to public inspection. The board shall establish procedures to ensure the privacy and confidentiality of patients and that patient information that is collected, recorded and transmitted pursuant to this article is not disclosed except as prescribed in this section.

B. The board or its designee shall review the prescription information collected pursuant to this article. If the board or its designee has reason to believe an act of unprofessional or illegal conduct has occurred, the board or its designee shall notify the appropriate professional licensing board or law enforcement or criminal justice agency and provide the prescription information required for an investigation.

C. The board may release data collected by the program to the following:

1. A person who is authorized to prescribe or dispense a controlled substance to assist that person to provide medical or pharmaceutical care to a patient or to evaluate a patient.
2. An individual who requests the individual's own prescription monitoring information pursuant to § 12-2293.
3. A professional licensing board established pursuant to title 32, chapter 7, 11, 13, 14, 15, 16, 17, 18, 21, 25 or 29. Except as required pursuant to subsection B of this section, the board shall provide this information only if the requesting board states in writing that the information is necessary for an open investigation or complaint.
- 4. A local, state or federal law enforcement or criminal justice agency. Except as required pursuant to subsection B of this section, the board shall provide this information only if the requesting agency states in writing that the information is necessary for an open investigation or complaint.**

District of Columbia
Section 6 (not yet codified)

Sec. 6. Confidentiality of data; disclosure of information; discretionary authority of the Director.

(a) All data, records, and reports relating to the prescribing and dispensing of covered substances to patients and any abstracts from such data, records, and reports that are in the possession of the Program pursuant to this act and any materials relating to the operation or safety of the Program shall be confidential and shall be exempt from disclosure based on requests made pursuant to Title 2 of the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1204; D.C. Official Code § 2-501 et seq.). Information obtained pursuant to the Program may only be disclosed as provided in this act.

(b) Upon receiving a request for information in accordance with the Department's regulations and in compliance with applicable District and federal laws and regulations, the Director shall disclose information relevant to:

(1) A specific investigation of a specific patient or of a specific dispenser or prescriber to an agent designated by the Chief of the Metropolitan Police Department to conduct drug diversion investigations;

(2) An investigation or inspection of or allegation of misconduct by a specific person licensed, certified, or registered by or an applicant for licensure, certification, or registration by a health occupations board or the Department;

(3) A disciplinary proceeding before a health occupations board or in any subsequent hearing, trial, or appeal of an action or board order to designated employees of the Department;

(4) The proceedings of any grand jury or additional grand jury that has been properly impaneled in accordance with D.C. Official Code § 11-1916; and

(5) A specific investigation of a specific dispenser or specific prescriber to an agent of the United States Drug Enforcement Administration with authority to conduct drug diversion investigations.

(c)(1) In accordance with the Department's regulations and applicable federal law and regulations, the Director may, at the Director's discretion, disclose:

(A) Information in the possession of the Program concerning a patient who is over the age of 18 years to that patient, or to the parent or legal guardian of a child aged 18 years or under, unless otherwise prohibited by District or federal law;

(B) Information on a specific patient to a prescriber for the purpose of establishing the treatment history of the specific patient when the patient is either under care and treatment by the prescriber or the prescriber is initiating treatment of the patient;

(C) Information on a specific patient to a dispenser for the purpose of establishing a prescription history to assist the dispenser in determining the validity of a prescription when the patient is seeking a covered substance from the dispenser or the facility in which a dispenser practices;

(D) Information relevant to an investigation or regulatory proceeding of a specific dispenser or prescriber to other regulatory authorities concerned with granting, limiting, or denying licenses, certificates, or registrations to practice a health profession when the regulatory authority licenses the dispenser or prescriber, or the dispenser or prescriber is seeking licensure by a regulatory authority;

(E) Information relevant to an investigation relating to a specific dispenser or prescriber who is a participating provider in the District Medicaid program, DC Health Care Alliance, or any other public health care program; information relating to an investigation relating to a specific patient who is currently eligible for and receiving, or who has been eligible for and has received medical assistance services; information relevant to the Medicaid Fraud Control Unit of the Office of the Inspector General, or to designated employees of the Department of Health Care Finance, as appropriate;

(F) Information relevant to the determination of the cause of death of a specific patient to the designated employees of the Office of the Chief Medical Examiner; and

(G) Information for the purpose of bona fide research or education to qualified personnel; provided, that:

(i) Data elements that would reasonably identify a specific patient, prescriber, or dispenser shall be deleted or redacted from the information before disclosure; and

(ii) Release of the information shall only be made pursuant to a written agreement between qualified personnel and the Director to ensure compliance with this act.

(2) For the purposes of a disclosure under paragraph (1)(B) or (C) of this subsection:

(A) The request shall be made and the information shall be provided in the manner specified by the Director through rulemaking; and

(B) Notice shall be given to patients that the information described in paragraph (1)(B) or (C) of this subsection, as applicable, may be requested by a prescriber or dispenser participating with the Program.

(d) Confidential information that has been received, maintained, or developed by a health occupations board or disclosed by the health occupations board pursuant to this act shall not be available for discovery or court subpoena or introduced into evidence in any medical malpractice suit or other action for damages arising out of the provision of or failure to provide services; provided, that this section shall be not construed to inhibit any investigation or prosecution conducted pursuant to this act.

Florida
§ 893.055
§ 893.0551
ADC 64K-1.003

West's Florida Statutes Annotated (2014)
Title XLVI. Crimes (Chapters 775-899)
Chapter 893. Drug Abuse Prevention and Control

§ 893.055. Prescription drug monitoring program

(1) As used in this section, the term:

(a) “Patient advisory report” or “advisory report” means information provided by the department in writing, or as determined by the department, to a prescriber, dispenser, pharmacy, or patient concerning the dispensing of controlled substances. All advisory reports are for informational purposes only and impose no obligations of any nature or any legal duty on a prescriber, dispenser, pharmacy, or patient. The patient advisory report shall be provided in accordance with s. 893.13(7)(a)8. The advisory reports issued by the department are not subject to discovery or introduction into evidence in any civil or administrative action against a prescriber, dispenser, pharmacy, or patient arising out of matters that are the subject of the report; and a person who participates in preparing, reviewing, issuing, or any other activity related to an advisory report may not be permitted or required to testify in any such civil action as to any findings, recommendations, evaluations, opinions, or other actions taken in connection with preparing, reviewing, or issuing such a report.

(b) “Controlled substance” means a controlled substance listed in Schedule II, Schedule III, or Schedule IV in s. 893.03.

(c) “Dispenser” means a pharmacy, dispensing pharmacist, or dispensing health care practitioner.

(d) “Health care practitioner” or “practitioner” means any practitioner who is subject to licensure or regulation by the department under chapter 458, chapter 459, chapter 461, chapter 462, chapter 463, chapter 464, chapter 465, or chapter 466.

(e) “Health care regulatory board” means any board for a practitioner or health care practitioner who is licensed or regulated by the department.

(f) “Pharmacy” means any pharmacy that is subject to licensure or regulation by the department under chapter 465 and that dispenses or delivers a controlled substance to an individual or address in this state.

Headquarters Office: THE NATIONAL ALLIANCE FOR MODEL STATE DRUG LAWS. 215 Lincoln Ave. Suite 201, Santa Fe, NM 87501.

(g) “Prescriber” means a prescribing physician, prescribing practitioner, or other prescribing health care practitioner.

(h) “Active investigation” means an investigation that is being conducted with a reasonable, good faith belief that it could lead to the filing of administrative, civil, or criminal proceedings, or that is ongoing and continuing and for which there is a reasonable, good faith anticipation of securing an arrest or prosecution in the foreseeable future.

(i) “Law enforcement agency” means the Department of Law Enforcement, a Florida sheriff’s department, a Florida police department, or a law enforcement agency of the Federal Government which enforces the laws of this state or the United States relating to controlled substances, and which its agents and officers are empowered by law to conduct criminal investigations and make arrests.

(j) “Program manager” means an employee of or a person contracted by the Department of Health who is designated to ensure the integrity of the prescription drug monitoring program in accordance with the requirements established in paragraphs (2)(a) and (b).

...

(7)(a) A practitioner or pharmacist who dispenses a controlled substance must submit the information required by this section in an electronic or other method in an ASAP format approved by rule of the department unless otherwise provided in this section. The cost to the dispenser in submitting the information required by this section may not be material or extraordinary. Costs not considered to be material or extraordinary include, but are not limited to, regular postage, electronic media, regular electronic mail, and facsimile charges.

(b) A pharmacy, prescriber, or dispenser shall have access to information in the prescription drug monitoring program's database which relates to a patient of that pharmacy, prescriber, or dispenser in a manner established by the department as needed for the purpose of reviewing the patient's controlled substance prescription history. Other access to the program's database shall be limited to the program's manager and to the designated program and support staff, who may act only at the direction of the program manager or, in the absence of the program manager, as authorized. Access by the program manager or such designated staff is for prescription drug program management only or for management of the program's database and its system in support of the requirements of this section and in furtherance of the prescription drug monitoring program. Confidential and exempt information in the database shall be released only as provided in paragraph (c) and s. 893.0551. The program manager, designated program and support staff who act at the direction of or in the absence of the program manager, and any individual who has similar access regarding the management of the database from the prescription drug monitoring program shall submit fingerprints to the department for background screening. The department shall follow the procedure established by the Department of Law Enforcement to request a statewide criminal history record check and to request that the Department of Law Enforcement

(c) The following entities shall not be allowed direct access to information in the prescription drug monitoring program database but may request from the program manager and, when authorized by the program manager, the program manager's program and support staff, information that is confidential and exempt under s. 893.0551. Prior to release, the request shall be verified as authentic and authorized with the requesting organization by the program manager, the program manager's program and support staff, or as determined in rules by the department as being authentic and as having been authorized by the requesting entity:

1. The department or its relevant health care regulatory boards responsible for the licensure, regulation, or discipline of practitioners, pharmacists, or other persons who are authorized to prescribe, administer, or dispense controlled substances and who are involved in a specific controlled substance investigation involving a designated person for one or more prescribed controlled substances.

