Arkansas

West's Arkansas Code Annotated (2012)
Title 20. Public Health and Welfare
Subtitle 2. Health and Safety
Chapter 7. State Board of Health--Department of Health
Subchapter 6. Prescription Drug Monitoring Program Act

§ 20-7-607. Providing prescription monitoring information

(a)(1) The Department of Health may review the Prescription Drug Monitoring Program information, including without limitation a review to identify information that appears to indicate whether a person may be obtaining prescriptions in a manner that may represent misuse or abuse of controlled substances.

(2) If information of misuse or abuse is identified, the department shall notify the practitioners and dispensers who prescribed or dispensed the prescriptions.

(b) The department shall provide information in the Prescription Drug Monitoring Program upon request and at no cost only to the following persons:

(1) A person authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for his or her patients or for reviewing information regarding prescriptions that are recorded as having been issued or dispensed by the requester;

(2) A patient who requests his or her own prescription monitoring information;

(3) A parent or legal guardian of a minor child who requests the minor child's Prescription Drug Monitoring Program information;

(4)(A) A designated representative of a professional licensing board of the professions of the healing arts representing health care disciplines whose licensees are prescribers pursuant to an investigation of a specific individual, entity, or business licensed or permitted by that board.

(B) Except as permitted by subsection (a)(2) of this section, the department shall provide information under subsection (b)(4)(A) of this section only if the requesting board states in writing that the information is necessary for an investigation;

(5) The State Medical Examiner as authorized by law to investigate causes of deaths for cases under investigation pursuant to his or her official duties and responsibilities;

(6) Local, state, and federal law enforcement or prosecutorial officials engaged in the administration, investigation, or enforcement of the laws governing controlled substances

required to be submitted under this subchapter pursuant to the agency's official duties and responsibilities; and

(7) Personnel of the department for purposes of administration and enforcement of this subchapter.

(c) Information collected under this subchapter shall be maintained for three (3) years.

(d) The department may provide information to public or private entities for statistical, research, or educational purposes after encrypting or removing the patient's name, street name and number, patient identification number, month and day of birth, and prescriber information that could be used to identify individual patients or persons who received prescriptions from dispensers, or both.

Part 3. Drug Abuse

Chapter 1603. Controlled Substances Prescription Monitoring

§ 7250. Access to prescription monitoring information and confidentiality

1. Confidentiality. Except as provided in this section, prescription monitoring information submitted to the office is confidential and is not a public record as defined in Title 1, section 402, subsection 3.

2. Review of information. If the prescription monitoring information surpasses thresholds as established by the office, the office shall notify the prescriber, the dispenser and, if the office determines it to be necessary, the professional licensing entity and provide all relevant prescription monitoring information to those persons and entities through an established letter of notification.

3. Permissible disclosure of information. The office may provide prescription monitoring information for public research, policy or education purposes as long as all information reasonably likely to reveal the patient or other person who is the subject of the information has been removed.

4. Access to information. The following persons may access prescription monitoring information:

- A. A prescriber, insofar as the information relates to a patient under the prescriber's care;
- B. A dispenser, insofar as the information relates to a customer of the dispenser seeking to have a prescription filled;
- C. The executive director, or a board investigator as designated by each board, of the state boards of licensure of podiatric medicine, dentistry, pharmacy, medicine, osteopathy, veterinary medicine, nursing or other boards representing health care disciplines whose licensees are prescribers, as required for an investigation, with reasonable cause;
- D. A patient to whom a prescription is written, insofar as the information relates to that patient;
- E. Office personnel or personnel of any vendor or contractor, as necessary for establishing and maintaining the program's electronic system;

F. The Office of Chief Medical Examiner for the purpose of conducting an investigation or inquiry into the cause, manner and circumstances of death in a medical examiner case as described in section 3025. Prescription monitoring information in the possession or under the control of the Office of Chief Medical Examiner is confidential and, notwithstanding section 3022, may not be disseminated. Information that is not prescription monitoring information and is separately acquired following access to prescription monitoring information pursuant to this paragraph remains subject to protection or dissemination in accordance with section 3022;

G. The office that administers the MaineCare program pursuant to chapter 855 for the purposes of managing the care of its members, monitoring the purchase of controlled substances by its members and avoiding duplicate dispensing of controlled substances; and

H. Another state pursuant to subsection 4-A.

4-A. Information sharing with other states. The office may provide prescription monitoring information to and receive prescription monitoring information from another state that has prescription monitoring information provisions consistent with this chapter and has entered into a prescription monitoring information sharing agreement with the office. The office may enter into a prescription monitoring information sharing agreement with another state to establish the terms and conditions of prescription monitoring information sharing and interoperability of information systems and to carry out the purposes of this subsection. For purpose of this subsection, “another state” means any state other than Maine and any territory or possession of the United States, but does not include a foreign country.

