Prescription Drug Monitoring Programs

States With Authority to Monitor Schedule II, III and IV Substances

*Iowa's PDMP monitors Schedule III and IV substances that the advisory council and the Board of Pharmacy determine can be addictive or fatal if not taken under the proper care or direction of a prescribing practitioner.

Prescription Drug Monitoring Programs

States With Authority to Monitor Schedule V Substances

¹Tennessee's law authorizes the monitoring of Schedule V substances which have been identified by the controlled substances database advisory committee as demonstrating a potential for abuse.

Prescription Drug Monitoring Programs

States With Authority to Monitor Non-controlled/Non-Scheduled Substances

Please note that although a state may have statutory authority to monitor Non-controlled/Non-Scheduled substances, that state may not currently be monitoring prescriptions for such substances and may in fact require implementation of additional regulations before that monitoring can commence.