2. The Attorney General for Medicaid fraud cases involving prescribed controlled substances.

3. A law enforcement agency during active investigations regarding potential criminal activity, fraud, or theft regarding prescribed controlled substances.

4. A patient or the legal guardian or designated health care surrogate of an incapacitated patient as described in s. 893.0551 who, for the purpose of verifying the accuracy of the database information, submits a written and notarized request that includes the patient's full name, address, and date of birth, and includes the same information if the legal guardian or health care surrogate submits the request. The request shall be validated by the department to verify the identity of the patient and the legal guardian or health care surrogate, if the patient's legal guardian or health care surrogate is the requestor. Such verification is also required for any request to change a patient's prescription history or other information related to his or her information in the electronic database.

Information in the database for the electronic prescription drug monitoring system is not discoverable or admissible in any civil or administrative action, except in an investigation and disciplinary proceeding by the department or the appropriate regulatory board.

(d) Department staff, for the purpose of calculating performance measures pursuant to subsection (8), shall not be allowed direct access to information in the prescription drug monitoring program database but may request from the program manager and, when authorized by the program manager, the program manager's program and support staff, information that contains no identifying information of any patient, physician, health care practitioner, prescriber, or dispenser and that is not confidential and exempt.

(3) The department shall disclose such confidential and exempt information to the following entities after using a verification process to ensure the legitimacy of that person's or entity's request for the information:

(a) The Attorney General and his or her designee when working on Medicaid fraud cases involving prescription drugs or when the Attorney General has initiated a review of specific identifiers of Medicaid fraud regarding prescription drugs. The Attorney General or his or her designee may disclose the confidential and exempt information received from the department to a criminal justice agency as defined in s. 119.011 as part of an active investigation that is specific to a violation of prescription drug abuse or prescription drug diversion law as it relates to controlled substances. The Attorney General's Medicaid fraud investigators may not have direct access to the department's database.

(b) The department's relevant health care regulatory boards responsible for the licensure, regulation, or discipline of a practitioner, pharmacist, or other person who is authorized to prescribe, administer, or dispense controlled substances and who is involved in a specific controlled substances investigation for prescription drugs involving a designated person. The health care regulatory boards may request information from the department but may not have direct access to its database. The health care regulatory boards may provide such information to a law enforcement agency pursuant to ss. 456.066 and 456.073.

(c) A law enforcement agency that has initiated an active investigation involving a specific violation of law regarding prescription drug abuse or diversion of prescribed controlled substances. The law enforcement agency may disclose the confidential and exempt information received from the department to a criminal justice agency as defined in s.

119.011 as part of an active investigation that is specific to a violation of prescription drug abuse or prescription drug diversion law as it relates to controlled substances. A law enforcement agency may request information from the department but may not have direct access to its database.

(d) A health care practitioner who certifies that the information is necessary to provide medical treatment to a current patient in accordance with ss. 893.05 and 893.055.

(e) A pharmacist who certifies that the requested information will be used to dispense controlled substances to a current patient in accordance with ss. 893.04 and 893.055.

(f) A patient or the legal guardian or designated health care surrogate for an incapacitated patient, if applicable, making a request as provided in s. 893.055(7)(c)4.

(g) The patient's pharmacy, prescriber, or dispenser who certifies that the information is necessary to provide medical treatment to his or her current patient in accordance with s. 893.055.

(4) The department shall disclose such confidential and exempt information to the applicable law enforcement agency in accordance with s. 893.055(7)(f). The law enforcement agency may disclose the confidential and exempt information received from the department to a criminal justice agency as defined in s. 119.011 as part of an active investigation that is specific to a violation of s. 893.13(7)(a)8., s. 893.13(8)(a), or s. 893.13(8)(b).

(5) Any agency or person who obtains such confidential and exempt information pursuant to this section must maintain the confidential and exempt status of that information.

(6) Any person who willfully and knowingly violates this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(7) This section is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2014, unless reviewed and saved from repeal through reenactment by the Legislature.

Georgia
§ 16-13-60

Georgia Code Annotated (2013)
Title 16. Crimes and Offenses
Chapter 13. Controlled Substances
Article 2. Regulation of Controlled Substances
Part 2. Controlled Substances Prescription Monitoring

§ 16-13-60. Confidentiality of information submitted

(a) Except as otherwise provided in subsections (c) and (d) of this Code section, prescription information submitted pursuant to Code Section 16-13-59 shall be confidential and shall not be subject to open records requirements, as contained in Article 4 of Chapter 18 of Title 50.

(b) The agency, in conjunction with the board, shall establish and maintain strict procedures to ensure that the privacy and confidentiality of patients, prescribers, and patient and prescriber information collected, recorded, transmitted, and maintained pursuant to this part are protected. Such information shall not be disclosed to any person or entity except as specifically provided in this part and only in a manner which in no way conflicts with the requirements of the federal Health Insurance Portability and Accountability Act (HIPAA) of 1996, P.L. 104-191.

(c) The agency shall be authorized to provide requested prescription information collected pursuant to this part only as follows:

(1) To persons authorized to prescribe or dispense controlled substances for the sole purpose of providing medical or pharmaceutical care to a specific patient;

(2) Upon the request of a patient, prescriber, or dispenser about whom the prescription information requested concerns or upon the request on his or her behalf of his or her attorney;

(3) To local, state, or federal law enforcement or prosecutorial officials pursuant to the issuance of a search warrant pursuant to Article 2 of Chapter 5 of Title 17; and

(4) To the agency or the Georgia Composite Medical Board upon the issuance of an administrative subpoena issued by a Georgia state administrative law judge.

(d) The board may provide data to government entities for statistical, research, educational, or grant application purposes after removing information that could be used to identify prescribers or individual patients or persons who received prescriptions from dispensers.

(e) Any person or entity who receives electronic data base prescription information or related reports relating to this part from the agency shall not provide such information or reports to any other person or entity except by order of a court of competent jurisdiction pursuant to this part.

(f) Any permissible user identified in this part who directly accesses electronic data base prescription information shall implement and maintain a comprehensive information security program that contains administrative, technical, and physical safeguards that are substantially equivalent to the security measures of the agency. The permissible user shall identify reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of personal information that could result in the unauthorized disclosure, misuse, or other compromise of the information and shall assess the sufficiency of any safeguards in place to control the risks.

(g) No provision in this part shall be construed to modify, limit, diminish, or impliedly repeal any authority existing on June 30, 2011, of a licensing or regulatory board or any other entity so authorized to obtain prescription information from sources other than the data base maintained pursuant to this part; provided, however, that the agency shall be authorized to release information from the data base only in accordance with the provisions of this part.

Chapter 64K-1. Prescription Drug Monitoring Program

64K-1.003. Accessing Database.

(1) The following entities have direct access to the information contained in the Program database:

(a) A pharmacist, prescriber, or dispenser if the information relates to a patient of that pharmacy, prescriber, or dispenser for purposes of reviewing the patient's controlled substance prescription history. Those entities who are authorized to prescribe or dispense controlled substances, Schedules II-IV, and are licensed in the State of Florida may access the database through the secure web portal to request and receive information electronically, or may submit a written request to the Program manager if information must be received by an alternate means.

(b) The Program manager and designated Program support staff acting at the direction of or as authorized by the Program manager for purposes of management of the Program database.

(2) The following entities do not have direct access to the information in the database, but may request access from the Program manager or authorized staff:

Indiana
§ 35-48-7-11.1

Indiana Code (2013)
Title 35. Criminal Law and Procedure
Article 48. Controlled Substances
Chapter 7. Central Repository for Controlled Substances Data

§ 35-48-7-11.1 INSPECT program; confidentiality

Sec. 11.1. (a) Information received by the INSPECT program under section 8.1 of this chapter is confidential.

(b) The board shall carry out a program to protect the confidentiality of the information described in subsection (a). The board may disclose the information to another person only under subsection (c), (d), or (g).

(c) The board may disclose confidential information described in subsection (a) to any person who is authorized to engage in receiving, processing, or storing the information.

(d) Except as provided in subsections (e) and (f), the board may release confidential information described in subsection (a) to the following persons:

(1) A member of the board or another governing body that licenses practitioners and is engaged in an investigation, an adjudication, or a prosecution of a violation under any state or federal law that involves a controlled substance.

(2) An investigator for the consumer protection division of the office of the attorney general, a prosecuting attorney, the attorney general, a deputy attorney general, or an investigator from the office of the attorney general, who is engaged in:

(A) an investigation;

(B) an adjudication; or

(C) a prosecution;

of a violation under any state or federal law that involves a controlled substance.

(3) A law enforcement officer who is an employee of:

(A) a local, state, or federal law enforcement agency; or

(B) an entity that regulates controlled substances or enforces controlled substances rules or laws in another state;

that is certified to receive information from the INSPECT program.

(4) A practitioner or practitioner's agent certified to receive information from the INSPECT program.

(5) A controlled substance monitoring program in another state with which Indiana has established an interoperability agreement.

(6) The state toxicologist.

(7) A certified representative of the Medicaid retrospective and prospective drug utilization review program.

(8) A substance abuse assistance program for a licensed health care provider who:

(A) has prescriptive authority under IC 25; and

(B) is participating in the assistance program.

