 Title 36. Public Health and Safety
 Chapter 27. Uniform Controlled Substances Act
 Article 2. Schedules
§ 36-2516. Substances in schedule V

The following controlled substances or controlled substance precursors are included in schedule V:

...

3. Any compound or preparation containing the single active ingredient ephedrine or any of its salts.

Arkansas

Arkansas Code Annotated
 Title 5. Criminal Offenses
 Subtitle 6. Offenses Against Public Health, Safety, or Welfare (Chapters 60 to 79)
 Chapter 64. Controlled Substances
 Subchapter 2. Uniform Controlled Substances Act--Designation of Controlled Substances
§ 5-64-212. Substances in Schedule V--Ephedrine combination product, pseudoephedrine, and phenylpropanolamine

(a) An ephedrine combination product, pseudoephedrine, and phenylpropanolamine, as defined in § 5-64-1103(g), are designated Schedule V controlled substances in addition to the drugs and other substances listed in Schedule V of the List of Controlled Substances for the State of Arkansas promulgated by the Director of the Division of Health of the Department of Health and Human Services.

(b) The Schedule V classification does not apply to:

(1) An exempt product described in § 5-64-1103(b)(1); or

(2) Any ephedrine or pseudoephedrine in liquid, liquid capsule, or liquid gel capsule form described in § 5-64-1103(b)(2) .

(c) The director may reschedule a product described in subdivision (b)(1) or (b)(2) of this section if it is determined that the conversion of the active ingredient in the product into methamphetamine or its salts or precursors is feasible.

(d) A wholesale distributor with exclusive rights to distribute pseudoephedrine to only licensed pharmacies is exempt from Schedule V requirements for the storage and distribution of pseudoephedrine.

...

Schedule V

(a) Schedule V shall consist of the drugs and other substances by whatever official name, common or usual name, chemical name, or brand name designated, listed in this section.

...

(d) **Stimulants**: unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having stimulant effect on the central nervous system, including its salts, isomers and salts of isomers:

...

(2) Ephedrine

...

...

Pursuant to Ark. Code Ann. § 5-64-212 as amended in 2005, this Schedule V classification shall NOT apply to any ephedrine, phenylpropanolamine, or pseudoephedrine in liquid, liquid capsule, or liquid gel capsule form. However, sales limits mandated by statute shall apply to all products with ephedrine, phenylpropanolamine, or pseudoephedrine as a listed ingredient regardless of the dosage form. Pursuant to Ark. Code Ann. § 5-64-212 as amended in 2005, this Schedule V classification shall NOT apply to any ephedrine, phenylpropanolamine, or pseudoephedrine products that are dispensed pursuant to a valid prescription. Nor shall the five (5) refill within a six (6) months period restriction apply unless the prescribed medication includes another controlled substance.

§ 216. **Ephedrine.**

(a) The following drug products containing ephedrine, its salts, optical isomers and salts of optical isomers shall be exempt from the application of Sections 312 and 313 of this Act if they: (i) may lawfully be sold over-the-counter without a prescription under the Federal Food, Drug, and Cosmetic Act; (ii) are labeled and marketed in a manner consistent with Section 341.76 of Title 21 of the Code of Federal Regulations; (iii) are manufactured and distributed for legitimate medicinal use in a manner that reduces or eliminates the likelihood of abuse; and (iv) are not marketed, advertised, or labeled for the indications of stimulation, mental alertness, weight loss, muscle enhancement, appetite control, or energy:

- (1) Solid oral dosage forms, including soft gelatin caplets, which are formulated pursuant to 21 CFR 341 or its successor, and packaged in blister packs of not more than 2 tablets per blister.

- (2) Anorectal preparations containing not more than 5% ephedrine.
- (b) The marketing, advertising, or labeling of any product containing ephedrine, a salt of ephedrine, an optical isomer of ephedrine, or a salt of an optical isomer of ephedrine, for the indications of stimulation, mental alertness, weight loss, appetite control, or energy, is prohibited. In determining compliance with this requirement the Department may consider the following factors:
- (1) The packaging of the drug product;
 - (2) The name and labeling of the product;
 - (3) The manner of distribution, advertising, and promotion of the product;
 - (4) Verbal representations made concerning the product;
 - (5) The duration, scope, and significance of abuse or misuse of the particular product.
- (c) A violation of this Section is a Class A misdemeanor. A second or subsequent violation of this Section is a Class 4 felony.
- (d) This Section does not apply to dietary supplements, herbs, or other natural products, including concentrates or extracts, which:
- (1) are not otherwise prohibited by law; and
 - (2) may contain naturally occurring ephedrine, ephedrine alkaloids, or pseudoephedrine, or their salts, isomers, or salts of isomers, or a combination of these substances, that:
 - (i) are contained in a matrix of organic material; and
 - (ii) do not exceed 15% of the total weight of the natural product.
- (e) Nothing in this Section limits the scope or terms of the Methamphetamine Precursor Control Act.