(e) Information provided to an individual under:

(1) subsection (d)(3) is limited to information:

(A) concerning an individual or proceeding involving the unlawful diversion or misuse of a schedule II, III, IV, or V controlled substance; and

(B) that will assist in an investigation or proceeding; and

(2) subsection (d)(4) may be released only for the purpose of:

(A) providing medical or pharmaceutical treatment; or

(B) evaluating the need for providing medical or pharmaceutical treatment to a patient.

(f) Before the board releases confidential information under subsection (d), the applicant must be approved by the INSPECT program in a manner prescribed by the board.

(g) The board may release to:

(1) a member of the board or another governing body that licenses practitioners;

(2) an investigator for the consumer protection division of the office of the attorney general, a prosecuting attorney, the attorney general, a deputy attorney general, or an investigator from the office of the attorney general; or

(3) a law enforcement officer who is:

(A) authorized by the state police department to receive the type of information released; and

(B) approved by the board to receive the type of information released;

confidential information generated from computer records that identifies practitioners who are prescribing or dispensing large quantities of a controlled substance.

(h) The information described in subsection (g) may not be released until it has been reviewed by:

(1) a member of the board who is licensed in the same profession as the prescribing or dispensing practitioner identified by the data; or

(2) the board's designee;

and until that member or the designee has certified that further investigation is warranted. However, failure to comply with this subsection does not invalidate the use of any evidence that is otherwise admissible in a proceeding described in subsection (i).

(i) An investigator or a law enforcement officer receiving confidential information under subsection (c), (d), or (g) may disclose the information to a law enforcement officer or an attorney for the office of the attorney general for use as evidence in the following:

(1) A proceeding under IC 16-42-20.

(2) A proceeding under any state or federal law that involves a controlled substance.

(3) A criminal proceeding or a proceeding in juvenile court that involves a controlled substance.

(j) The board may compile statistical reports from the information described in subsection (a). The reports must not include information that identifies any practitioner, ultimate user, or other person administering a controlled substance. Statistical reports compiled under this subsection are public records.

(k) This section may not be construed to require a practitioner to obtain information about a patient from the data base.

(l) A practitioner is immune from civil liability for an injury, death, or loss to a person solely due to a practitioner seeking or not seeking information from the INSPECT program. The civil immunity described in this subsection does not extend to a practitioner if the practitioner receives information directly from the INSPECT program and then negligently misuses this information. This subsection does not apply to an act or omission that is a result of gross negligence or intentional misconduct.

(m) The board may review the records of the INSPECT program. If the board determines that a violation of the law may have occurred, the board shall notify the appropriate law enforcement agency or the relevant government body responsible for the licensure, regulation, or discipline of practitioners authorized by law to prescribe controlled substances.

(n) A practitioner who in good faith discloses information based on a report from the INSPECT program to a law enforcement agency is immune from criminal or civil liability. A practitioner that discloses information to a law enforcement agency under this subsection is presumed to have acted in good faith.

Title IV. Public Health
Subtitle 1. Alcoholic Beverages and Controlled Substances
Chapter 124. Controlled Substances
Division VI. Drug Prescribing and Dispensing--Information Program

§ 124.553. Information access

1. The board may provide information from the program to the following:

a. (1) A pharmacist or prescribing practitioner who requests the information and certifies in a form specified by the board that it is for the purpose of providing medical or pharmaceutical care to a patient of the pharmacist or prescribing practitioner. A pharmacist or a prescribing practitioner may delegate program information access to another authorized individual or agent only if that individual or agent registers for program information access, pursuant to board rules, as an agent of the pharmacist or prescribing practitioner. Board rules shall identify the qualifications for a pharmacist's or prescribing practitioner's agent and shall limit the number of agents to whom each pharmacist or prescribing practitioner may delegate program information access.

(2) Notwithstanding subparagraph (1), a prescribing practitioner may delegate program information access to another licensed health care professional in emergency situations where the patient would be placed in greater jeopardy if the prescribing practitioner was required to access the information personally.

b. An individual who requests the individual's own program information in accordance with the procedure established in rules of the board and advisory council adopted under section 124.554.

c. Pursuant to an order, subpoena, or other means of legal compulsion for access to or release of program information that is issued based upon a determination of probable cause in the course of a specific investigation of a specific individual.

657-37.4(124) Access to database information.

All information contained in the PMP database, including prescription information submitted for inclusion in the PMP database and records of requests for PMP information, shall be privileged and strictly confidential and not subject to public or open records laws. The board, council, and PMP administrator shall maintain procedures to ensure the privacy and confidentiality of patients, prescribers, dispensers, practitioners, practitioners, agents, and patient information collected, recorded, transmitted, and maintained in the PMP database and to ensure that program information is not disclosed to persons except as provided in this rule.

...

37.4(3) Law enforcement agencies. Local, state, and federal law enforcement or prosecutorial officials engaged in the administration, investigation, or enforcement of any state or federal law relating to controlled substances shall be able to access information from the PMP database by order, subpoena, or other means of legal compulsion relating to a specific investigation of a specific individual and supported by a determination of probable cause. A law enforcement officer shall submit to the PMP administrator in a format established by the board a written request via mail, facsimile, or personal delivery. The request shall be signed by the requesting officer or the officer's superior. The request shall be accompanied by an order, subpoena, or warrant issued by a court or legal authority that requires a determination of probable cause and shall be processed by the PMP administrator. A report identifying PMP information relating to the specific individual identified by the order, subpoena, or warrant may be delivered to the law enforcement officer via mail or alternate secure delivery.

1. Providing medical or pharmaceutical treatment to a bona fide current or prospective patient; or
2. Reviewing and assessing the individual prescribing or dispensing patterns of the practitioner or pharmacist or to determine the accuracy and completeness of information contained in the monitoring system;

(f) The chief medical officer of a hospital or long-term-care facility, an employee of the hospital or long-term-care facility as designated by the chief medical officer and who is working under his or her specific direction, or a physician designee if the hospital or facility has no chief medical officer, if the officer, employee, or designee certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide current or prospective patient or resident in the hospital or facility;

(g) In addition to the purposes authorized under paragraph (a) of this subsection, the Kentucky Board of Medical Licensure, for any physician who is:

1. Associated in a partnership or other business entity with a physician who is already under investigation by the Board of Medical Licensure for improper prescribing or dispensing practices;
2. In a designated geographic area for which a trend report indicates a substantial likelihood that inappropriate prescribing or dispensing may be occurring; or
3. In a designated geographic area for which a report on another physician in that area indicates a substantial likelihood that inappropriate prescribing or dispensing may be occurring in that area;

(h) In addition to the purposes authorized under paragraph (a) of this subsection, the Kentucky Board of Nursing, for any advanced practice registered nurse who is:

1. Associated in a partnership or other business entity with a physician who is already under investigation by the Kentucky Board of Medical Licensure for improper prescribing or dispensing practices;
2. Associated in a partnership or other business entity with an advanced practice registered nurse who is already under investigation by the Board of Nursing for improper prescribing practices;
3. In a designated geographic area for which a trend report indicates a substantial likelihood that inappropriate prescribing or dispensing may be occurring; or

4. In a designated geographic area for which a report on a physician or another advanced practice registered nurse in that area indicates a substantial likelihood that inappropriate prescribing or dispensing may be occurring in that area;

(i) A judge or a probation or parole officer administering a diversion or probation program of a criminal defendant arising out of a violation of this chapter or of a criminal defendant who is documented by the court as a substance abuser who is eligible to participate in a court-ordered drug diversion or probation program; or

(j) A medical examiner engaged in a death investigation pursuant to KRS 72.026.

(8) A person who receives data or any report of the system from the cabinet shall not provide it to any other person or entity except as provided in this section, in another statute, or by order of a court of competent jurisdiction and only to a person or entity authorized to receive the data or the report under this section, except that:

(a) A person specified in subsection (6)(b) of this section who is authorized to receive data or a report may share that information with any other persons specified in subsection (6)(b) of this section authorized to receive data or a report if the persons specified in subsection (6)(b) of this section are working on a bona fide specific investigation involving a designated person. Both the person providing and the person receiving the data or report under this paragraph shall document in writing each person to whom the data or report has been given or received and the day, month, and year that the data or report has been given or received. This document shall be maintained in a file by each agency engaged in the investigation;

(b) A representative of the Department for Medicaid Services may share data or reports regarding overutilization by Medicaid recipients with a board designated in subsection (6)(a) of this section, or with a law enforcement officer designated in subsection (6)(b) of this section;

(c) The Department for Medicaid Services may submit the data as evidence in an administrative hearing held in accordance with KRS Chapter 13B;

(d) If a state licensing board as defined in KRS 218A.205 initiates formal disciplinary proceedings against a licensee, and data obtained by the board is relevant to the charges, the board may provide the data to the licensee and his or her counsel, as part of the notice process required by KRS 13B.050, and admit the data as evidence in an administrative hearing conducted pursuant to KRS Chapter 13B, with the board and licensee taking all necessary steps to prevent further disclosure of the data; and

(e) A practitioner, pharmacist, or employee who obtains data under subsection (6)(e) of this section may share the report with the patient or person authorized to act on the patient's behalf and place the report in the patient's medical record, with that individual report then being deemed a medical record subject to disclosure on the same terms and conditions as an ordinary medical record in lieu of the disclosure restrictions otherwise imposed by this section.

(9) The Cabinet for Health and Family Services, all peace officers specified in subsection (6)(b) of this section, all officers of the court, and all regulatory agencies and officers, in using the data for investigative or prosecution purposes, shall consider the nature of the prescriber's and dispenser's practice and the condition for which the patient is being treated.

J. Technical Advisory Committee Review.

(1) Before the Program discloses prescription monitoring data under COMAR 10.47.07.04C-E, G and H, the Technical Advisory Committee shall:

- (a) Review the request for disclosure; and**
- (b) Within 10 business days of submission of the request to the Technical Advisory Committee for review, submit to the Program, in written form, clinical guidance and interpretation of the prescription monitoring data requested to:**
 - (i) Assist the Secretary's decision on how to respond to a judicial subpoena, administrative subpoena, or other request; and**
 - (ii) Be made available for use by the recipient of prescription monitoring data should the request for disclosure be authorized.**

(2) If the Technical Advisory Committee has not provided clinical guidance and interpretation within 10 business days of submission of the request, the Department may:

- (a) Proceed as if the Technical Advisory Committee does not have clinical guidance or interpretation to provide regarding the request at issue; and**
- (b) Respond to the original request for disclosure.**

(3) The Department shall establish procedures, which may include but not be limited to secure electronic messaging, for the timely disclosure of prescription monitoring data to the Technical Advisory Committee and the receipt of responses from the Technical Advisory Committee to ensure that the review process is conducted with all possible expediency.

(b) a person authorized to act on behalf of an entity designated by M.G.L. c. 94C, § 24A, provided the request is in connection with a bona fide specific controlled substance or additional drug-related investigation, and further provided that such entity is:

1. a state board or regulatory agency that supervises or regulates a profession that may prescribe or dispense controlled substances;

2. a local, state or federal law enforcement agency or prosecutorial office working with the Executive Office of Public Safety engaged in the administration, investigation or enforcement of criminal law governing controlled substances;

3. the Executive Office of Health and Human Services, acting with regard to a MassHealth program recipient;

4. the United States Attorney;

5. the Office of the Attorney General; or

6. the office of a District Attorney.

(c) a duly authorized representative of a health department or other agency in another state, commonwealth, district, territory or country that maintains prescription information in a data system with privacy, security and other disclosure requirements consistent with those established in the Commonwealth, in accordance with a valid, written reciprocal data sharing agreement establishing the terms and conditions for exchange of data; and

(d) an individual or the individual's parent or legal guardian, who requests the individual's own prescription monitoring information in accordance with procedures established under M.G.L. c. 66A and other applicable statute or regulation of the Commonwealth.

(3) A request for information collected pursuant to 105 CMR 700.012 shall be in writing or, if applicable, transmitted electronically pursuant to 105 CMR 700.012(F) and shall be made in accordance with procedures established by the Commissioner or designee to ensure compliance with the requirements of 105 CMR 700.012(D) and (E).

(4) The Commissioner or designee may initiate disclosure of data on a patient or research subject collected pursuant to 105 CMR 700.012 to an individual authorized and registered to prescribe or dispense controlled substances in any or all of the Schedules II through V, and Schedule VI if applicable, pursuant to 105 CMR 700.000, provided that:

(a) The authorized individual has prescribed or dispensed such a controlled substance to the patient or research subject;

(b) The Commissioner or designee has determined that the patient or research subject is receiving a controlled substance or additional drug from more than one source and in quantities that he determines to be harmful to the health of the patient or research subject or that disclosure is otherwise necessary to prevent the unlawful diversion of a controlled substance; and

(c) Such disclosure shall not require or direct the authorized individual to take action that he or she believes to be contrary to the patient's or research subject's best interests.

(5) (a) The Department shall review the prescription monitoring information collected pursuant to 105 CMR 700.012. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the Department shall notify the appropriate law enforcement or professional licensing, certification or regulatory agency or entity and provide prescription monitoring information required for an investigation.

(b) Disclosure at the initiation of the Commissioner or designee pursuant to 105 CMR 700.012(D)(4) and (5) shall be in conformance with any protocols established by the Commissioner or designee, who may consult with the Medical Review Group. When such consultation is provided on Commissioner initiated disclosure, the Medical Review Group shall review the content and application of the protocols, make recommendations to the Commissioner for effective use of such protocols and as needed review specific instances of Commissioner initiated disclosure. If undertaking such review, the Medical Review Group may be provided upon request with such pertinent information as needed.

(6) The Commissioner or designee may provide de-identified, aggregate data to a public or private entity for statistical research or educational purposes.

(7) Data collected pursuant to 105 CMR 700.012(A) shall not be a public record and shall not be disclosed to anyone other than those persons specifically authorized under 105 CMR 700.012(D).

Subd. 6. Access to reporting system data. (a) Except as indicated in this subdivision, the data submitted to the board under subdivision 4 is private data on individuals as defined in section 13.02, subdivision 12, and not subject to public disclosure.

(b) Except as specified in subdivision 5, the following persons shall be considered permissible users and may access the data submitted under subdivision 4 in the same or similar manner, and for the same or similar purposes, as those persons who are authorized to access similar private data on individuals under federal and state law:

(1) a prescriber or an agent or employee of the prescriber to whom the prescriber has delegated the task of accessing the data, to the extent the information relates specifically to a current patient, to whom the prescriber is prescribing or considering prescribing any controlled substance and with the provision that the prescriber remains responsible for the use or misuse of data accessed by a delegated agent or employee;

(2) a dispenser or an agent or employee of the dispenser to whom the dispenser has delegated the task of accessing the data, to the extent the information relates specifically to a current patient to whom that dispenser is dispensing or considering dispensing any controlled substance and with the provision that the dispenser remains responsible for the use or misuse of data accessed by a delegated agent or employee;

(3) an individual who is the recipient of a controlled substance prescription for which data was submitted under subdivision 4, or a guardian of the individual, parent or guardian of a minor, or health care agent of the individual acting under a health care directive under chapter 145C;

(4) personnel of the board specifically assigned to conduct a bona fide investigation of a specific licensee;

(5) personnel of the board engaged in the collection of controlled substance prescription information as part of the assigned duties and responsibilities under this section;

(6) authorized personnel of a vendor under contract with the board who are engaged in the design, implementation, operation, and maintenance of the electronic reporting system as part of the assigned duties and responsibilities of their employment, provided that access to data is limited to the minimum amount necessary to carry out such duties and responsibilities;

(7) federal, state, and local law enforcement authorities acting pursuant to a valid search warrant;

(8) personnel of the medical assistance program assigned to use the data collected under this section to identify recipients whose usage of controlled substances may warrant restriction to a single primary care physician, a single outpatient pharmacy, or a single hospital; and

(9) personnel of the Department of Human Services assigned to access the data pursuant to paragraph (h).

For purposes of clause (3), access by an individual includes persons in the definition of an individual under section 13.02.

(c) Any permissible user identified in paragraph (b), who directly accesses the data electronically, shall implement and maintain a comprehensive information security program that contains administrative, technical, and physical safeguards that are appropriate to the user's size and complexity, and the sensitivity of the personal information obtained. The permissible user shall identify reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of personal information that could result in the unauthorized disclosure, misuse, or other compromise of the information and assess the sufficiency of any safeguards in place to control the risks.

(d) The board shall not release data submitted under this section unless it is provided with evidence, satisfactory to the board, that the person requesting the information is entitled to receive the data.

(e) The board shall not release the name of a prescriber without the written consent of the prescriber or a valid search warrant or court order. The board shall provide a mechanism for a prescriber to submit to the board a signed consent authorizing the release of the prescriber's name when data containing the prescriber's name is requested.

Title 41. Public Health
Chapter 29. Poisons, Drugs and Other Controlled Substances
Article 3. Uniform Controlled Substances Law

§ 41-29-187. Production of records and documents

(1) Attorneys for the Mississippi Bureau of Narcotics, by and through the Director of the Mississippi Bureau of Narcotics, are authorized to seek judicial subpoenas to require any person, firm or corporation in the State of Mississippi to produce for inspection and copying business records and other documents which are relevant to the investigation of any felony violation of the Uniform Controlled Substances Law of the State of Mississippi. The production of the designated documents shall be at the location of the named person's, firm's or corporation's principal place of business, residence or other place at which the person, firm or corporation agrees to produce the documents. The cost of reproducing the documents shall be borne by the bureau at prevailing rates. At the conclusion of the investigation and any related judicial proceedings, the person, firm or corporation from whom the records or documents were subpoenaed shall, upon written request, be entitled to the return or destruction of all copies remaining in the possession of the bureau.

(2) The bureau is authorized to make an ex parte and in camera application to the county or circuit court of the county in which such person, firm or corporation resides or has his principal place of business, or if the person, firm or corporation is absent or a nonresident of the State of Mississippi, to the county or circuit court of Hinds County. On application of the county or circuit court, a subpoena duces tecum shall be issued only upon a showing of probable cause that the documents sought are relevant to the investigation of a felony violation of the Uniform Controlled Substances Law or may reasonably lead to the discovery of such relevant evidence. Nothing contained in this section shall affect the right of a person to assert a claim that the information sought is privileged by law. Such application to the court shall be in writing and accompanied by a sworn affidavit from an agent of the Bureau of Narcotics which sets forth facts which the court shall consider in determining that probable cause exists.

(3) Any person, firm or corporation complying in good faith with a judicial subpoena issued pursuant to this section shall not be liable to any other person, firm or corporation for damages caused in whole or in part by such compliance.

(4) Documents in the possession of the Mississippi Bureau of Narcotics gathered pursuant to the provisions of this section and subpoenas issued by the court shall be maintained in confidential files with access limited to prosecutorial and other law enforcement investigative personnel on a "need to know" basis and shall be exempt from the provisions of the Mississippi Public Records Act of 1983, except that upon the filing of an indictment or information, or upon the filing of an action for forfeiture or recovery of property, funds or fines, such documents shall be subject to such disclosure as may be required pursuant to the applicable statutes or court rules governing the trial of any such judicial proceeding.

(5) The circuit or county judge shall seal each application and affidavit filed and each subpoena issued after service of said subpoena. The application, affidavit and subpoena may not be disclosed except in the course of a judicial proceeding. Any unauthorized disclosure of a sealed subpoena, application or affidavit shall be punishable as contempt of court.