 Article 7. Controlled Substances
 Part 72. Standards and Schedules
333.7220. Schedule 5; substances included

Sec. 7220. (1) The following controlled substances are included in schedule 5:

(a) The following drugs and other substances, by whatever official name, common or usual name, chemical name, or brand name designated:

...

(c) Except as otherwise provided in this subdivision, ephedrine, a salt of ephedrine, an optical isomer of ephedrine, a salt of an optical isomer of ephedrine, or a compound, mixture, or preparation containing ephedrine, a salt of ephedrine, an optical isomer of ephedrine, or a salt of an optical isomer of ephedrine. However, the following are not included in schedule 5:

(i) A product containing ephedrine, a salt of ephedrine, an optical isomer of ephedrine, or a salt of an optical isomer of ephedrine if the drug product may lawfully be sold over the counter without a prescription under federal law, is labeled and marketed in a manner consistent with the pertinent OTC tentative final or final monograph, is manufactured and distributed for legitimate medical use in a manner that reduces or eliminates the likelihood for abuse, and is not marketed, advertised, or labeled for an indication of stimulation, mental alertness, energy, weight loss, appetite control, or muscle enhancement and if the drug product is 1 of the following:

(A) A solid dosage form, including but not limited to a soft gelatin caplet, that combines as active ingredients not

less than 400 milligrams of guaifenesin and not more than 25 milligrams of ephedrine per dose, packaged in blister packs with not more than 2 tablets or caplets per blister.

(B) An anorectal preparation containing not more than 5% ephedrine.

(ii) A food product or a dietary supplement containing ephedrine, if the food product or dietary supplement meets all of the following criteria:

(A) It contains, per dosage unit or serving, not more than the lesser of 25 milligrams of ephedrine alkaloids or the maximum amount of ephedrine alkaloids provided in applicable regulations adopted by the United States food and drug administration and contains no other controlled substance.

(B) It contains no hydrochloride or sulfate salts of ephedrine alkaloids.

(C) It is packaged with a prominent label securely affixed to each package that states the amount in milligrams of ephedrine in a serving or dosage unit; the amount of the food product or dietary supplement that constitutes a serving or dosage unit; that the maximum recommended dosage of ephedrine for a healthy adult human is the lesser of 100 milligrams in a 24-hour period or the maximum recommended dosage or period of use provided in applicable regulations adopted by the United States food and drug administration; and that improper use of the product may be hazardous to a person's health.

(2) Inclusion of the substances described in subsection (1)(c) into schedule 5 does not preclude prosecution for a crime involving those schedule 5 substances under section 17766c.

 Chapter 3719. Controlled Substances
 Schedules of Controlled Substances
3719.41 Schedules of controlled substances

Controlled substance schedules I, II, III, IV, and V are hereby established, which schedules include the following, subject to amendment pursuant to section 3719.43 or 3719.44 of the Revised Code.

...

SCHEDULE V

...

(C) Stimulants

Unless specifically exempted or excluded under federal drug abuse control laws or unless listed in another schedule, any material, compound, mixture, or preparation that contains any quantity of the following substances having a stimulant effect on the central nervous system, including their salts, isomers, and salts of isomers:

- (1) Ephedrine, except as provided in division (K) of section 3719.44 of the Revised Code;

...

3719.44 Board of pharmacy may change schedules

...

(K)(1) A drug product containing ephedrine that is known as one of the following and is in the form specified shall not be considered a schedule V controlled substance:

- (a) Amesec capsules;
- (b) Bronitin tablets;
- (c) Bronkotabs;
- (d) Bronkolixir;

- (e) Bronkaid tablets;
- (f) Efedron nasal jelly;
- (g) Guiaphed elixir;
- (h) Haysma;
- (i) Pazo hemorrhoid ointment and suppositories;
- (j) Primatene "M" formula tablets;
- (k) Primatene "P" formula tablets;
- (l) Tedrigen tablets;
- (m) Tedral tablets, suspension and elixir;
- (n) T.E.P.;
- (o) Vatronol nose drops.