(6) No person, including the Director of the Mississippi Bureau of Narcotics, an agent or member of his staff, prosecuting attorney, law enforcement officer, witness, court reporter, attorney or other person, shall disclose to an unauthorized person documents gathered by the bureau pursuant to the provisions of this section, nor investigative demands and subpoenas issued and served, except that upon the filing of an indictment or information, or upon the filing of an action for forfeiture or recovery of property, funds or fines, or in other legal proceedings, the documents shall be subject to such disclosure as may be required pursuant to applicable statutes and court rules governing the trial of any such judicial proceeding. In the event of an unauthorized disclosure of any such documents gathered by the Mississippi Bureau of Narcotics pursuant to the provisions of this section, the person making any such unauthorized disclosure shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00), or imprisonment of not more than six (6) months, or by both such fine and imprisonment.

(7) No person, agent or employee upon whom a subpoena is served pursuant to this section shall disclose the existence of said subpoena or the existence of the investigation to any person unless such disclosure is necessary for compliance with the subpoena. Any person who willfully violates this subsection shall be guilty of a misdemeanor and may be confined in the county jail, for a period not to exceed one (1) year, or fined not more than Ten Thousand Dollars (\$10,000.00), or both.

§ 37-7-1506. Providing prescription drug registry information

(1) Registry information is health care information as defined in 50-16-504 and is confidential. Except as provided in 37-7-1504, the board is authorized to provide data from the registry, upon request, only to the following:

(a) a person authorized to prescribe or dispense prescription drugs if the person certifies that the information is needed to provide medical or pharmaceutical treatment to a patient who is the subject of the request and who is under the person's care or has been referred to the person for care;

(b) a prescriber who requests information relating to the prescriber's own prescribing information if the prescriber certifies that the requested information is for a purpose in accordance with board rule;

(c) an individual requesting the individual's registry information if the individual provides evidence satisfactory to the board that the individual requesting the information is the person about whom the data entry was made;

(d) a designated representative of a government agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense drugs, in order to conduct investigations related to a health care professional who is the subject of an active investigation for drug misuse or diversion;

(e) a county coroner or a peace officer employed by a federal, state, tribal, or local law enforcement agency if the county coroner or peace officer has obtained an investigative subpoena;

(f) an authorized individual under the direction of the department of public health and human services for the purpose of reviewing and enforcing that department's responsibilities under the public health, medicare, or medicaid laws; or

(g) a prescription drug registry in another state if the data is subject to limitations and restrictions similar to those provided in 37-7-1502 through 37-7-1513.

- (2) The board shall maintain a record of each individual or entity that requests information from the registry and whether the request was granted pursuant to this section.
- (3) The board may release information in summary, statistical, or aggregate form for educational, research, or public information purposes. The information may not identify a person or entity.
- (4) Information collected by or obtained from the registry may not be used:
 - (a) for commercial purposes; or
 - (b) as evidence in any civil or administrative action, except in an investigation and disciplinary proceeding by the department or the agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense prescription drugs.
- (5) Information obtained from the registry in accordance with the requirements of this section may be used in the course of a criminal investigation and subsequent criminal proceedings.
- (6) The board shall adopt rules to ensure that only authorized individuals have access to the registry and only to appropriate information from the registry. The rules must be consistent with:
 - (a) the privacy provisions of the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 1320d, et seq.;
 - (b) administrative rules adopted in connection with that act;
 - (c) Article II, section 10, of the Montana constitution; and
 - (d) the privacy provisions of Title 50, chapter 16.
- (7) The procedures established by the board under this section may not impede patient access to prescription drugs for legitimate medical purposes.

Board and Division required to develop computerized program to track prescriptions for controlled substances and course of training for persons who access program; Board required to provide certain practitioners Internet access to database of program; reporting of illegal activity; agreements with state agency to receive or exchange information obtained by program; confidentiality of information obtained from program; immunity from liability for practitioner who transmits certain required information and reports; gifts, grants and donations

...

4. The Board or the Division shall report any activity it reasonably suspects may be fraudulent or illegal to the appropriate law enforcement agency or occupational licensing board and provide the law enforcement agency or occupational licensing board with the relevant information obtained from the program for further investigation.

5. The Board and the Division may cooperatively enter into a written agreement with an agency of any other state to provide, receive or exchange information obtained by the program with a program established in that state which is substantially similar to the program established pursuant to subsection 1, including, without limitation, providing such state access to the database of the program or transmitting information to and receiving information from such state. Any information provided, received or exchanged as part of an agreement made pursuant to this section may only be used in accordance with the provisions of this chapter.

6. Information obtained from the program relating to a practitioner or a patient is confidential and, except as otherwise provided by this section and NRS 239.0115, must not be disclosed to any person. That information must be disclosed:

(a) Upon the request of a person about whom the information requested concerns or upon the request on behalf of that person by his or her attorney; or

(b) Upon the lawful order of a court of competent jurisdiction.

General Provisions

§ 453.151. Cooperative arrangements; confidentiality of information

1. The Board and the Division shall cooperate with federal and other state agencies in discharging their responsibilities concerning traffic in controlled substances and in suppressing the abuse of controlled substances. To this end, the Board and Division may:

(a) Arrange for the exchange of information among governmental officials concerning the use and abuse of controlled substances;

(b) Coordinate and cooperate in training programs concerning controlled substance law enforcement at local and state levels;

(c) Cooperate with the Drug Enforcement Administration by establishing a centralized unit to accept, catalog, file and collect statistics, including records of drug-dependent persons and other controlled substance law offenders within the State, and make the information available for federal, state and local law enforcement purposes. The Board and the Division shall not furnish the name or identity of a patient or research subject whose identity could not be obtained pursuant to NRS 453.157; and

(d) Conduct programs of eradication aimed at destroying the wild growth or illicit propagation of plant species from which controlled substances may be extracted.

2. Results, information and evidence received from the Drug Enforcement Administration relating to the regulatory functions of the provisions of NRS 453.011 to 453.552, inclusive, including results of inspections conducted by it, may be relied and acted upon by the Board in the exercise of its regulatory functions pursuant to NRS 453.011 to 453.552, inclusive.

§ 318-B:35

Revised Statutes Annotated of the State of New Hampshire (2014)
Title XXX. Occupations and Professions (Ch. 309 to 332-J)
Chapter 318-B. Controlled Drug Act

§ 318-B:35 Providing Controlled Drug Prescription Health and Safety Information.

I. The program may provide information in the prescription health and safety program upon request only to the following persons:

(a) By electronic or written request to prescriber and dispensers within the state who are registered with the program:

- (1) For the purpose of providing medical or pharmaceutical care to a specific patient; or
- (2) For reviewing information regarding prescriptions issued or dispensed by the requester.

(b) By written request, to:

- (1) A patient who requests his or her own prescription monitoring information.
- (2) The board of dentistry, the board of medicine, the board of nursing, the board of registration in optometry, the board of podiatry, the board of veterinary medicine, and the pharmacy board; provided, however, that the request is pursuant to the boards' official duties and responsibilities and the disclosures to each board relate only to its licensees and only with respect to those licensees whose prescribing or dispensing activities indicate possible fraudulent conduct.

(3) Authorized law enforcement officials on a case-by-case basis for the purpose of investigation and prosecution of a criminal offense when presented with a court order based on probable cause. No law enforcement agency or official shall have direct access to the program.

(4) A controlled drug prescription health and safety program from another state on a case-by-case basis, if an agreement is in place with the other state to ensure that the information is used and disseminated pursuant to the requirements of this state.

II. The program shall notify the appropriate regulatory board listed in subparagraph I(b)(2) and the prescriber or dispenser at such regular intervals as may be established by the board if there is reasonable cause to believe a violation of law or breach of professional standards may have occurred. The program shall provide prescription information required or necessary for an investigation.

(c) The Department shall release data in the controlled substances reporting system to the following persons only:

(1) Persons authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for their patients. A person authorized to receive data pursuant to this paragraph may delegate the authority to receive the data to other persons working under his or her direction and supervision, provided the Department approves the delegation.

(2) An individual who requests the individual's own controlled substances reporting system information.

(3) Special agents of the North Carolina State Bureau of Investigation who are assigned to the Diversion & Environmental Crimes Unit and whose primary duties involve the investigation of diversion and illegal use of prescription medication. SBI agents assigned to the Diversion & Environmental Crimes Unit may then provide this information to other SBI agents who are engaged in a bona fide specific investigation related to enforcement of laws governing licit drugs. The SBI shall notify the Office of the Attorney General of North Carolina of each request for inspection of records maintained by the Department.

(4) Primary monitoring authorities for other states pursuant to a specific ongoing investigation involving a designated person, if information concerns the dispensing of a Schedule II through V controlled substance to an ultimate user who resides in the other state or the dispensing of a Schedule II through V controlled substance prescribed by a licensed health care practitioner whose principal place of business is located in the other state.

(5) To a sheriff or designated deputy sheriff or a police chief or a designated police investigator who is assigned to investigate the diversion and illegal use of prescription medication or pharmaceutical products identified in Article 5 of this Chapter of the General Statutes as Schedule II through V controlled substances and who is engaged in a bona fide specific investigation related to the enforcement of laws governing licit drugs pursuant to a lawful court order specifically issued for that purpose.

Miscellaneous Provisions

§ 4729.80 Disclosure of database information; disclosure of requests for database information

(A) If the state board of pharmacy establishes and maintains a drug database pursuant to section 4729.75 of the Revised Code, the board is authorized or required to provide information from the database in accordance with the following:

(1) On receipt of a request from a designated representative of a government entity responsible for the licensure, regulation, or discipline of health care professionals with authority to prescribe, administer, or dispense drugs, the board may provide to the representative information from the database relating to the professional who is the subject of an active investigation being conducted by the government entity.

(2) On receipt of a request from a federal officer, or a state or local officer of this or any other state, whose duties include enforcing laws relating to drugs, the board shall provide to the officer information from the database relating to the person who is the subject of an active investigation of a drug abuse offense, as defined in section 2925.01 of the Revised Code, being conducted by the officer's employing government entity.

(3) Pursuant to a subpoena issued by a grand jury, the board shall provide to the grand jury information from the database relating to the person who is the subject of an investigation being conducted by the grand jury.

(4) Pursuant to a subpoena, search warrant, or court order in connection with the investigation or prosecution of a possible or alleged criminal offense, the board shall provide information from the database as necessary to comply with the subpoena, search warrant, or court order.

(5) On receipt of a request from a prescriber or the prescriber's delegate approved by the board, the board may provide to the prescriber information from the database relating to a patient who is either of the following, if the prescriber certifies in a form specified by the board that it is for the purpose of providing medical treatment to the patient who is the subject of the request:

(a) A current patient of the prescriber;

Chapter 431. State and Local Administration and Enforcement of Health Laws
Prescription Monitoring Program
(Program)

§ 431.966. Prescription monitoring information disclosure; limitations

<Text subject to final change by the Oregon Office of the Legislative Counsel.>

...

(2)(a) To the extent that the law or regulation is applicable to the prescription monitoring program, if a disclosure of prescription monitoring information, other than the sex of a patient for whom a drug was prescribed, complies with the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) and regulations adopted under it, including 45 C.F.R. parts 160 and 164, federal alcohol and drug treatment confidentiality laws and regulations adopted under those laws, including 42 C.F.R. part 2, and state health and mental health confidentiality laws, including ORS 179.505, 192.517 and 192.553 to 192.581, the Oregon Health Authority shall disclose the information:

(A) To a practitioner or pharmacist, or, if a practitioner or pharmacist authorizes the authority to disclose the information to a member of the practitioner's or pharmacist's staff, to a member of the practitioner's or pharmacist's staff. If a practitioner or pharmacist authorizes disclosing the information to a member of the practitioner's or pharmacist's staff under this subparagraph, the practitioner or pharmacist remains responsible for the use or misuse of the information by the staff member. To receive information under this subparagraph, or to authorize the receipt of information by a staff member under this subparagraph, a practitioner or pharmacist must certify that the requested information is for the purpose of evaluating the need for or providing medical or pharmaceutical treatment for a patient to whom the practitioner or pharmacist anticipates providing, is providing or has provided care.

(B) To a practitioner in a form that catalogs all prescription drugs prescribed by the practitioner according to the number assigned to the practitioner by the Drug Enforcement Administration of the United States Department of Justice.

(C) To designated representatives of the authority or any vendor or contractor with whom the authority has contracted to establish or maintain the electronic system of the prescription monitoring program.

(D) Pursuant to a valid court order based on probable cause and issued at the request of a federal, state or local law enforcement agency engaged in an authorized drug-related investigation involving a person to whom the requested information pertains.

(E) To a health professional regulatory board that certifies in writing that the requested information is necessary for an investigation related to licensure, renewal or disciplinary action involving the applicant, licensee or registrant to whom the requested information pertains.

(F) To a prescription monitoring program of another state if the confidentiality, security and privacy standards of the requesting state are determined by the authority to be equivalent to those of the authority.

(G) To the State Medical Examiner or designee of the State Medical Examiner, for the purpose of conducting a medicolegal investigation or autopsy.

(b) The authority may disclose information from the prescription monitoring program that does not identify a patient, practitioner or drug outlet:

(A) For educational, research or public health purposes;

(B) To a local public health authority, as defined in ORS 431.260; or

(C) To officials of the authority who are conducting special epidemiologic morbidity and mortality studies in accordance with ORS 432.060 and rules adopted under ORS 431.110.

Purdon's Pennsylvania Statutes and Consolidated Statutes (2014)
Title 18 Pa.C.S.A. Crimes and Offenses
Part III. Miscellaneous Provisions
Chapter 91. Criminal History Record Information
Subchapter A. General Provisions

§ 9102. Definitions

The following words and phrases when used in this chapter shall have the meanings given to them in this section unless the context clearly indicates otherwise:

...

“Criminal history record information.” Information collected by criminal justice agencies concerning individuals, and arising from the initiation of a criminal proceeding, consisting of identifiable descriptions, dates and notations of arrests, indictments, informations or other formal criminal charges and any dispositions arising therefrom. The term does not include intelligence information, investigative information or treatment information, including medical and psychological information, or information and records specified in section 9104 (relating to scope).

“Criminal justice agency.” Any court, including the minor judiciary, with criminal jurisdiction or any other governmental agency, or subunit thereof, created by statute or by the State or Federal constitutions, specifically authorized to perform as its principal function the administration of criminal justice, and which allocates a substantial portion of its annual budget to such function. Criminal justice agencies include, but are not limited to: organized State and municipal police departments, local detention facilities, county, regional and State correctional facilities, probation agencies, district or prosecuting attorneys, parole boards, pardon boards, the facilities and administrative offices of the Department of Public Welfare that provide care, guidance and control to adjudicated delinquents, and such agencies or subunits thereof, as are declared by the Attorney General to be criminal justice agencies as determined by a review of applicable statutes and the State and Federal Constitutions or both.

§ 780-137. Cooperative agreements and confidentiality

(a) The secretary shall cooperate with Federal and other State agencies in discharging his responsibilities concerning traffic in controlled substances, other drugs, devices and cosmetics and in suppressing the abuse of such substances and articles. To this end, he may:

(1) Arrange for the exchange of information among governmental officials concerning the use and abuse of such substances and articles;

(2) Coordinate and cooperate in training programs concerning law enforcement at local and State levels;

(3) Request the Federal Bureau of Narcotics and Dangerous Drugs to establish a centralized unit to collect, accept, catalogue and file nonconfidential statistics and make the information available for Federal, State and local law enforcement purposes; and

(4) Conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which drugs may be extracted.

(b) Results, information, and evidence received from the bureau relating to the regulatory functions of this act, including results of inspections conducted by it may be relied and acted upon by the secretary in the exercise of his regulatory functions under this act.

(c) A practitioner engaged in medical practice or clinical research is not required nor may he be compelled to furnish the name or identity of a patient or research subject to the secretary, nor may he be compelled in any State or local civil, criminal, administrative, legislative or other proceedings to furnish the name or identity of such an individual.

(d) This section shall not exempt the practitioner from regulations of the secretary pertaining to the prescription of controlled substances to a patient over an extended period or in an increasingly large dosage.

<Text of section effective until July 1, 2016>

(a) Information sent to, contained in, and reported from the database in any format is confidential and not subject to title 10, chapter 7, regarding public records, and not subject to subpoena from any court and shall be made available only as provided for in § 53-10-308 and to the following persons in accordance with the limitations stated and rules promulgated pursuant to this part, or as otherwise provided for in § 53-10-311:

- (1) Personnel of the committee specifically assigned to conduct analysis or research;
- (2) Authorized committee, board, or department of health personnel or any designee appointed by the committee engaged in analysis of controlled substances prescription information as a part of the assigned duties and responsibilities of their employment;
- (3) A prescriber conducting medication history reviews who is actively involved in the care of the patient; a prescriber or supervising physician of the prescriber conducting a review of all medications dispensed by prescription attributed to that prescriber; or a prescriber having authority to prescribe or dispense controlled substances, to the extent the information relates specifically to a current or bona fide prospective patient of the prescriber, to whom the prescriber has prescribed or dispensed, is prescribing or dispensing, or considering prescribing or dispensing any controlled substance. Each authorized individual referenced under this subdivision (a)(3) shall have a separate identifiable authentication for access;
- (4) A dispenser or pharmacist not authorized to dispense controlled substances conducting drug utilization or medication history reviews who is actively involved in the care of the patient; or a dispenser having authority to dispense controlled substances to the extent the information relates specifically to a current or a bona fide prospective patient to whom that dispenser has dispensed, is dispensing, or considering dispensing any controlled substance. Each authorized individual

referenced under this subdivision (a)(4) shall have a separate identifiable authentication for access;

(5) A county medical examiner appointed pursuant to § 38-7-104 when acting in an official capacity as established in § 38-7-109; provided, any access to information from the database shall be subject to the confidentiality provisions of this part except where information obtained from the database is appropriately included in any official report of the county medical examiners, toxicological reports or autopsy reports issued by the county medical examiner under § 38-7-110(c);

(6) Personnel of the following entities actively engaged in analysis of controlled substances prescription information as a part of their assigned duties and responsibilities related directly to TennCare:

(A) The office of inspector general;

(B) The medicaid fraud control unit; and

(C) The bureau of TennCare's chief medical officer, associate chief medical directors, director of quality oversight, and associate director of pharmacy;

(7) A quality improvement committee as defined in § 68-11-272 of a hospital licensed under title 68 or title 33, as part of the committee's confidential and privileged activities under § 68-11-272(b)(4) with respect to the evaluation, supervision or discipline of a healthcare provider employed by the hospital or any of its affiliates or subsidiaries, who is known or suspected by the hospital's administrator to be prescribing controlled substances for the prescriber's personal use;

(8) Law enforcement personnel; provided, that such personnel are engaged in the official investigation and enforcement of state or federal laws involving controlled substances or violations under this part; and that any law enforcement personnel receiving information from the database pursuant to this section shall comply with the requirements of this subsection (a):

(A)(i) Any law enforcement agency or judicial district drug task force that wants one (1) or more of its officers or agents to have the authorization to request information from the database shall first pre-approve each such officer. Pre-approval shall be by the applicant's supervisor, who shall be either the chief of police, county sheriff or the judicial district drug task force director. The list of pre-approved applicants shall be sent to the district attorney general in the judicial district in which the agency or task force has jurisdiction;