(2)(a) A product containing ephedrine shall not be considered a controlled substance if the product is a food product or dietary supplement that meets all of the following criteria:

(i) It contains, per dosage unit or serving, not more than the lesser of twenty-five milligrams of ephedrine alkaloids or the maximum amount of ephedrine alkaloids provided in applicable regulations adopted by the United States food and drug administration, and no other controlled substance.

(ii) It contains no hydrochloride or sulfate salts of ephedrine alkaloids.

(iii) It is packaged with a prominent label securely affixed to each package that states all of the following: the amount in milligrams of ephedrine in a serving or dosage unit; the amount of the food product or dietary supplement that constitutes a serving or dosage unit; that the maximum recommended dosage of ephedrine for a healthy adult human is the lesser of one hundred milligrams in a twenty-four-hour period for not more than twelve weeks or the maximum recommended dosage or period of use provided in applicable regulations adopted by the United States food and drug administration; and that improper use of the product may be hazardous to a person's health.

(b)(i) Subject to division (K)(2)(b)(ii) of this section, no person shall dispense, sell, or otherwise give a product described in division (K)(2)(a) of this section to any individual under eighteen years of age.

(ii) Division (K)(2)(b)(i) of this section does not apply to a physician or pharmacist who dispenses, sells, or otherwise gives a product described in division (K)(2)(a) of this section to an individual under eighteen years of age, to a parent or guardian of an individual under eighteen years of age who dispenses, sells, or otherwise gives a product of that nature to the individual under eighteen years of age, or to a person who, as authorized by the individual's parent or legal guardian, dispenses, sells, or otherwise gives a product of that nature to an individual under eighteen years of age.

(c) No person in the course of selling, offering for sale, or otherwise distributing a product described in division (K)(2)(a) of this section shall advertise or represent in any manner that the product causes euphoria, ecstasy, a "buzz" or "high," or an altered mental state; heightens sexual performance; or, because it contains ephedrine alkaloids, increased muscle mass.

(3) A drug product that contains the isomer pseudoephedrine, or any of its salts, optical isomers, or salts of optical

isomers, shall not be considered a controlled substance if the drug product is labeled in a manner consistent with federal law or with the product's over-the-counter tentative final monograph or final monograph issued by the United States food and drug administration.

(4) At the request of any person, the board may except any product containing ephedrine not described in division (K)(1) or (2) of this section or any class of products containing ephedrine from being included as a schedule V controlled substance if it determines that the product or class of products does not contain any other controlled substance. The board shall make the determination in accordance with this section and by rule adopted in accordance with Chapter 119. of the Revised Code.

(L) As used in this section:

(1) "Food" has the same meaning as in section 3715.01 of the Revised Code.

(2) "Dietary supplement" has the same meaning as in the "Federal Food, Drug, and Cosmetic Act," 108 Stat. 4327 (1994), 21 U.S.C.A. 321 (ff), as amended.

(3) "Ephedrine alkaloids" means ephedrine, pseudoephedrine, norephedrine, norpseudoephedrine, methylephedrine, and methylpseudoephedrine.

Baldwin's Ohio Administrative Code Annotated

4729 Pharmacy Board

Chapter 4729-12. Ephedrine

4729-12-09 Exceptions

Pursuant to division (K) of section 3719.44 of the Revised Code, each of the following products containing ephedrine, its salts, its isomers, or the salts of its isomers is declared to be excepted from classification as a schedule V controlled substance:

(A) All products that contain the isomer known as pseudoephedrine or its salts, but do not also contain any of the isomer known as ephedrine or its salts.

(B) "Breathe Easy®" herb tea.

(C) "Bronkaid® Dual Action" caplets.

(D) "Hydrosal® hemorrhoidal ointment.

(E) "Primatene® Dual Action Formula" tablets.

(F) "Primatene®" tablets.

(G) "SnoreStopt" tablets.

Title 63. Public Health and Safety

Chapter 2. Uniform Controlled Dangerous Substances Act

Article II. Standards and Schedules

§ 2-210. Schedule IV

A. Any material, compound, mixture, or preparation which contains any quantity of the following substances having a potential for abuse associated with a stimulant or depressant effect on the central nervous system:

...

34. Ephedrine, its salts, optical isomers, and salts of optical isomers as the only active ingredient, or in combination with other active ingredients;

...

B.

...