(ii) By December 1 of each year, each district attorney general shall send to the board of pharmacy a list of applicants authorized to request information from the database from that general's judicial district for the next calendar year;

(B)(i) If the Tennessee bureau of investigation (TBI) wants one (1) or more of its agents to have the authorization to request information from the database each such agent shall first be pre-approved by the agent's immediate supervisor and division head. Approved applicants shall be sent to the board by the director;

(ii) By December 1 of each year, the TBI director shall send to the board of pharmacy a list of applicants authorized to request information from the database from the bureau for the next calendar year;

(C) An application submitted by law enforcement personnel shall include, but not be limited to the:

(i) Applicant's name; title; agency; agency address; agency contact number; agency supervisor; and badge number, identification number or commission number, and the business email address of each applicant officer or agent, the appropriate district attorney general and, if a TBI agent, the TBI director and their business email addresses; and

(ii) Signatures of the applicant, the applicants approving supervisor and the district attorney general of the judicial district in which the applicant has jurisdiction or the approving division head and the TBI director;

(D) It shall be a duty of the board, as part of its duties to maintain the database pursuant to § 53-10-305(c), to receive and verify the lists of authorized applications sent to it by the district attorneys general and the director of the TBI pursuant to this subsection (a); or

(9) A healthcare practitioner extender, who is acting under the direction and supervision of a prescriber or dispenser, and only to the extent the information relates specifically to a current or bona fide prospective patient to whom the prescriber or dispenser has prescribed or dispensed, is prescribing or dispensing, or considering prescribing or dispensing any controlled substance. Each authorized individual referenced under this subdivision (a)(9) shall have a separate identifiable authentication for access.

(b) When requesting information from the database, the board shall require law enforcement personnel to provide a case number as part of the process for requesting information from the database. The case number entered shall correspond with an official investigation involving controlled substances and information requested should directly relate to the investigation.

(c) The board of pharmacy shall by rule, establish a fee for providing information to a law enforcement agency, judicial district drug task force or TBI pursuant to this section. In determining the fee and type of fee to be charged, the board shall consider options such as an annual fee or a per use, incremental cost basis fee.

(d)(1) Law enforcement personnel and judicial district drug task force agents who are authorized to request information from the database shall resubmit their identifying application information that was submitted pursuant to subdivision (a)(8)(C) to the appropriate district attorney by November 20 of each year. Such resubmitted applications shall be sent by the appropriate district attorney general to the board by December 1 of each year. If during the calendar year a name is added to the list, removed from the list or information about a person on the list changes, the appropriate district attorney shall immediately notify the board of any changes to the list submitted or in the information submitted for each officer or agent on the list application.

(2) TBI agents who are authorized to request information from the database shall resubmit their identifying application information that was submitted pursuant to subdivision (a)(8)(C) to the TBI director by November 20 of each year. Such resubmitted applications shall be sent by the TBI director to the board by December 1 of each year. If during the calendar year a name is added to the list, removed from the list or information about a person on the list changes, the TBI director shall immediately notify the board of any changes to the list submitted or in the information submitted for each officer or agent on the list application.

(e)(1) Information obtained from the database may be shared with other law enforcement personnel or prosecutorial officials, only upon the direction of the officer or agent who originally requested the information and may only be shared with law enforcement personnel from other law enforcement agencies who are directly participating in an official joint investigation.

(2) Any information obtained from the data base that is sent to a law enforcement official or a judicial district drug task force agent shall also be sent to the district attorney general of the judicial district in which such officer or agent has jurisdiction. Likewise, any database information sent to a TBI agent shall also be sent to the TBI director.

(f) To ensure the privacy and confidentiality of patient records, information obtained from the database by law enforcement personnel shall be retained by the law enforcement personnel's respective department or agency. The information obtained from the database shall not be made a public record, notwithstanding the use of the information in court for prosecution purposes. Information obtained from the database shall be maintained as evidence in accordance with each law enforcement agency's respective procedures relating to the maintenance of evidence.

(g) Any information disseminated pursuant to subdivisions (a)(1)-(7) shall be released to the individual or entity requesting the information by the database manager or by password protected internet access.

(h) Any prescriber, dispenser or healthcare practitioner extender receiving patient-specific information pursuant to subdivision (a)(1), (a)(2), (a)(3), or (a)(4) shall not disclose the information to any person other than:

(1) The patient to whom the information relates for the purpose of adjusting the patient's treatment plans or counseling the patient to seek substance abuse treatment;

(2) Other dispensers or prescribers who are involved or have a bona fide prospective involvement in the treatment of the patient, or dispensers or prescribers identified by the information for the purpose of verifying the accuracy of the information; or

(3) Any law enforcement personnel to whom reporting of controlled substances being obtained in a manner prohibited by § 53-11-401, § 53-11-402(a)(3) or (a)(6) and required by § 53-11-309, or any agent of the prescriber who is directed by the prescriber to cause a report to law enforcement to be made in accordance with § 53-11-309(a) and (d).

(i) If a law enforcement officer, judicial district drug task force agent or TBI agent has probable cause to believe, based upon information received from a database request, that a prescriber or pharmacist may be acting or may have acted in violation of the law, the officer or agent shall consult with the board of pharmacy inspector's office if a pharmacist and the health related boards' investigations unit if a prescriber.

(j)(1) At least every six (6) months, the board shall send a list to each district attorney general containing all requests made for database information during the previous six (6) months. The list shall include the name of the requesting officer or agent, the officer or agent's agency, the date of the request, and the nature of the request, including the case number, for each officer or agent making a request in such district attorney's judicial district. Likewise, a list shall be sent to the director of the TBI for all TBI agents making requests during the previous six (6) months.

(2) Each district attorney general and the TBI director shall use the list to perform an audit to determine if the database information requests made during the preceding six (6) month period correspond to specific cases under investigation in the applicable judicial district or by the bureau and if the information requested is relevant and pertinent to an investigation.

(3) Each district attorney general and the TBI director shall verify all database information requests contained on the list received and send it back to the board within sixty (60) days of receipt. If a database information request does not correspond to an investigation in the applicable jurisdiction or if the information requested was not relevant or pertinent to the information requested, the district attorney general or director shall so note on the verified list and shall investigate the discrepancy and make a report back to the board within a reasonable period of time.

(4) The results of the audit conducted pursuant to subdivision (j)(2) shall be discoverable by a prescriber, dispenser or healthcare practitioner extender charged with violating any state or federal law involving controlled substances or under a notice of charges proffered by an appropriate licensing board for a violation of any law involving controlled substances, but only the results pertaining to that prescriber, dispenser or healthcare practitioner extender are discoverable. If, however, there is an active criminal investigation involving a prescriber, dispenser or healthcare practitioner extender or the prescriber, dispenser or healthcare practitioner extender is under investigation by any investigations or prosecution unit of the appropriate licensure board, the results of the audit conducted pursuant to subdivision (j)(2) shall not be discoverable by the prescriber, dispenser or healthcare practitioner extender during either such period.

Title 53. Food, Drugs and Cosmetics
Chapter 11. Narcotic Drugs and Drug Control
Part 3. Regulations and Registration

§ 53-11-309. Controlled substances; attempt to obtain; report; immunity for health care providers

<Text of section effective until July 1, 2016>

(a) Any physician, dentist, optometrist, podiatrist, veterinarian, pharmacist, advanced practice nurse with a certificate of fitness issued under title 63, chapter 7, or physician assistant, hereinafter referred to collectively as “health care providers”, who has actual knowledge that a person has knowingly, willfully and with intent to deceive, obtained or attempted to obtain controlled substances in the manner prohibited by § 53-11-402(a)(6) shall cause a report to be submitted regarding such activity within five (5) business days of obtaining such knowledge. The report should be submitted to the local law enforcement agency where the health care provider is located or, where one exists, to a judicial district or multi-judicial district drug task force. The controlled substance database advisory committee established by § 53-10-303 shall develop a form by no later than August 1, 2010, that health care providers may choose to use to make reports. The department of health shall make the form available on its web site.

(b) Any physician or advanced practice nurse with a certificate of fitness issued under title 63, chapter 7, or physician assistant who has actual knowledge that a person has knowingly, willfully and with the intent to deceive, obtained or attempted to obtain controlled substances in the manner prohibited by § 53-11-402(a)(6) and who is providing treatment to a person with a mental illness as defined in § 33-1-101 may, but is not required to, report as provided for under subsection (a).

(c) If the health care provider's actual knowledge of conduct prohibited by § 53-11-402(a)(6) is a result of the health care provider accessing the information available in the controlled substance database established in § 53-10-304, then notwithstanding the confidentiality provisions in § 53-10-306, the local law enforcement agency or, where one exists, a judicial district or multi-judicial district drug task force may receive from the health care provider only the pertinent information from the database for the thirty (30) days prior to the date of treatment leading to the alleged offense which ostensibly demonstrates non-compliance with § 53-11-402(a)(6). A report with information from the database not exceeding thirty (30) days prior to the date of treatment made under this provision to local law enforcement or, where one exists, to a judicial district or multi-judicial district drug task force is sufficient grounds for the production of complete or more detailed controlled substance database information for purposes of a criminal investigation or pending prosecution pursuant to the procedures established by § 53-10-306(b).

(d) A health care provider, or any person under the direction of the health care provider or any entity that assumes the responsibility of reporting for the provider who furnishes any information in good faith is immune from liability if a complaint, report, information, or record is furnished to a law enforcement agency.

(e) This section shall not apply in the case of a person who, on the date of treatment by the health care provider, is enrolled in or covered by TennCare.