2. At the request of any person, the Director may exempt any other drug product containing ephedrine from being included as a Schedule IV controlled substance if such product:

- a. is labeled and marketed in a manner consistent with the pertinent OTC tentative final or final monograph issued by the FDA, and
- b. is manufactured and distributed for legitimate medicinal use and in a manner that reduces or eliminates the likelihood of abuse.

...

3. In making a determination regarding a drug product, the Director, after notice and hearing, shall consider the following:

- a. the history and current pattern of abuse,
- b. the name and labeling of the product,
- c. the intended manner of distribution, advertising and promotion of the product, and
- d. other factors as may be relevant to and consistent with the public health and safety.

4. The hearing shall be held in accordance with the Administrative Procedures Act.

5. A list of current drug products meeting exemption requirements under this subsection may be obtained from the Bureau upon written request.

Oklahoma Administrative Code

Title 475. Oklahoma Bureau of Narcotics and Dangerous Drugs Control

Chapter 10. Requirements for Registration

475:10-1-24. Ephedra/mahuang exemption

Products meeting the following criteria are exempt from application of Sections 2-210, 2-322, and 2-402 of the Uniform Controlled Dangerous Substances Act [O.S. Title 63, §§ 2-210, 2-322, 2-402]:

(1) Dietary supplements containing naturally occurring ephedrine alkaloids, provided that all of the following conditions are met:

- (A) the alkaloids are contained in an unadulterated naturally occurring organic material; and,
- (B) the product contains no hydrochloride or sulfate salts of ephedrine alkaloids; and,

(C) the product contains, per dosage unit or serving, not more than 25 milligrams of ephedrine alkaloids; and,

(D) the product is packaged with a prominent label securely affixed to each package that states the amount in milligrams of ephedrine alkaloids in a serving or dosage unit; the amount of food product or dietary supplement that constitutes a serving or dosage unit; the maximum recommended dosage unit of ephedrine alkaloids for a healthy adult; and that improper use of the product may be hazardous to a person's health; and,

(E) the product is labeled and marketed as “ephedra” or “mahuang” and not as “ephedrine.” It shall be acceptable to include descriptions of the ephedra alkaloids such as “contains 25 mg. of naturally occurring ephedrine alkaloids.” And,

(2) In the course of selling, offering for sale, or otherwise distributing a product described in section 10-1-24 (A), a person shall not advertise or represent in any manner that the product causes euphoria, ecstasy, a “buzz”, or “high”, or an altered mental state, heightens sexual performance, or because it contains ephedrine alkaloids, increases muscle mass.

Title 37. Alcoholic Liquors; Controlled Substances; Drugs

Chapter 475. Controlled Substances; Illegal Drug Cleanup; Paraphernalia; Precursors

Precursor Substances

475.973. Unlawful possession of ephedrine, pseudoephedrine or phenylpropanolamine; unlawful distribution of ephedrine, pseudoephedrine or phenylpropanolamine

<Text subject to final change by the Oregon Office of the Legislative Counsel.>

(1)(a) The State Board of Pharmacy may not adopt rules that exempt a product containing ephedrine or pseudoephedrine from classification as a controlled substance. Except as otherwise provided in this paragraph, the State Board of Pharmacy shall adopt rules to classify ephedrine, pseudoephedrine and phenylpropanolamine as Schedule III controlled substances. The Schedule III classification may be modified by the State Board of Pharmacy if the State Board of Pharmacy finds that restrictions on products containing ephedrine, pseudoephedrine or phenylpropanolamine under a Schedule III designation do not significantly reduce the number of methamphetamine laboratories within the state.

(b) Records of transactions involving products containing ephedrine, pseudoephedrine or phenylpropanolamine are subject to inspection by the State Board of Pharmacy and law enforcement agencies. A person required to make or maintain records of transactions involving products containing ephedrine, pseudoephedrine or phenylpropanolamine shall forward the records to the Department of State Police if directed to do so by the department. Failure to forward records as required by this paragraph is a Class A misdemeanor.

(2) This section does not apply to products that the State Board of Pharmacy, upon application of a manufacturer, exempts by rule because the product is formulated to effectively prevent conversion of the active ingredient into methamphetamine or its salts or precursors. Upon notification from the Department of State Police that the department has probable cause to believe that a product exempted under this subsection does not effectively prevent conversion of the active ingredient into methamphetamine or its salts or precursors, the State Board of Pharmacy may issue an emergency rule revoking the exemption for the product pending a full hearing.