Chapter 1140-11. Controlled Substance Monitoring Database

1140-11-.02 ACCESS TO DATABASE.

...

(3) Law enforcement personnel engaged in an official investigation and enforcement of state or federal laws involving controlled substances or violations of T.C.A., Title 53, Chapter 10, part 3 may access information contained in the database pursuant to this chapter.

(4) Law enforcement agencies and personnel seeking or receiving information from the database pursuant to this section shall comply with the following requirements:

(a) Any law enforcement agency or judicial district drug task force that requires one (1) or more of its officers or agents to have the authorization to request information from the database shall first pre-approve each such officer. Pre-approval shall be by the applicant's supervisor, who shall be either the chief of police, county sheriff, or the judicial district drug task force district attorney general in the judicial district in which the agency or task force has jurisdiction. By December 1 of each year, each district attorney general shall send to the board of pharmacy a list of applicants authorized to request information from the database from that general's judicial district for the next calendar year.

This document is intended for educational purposes only and does not constitute legal advice or opinion. Headquarters Office: THE NATIONAL ALLIANCE FOR MODEL STATE DRUG LAWS. 215 Lincoln Ave. Suite 201, Santa Fe, NM 87501.

(b) If the Tennessee Bureau of Investigation (TBI) requires one (1) or more of its agents to have the authorization to request information from the database, each such agent shall first be pre-approved by the agent's immediate supervisor and division head. Approved applicants shall be sent to the board of pharmacy by the TBI director. By December 1 of each year, the TBI director shall send to the board of pharmacy a list of applicants authorized to request information from the database from the bureau for the next calendar year.

(c) An application submitted by law enforcement personnel shall include at least the following:

1. Applicant's name; title; agency; agency address; agency contact number; agency supervisor; and badge number, identification number or commission number, and the business email address of each applicant officer or agent, the appropriate district attorney general and, if a TBI agent, the TBI director and their email addresses; and

2. Signatures of the applicant, the applicant's approving supervisor and the district attorney general of the judicial district in which the applicant has jurisdiction or the approving TBI division head and the TBI director.

(d) When requesting information from the database, law enforcement personnel must provide a case number corresponding with an official investigation involving controlled substances.

(e) Law enforcement personnel, including judicial district drug task force agents and TBI agents, who are authorized to request information from the database, shall resubmit their identifying application information that was submitted pursuant to subparagraph (4)(c) to the appropriate district attorney general or to the TBI director, by November 20 of each year. Such resubmitted applications shall be sent by the appropriate district attorney general or the TBI director to the board of pharmacy by December 1 each year. If during the calendar year, a name is added to the list, removed from the list, or information about a person on the list changes, the appropriate district attorney general or TBI director shall immediately notify the board of pharmacy of any changes to the list submitted or in the information submitted for each officer or agent on the list application.

(5) Information obtained from the database may be shared with other law enforcement personnel or prosecutorial officials, only upon the direction of the officer or agent who originally requested the information, and may only be shared with law enforcement personnel from other law enforcement agencies who are directly participating in an official joint investigation.

(6) Any information obtained from the database that is sent to a law enforcement official or judicial district drug task force agent shall also be sent to the district attorney general of

the judicial district in which such officer or agent has jurisdiction. Likewise, any database information sent to a TBI agent shall also be sent to the TBI director.

(7) Information obtained from the database by law enforcement personnel shall be retained by the law enforcement personnel's respective department or agency. The information obtained from the database shall not be made a public record, notwithstanding the use of the information in court for prosecution purposes. Information obtained from the database shall be maintained as evidence in accordance with each law enforcement agency's respective procedures relating to the maintenance of evidence.

(8) If a law enforcement officer, judicial district drug task force agent, or TBI agent has probable cause to believe, based upon information received from a database request, that a prescriber or pharmacist may be acting or may have acted in violation of the law, the officer or agent shall consult with the board of pharmacy inspector's office if a pharmacist is believed to have acted or is acting unlawfully or to the health related boards' investigations unit if a prescriber is believed to have acted or is acting unlawfully.

(9) At least every six (6) months, the board of pharmacy shall send a list to each district attorney general containing all requests made for database information during the previous six (6) months. The list shall include the name of the requesting officer or agent, the officer or agent's agency, the date of the request, and the nature of the request, including the case number, for each officer or agent making a request in such district attorney's judicial district. Likewise, a list shall be sent to the TBI director for all TBI agents making requests during the previous six (6) months.

(a) Each district attorney general and the TBI director shall use the list to verify database requests made during the preceding six (6) month period, and conduct an audit in accordance with T.C.A. § 53-10-306(j)(2). Verification of all database requests on the list received by each district attorney general and the TBI director must be sent back to the board of pharmacy within sixty (60) days of receipt. Where database information requests do not correspond to an investigation in the applicable jurisdiction or if the information requested was not relevant or pertinent to such an investigation, the district attorney general or TBI director shall so note on the verified list and shall investigate and make a report to the board of pharmacy within sixty (60) days.

(b) The results of the audit shall be discoverable by a prescriber, dispenser, or healthcare practitioner extender charged with violating any state or federal law involving controlled substances or under a notice of charges proffered by an appropriate licensing board for a violation of any law involving controlled substances, but only the results pertaining to that prescriber, dispenser, or healthcare practitioner extender are discoverable. If, however, there is an active criminal investigation involving a prescriber, dispenser, or healthcare practitioner extender, or the prescriber, dispenser, or healthcare practitioner extender is under investigation by any investigations or prosecution unit of the appropriate licensing

board, the results of the audit shall not be discoverable by the prescriber, dispenser, or healthcare practitioner extender during either such period.

The protocol will be developed, and periodically reviewed and updated, in consultation with the Advisory Committee and with health care providers designated by the Commissioner with particular expertise in relevant clinical specialties including the use of controlled substances for the treatment of acute and chronic pain, palliative care, end-of-life care and the treatment for and prevention of abuse of controlled substances and will be consistent with current standards of care and practice in those clinical specialties. Disclosures from the VPMS database pursuant to subsections 1, 2 or 3 below shall occur only in accordance with the protocol and as otherwise permitted by this rule.

1. The Department may provide data to a patient and/or that person's health care provider when the VPMS database reveals that a patient may be receiving more than a therapeutic amount of one or more regulated substances.

2. When the Commissioner of Health reasonably suspects that there is fraudulent or illegal activity by a health care provider or dispenser, the Department may provide data on such an instance to the appropriate licensing or certification authority. That authority may report the data that are evidence of suspected fraudulent or illegal activity to a trained law enforcement officer. The trained law enforcement officer shall not have access to the VPMS data except for information provided to the officer by the licensing or certification authority.

3. The Commissioner of Health may personally disclose data from the VPMS database to the Commissioner of Public Safety personally when the Commissioner of Health has consulted with at least one of the patient's health care providers and believes such disclosure is necessary to avert a serious and imminent threat to a person or the public.

§ 70.225.040

West's Revised Code of Washington Annotated (2014)
Title 70. Public Health and Safety
Chapter 70.225. Prescription Monitoring Program

§ 70.225.040. Confidentiality of prescription information--Procedures--Immunity when acting in good faith

(1) Prescription information submitted to the department shall be confidential, in compliance with chapter 70.02 RCW and federal health care information privacy requirements and not subject to disclosure, except as provided in subsections (3) and (4) of this section.

(2) The department shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed to persons except as in subsections (3) and (4) of this section.

(3) The department may provide data in the prescription monitoring program to the following persons:

(a) Persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients;

(b) An individual who requests the individual's own prescription monitoring information;

(c) Health professional licensing, certification, or regulatory agency or entity;

(d) Appropriate local, state, and federal law enforcement or prosecutorial officials who are engaged in a bona fide specific investigation involving a designated person;

(e) Authorized practitioners of the department of social and health services and the health care authority regarding medicaid program recipients;

(f) The director or director's designee within the department of labor and industries regarding workers' compensation claimants;

(g) The director or the director's designee within the department of corrections regarding offenders committed to the department of corrections;

(h) Other entities under grand jury subpoena or court order; and

(i) Personnel of the department for purposes of administration and enforcement of this chapter or chapter 69.50 RCW.

(4) The department may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients, dispensers, prescribers, and persons who received prescriptions from dispensers.

(5) A dispenser or practitioner acting in good faith is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting, receiving, or using information from the program.

§ 35-7-1060. Controlled substances prescription tracking program

(a) In addition to other duties and responsibilities as provided by this act, the board shall maintain a computerized program to track prescriptions for controlled substances for the purposes of assisting patients, practitioners and pharmacists to avoid inappropriate use of controlled substances and of assisting with the identification of illegal activity related to the dispensing of controlled substances. The tracking program and any data created thereby shall be administered by the board, and the board may charge reasonable fees to help defray the costs of operating the program. Any fee shall be included with and in addition to other registration fees established by the board as authorized in W.S. 35-7-1023.

(b) All prescriptions for schedule II, III and IV controlled substances dispensed by any retail pharmacy licensed by the board shall be filed with the board electronically or by other means required by the board no more than seven (7) days after dispensed. The board may require the filing of other prescriptions and may specify the manner in which the prescriptions are filed.

(c) The tracking program shall not be used to infringe on the legal use of a controlled substance. Information obtained through the controlled substance prescription tracking program is confidential and may not be released and is not admissible in any judicial or administrative proceeding, except as follows:

(i) The board may release information to practitioners and pharmacists when the release of the information may be of assistance in preventing or avoiding inappropriate use of controlled substances;

(ii) The board shall report any information that it reasonably suspects may relate to fraudulent or illegal activity to the appropriate law enforcement agency and the relevant occupational licensing board;

(iii) The board may release information to the patient to whom the information pertains or his agent or, if the patient is a minor, to his parents or guardian;