5. Purge of information. The office shall purge from the program all information that is more than 6 years old.

Sec. 7. Access to Prescription Monitoring Information

1. By patients

A. A patient, or a patients' authorized representative, may obtain a report listing all prescription monitoring information that pertains to the patient.

B. A patient or a patient's authorized representative seeking access to prescription monitoring information described above must submit a written request for information in person at the office

© 2012 Research is current as of March 8, 2012. In order to ensure that the information contained herein is as current as possible, research is conducted using both nationwide legal database software and individual state legislative websites. of the Monitor, or at any other place specified by the Monitor or the Office. The written request shall be in a format established by the Office or the Monitor and shall contain at least, but not limited to, the following elements:

- 1) the patient's name and the full name of the patient's authorized representative, if applicable;
- 2) the patient's date of birth;
- 3) the patient's address, and the complete physical address of the patient's authorized representative, if applicable;
- 4) the patient's telephone number, if any, and the telephone number of the authorized representative, if applicable; and
- 5) the time period for which information is being requested.

C. The patient or the patient's authorized representative must produce valid photographic identification prior to obtaining access to the information described above. The patient or the patient's authorized representative must allow photocopying of the identification.

D. Prior to obtaining access to the information described above, authorized representatives must produce either an official attested copy of the judicial order granting them authority to gain access to the health care records of the patient; or in the case of parents of a minor child, a certified copy of the Birth Certificate of the minor child or other official documents establishing legal guardianship; or in the case of persons holding power of attorney, the original document establishing the power of attorney. The patient's authorized representative must allow photocopying of the documents described above. The Office or the Monitor may verify the patient authorization by any reasonable means prior to providing the information to the authorized representative.

2. By dispensers

A. A dispenser, or a licensed pharmacy technician authorized by a supervising pharmacist, may obtain any prescription monitoring information insofar as the information relates to a customer of the dispenser seeking to have a prescription filled. The information shall be provided in a format established by the Office, which may include, but is not limited to, delivery by electronic means, facsimile transmission, or telephonic communication.

B. A dispenser who seeks access to the information described above must register as a data requester in a manner specified by the Monitor or the Office. The Office or Monitor shall issue credentials to authorized dispensers. Dispensers may use these credentials to access the online database and submit requests. If the credentials issued by the Office are lost, missing, or the security of the credentials is compromised, the dispenser shall cause the Office or Monitor to be notified by telephone and in writing as soon as reasonably possible. Information regarding more

than one customer may be submitted in a single request. Requests shall be in a format established by the Office or the Monitor and shall contain at least, but not limited to, the following elements for each customer:

- 1) The name and date of birth of the customer; and
- 2) The time period for which information is being requested.

C. The Office or the Monitor shall take reasonable steps to verify each registration, such as, but not limited to, making a telephone call to the dispenser or to an agent of the dispenser at a telephone number known to belong to the dispenser's place of business.

3. By prescribers

A. A prescriber, or any staff member duly authorized by a prescriber and the Office, may obtain any prescription monitoring information insofar as the information relates to a patient under the prescriber's care. The information shall be provided in a format established by the Office, which may include, but is not limited to delivery by electronic means, facsimile transmission, or telephonic communication.

B. A prescriber, or any staff member duly authorized by a prescriber and the Office, who seeks access to the information described above must register as a data requester in a manner specified by the Monitor or the Office. The Office or Monitor shall issue credentials to authorized prescribers or their designees. Data requesters may use these credentials to access the online database and submit requests. If the credentials issued by the Office are lost, missing, or the security of the credentials is compromised, the data requester shall cause the Office or Monitor to be notified by telephone and in writing as soon as reasonably possible. Requests shall be in a format established by the Office or the Monitor and shall contain at least, but not limited to, the following elements for each patient:

- 1) The name and date of birth of the patient; and
- 2) The time period for which information is being requested.

C. The Office or the Monitor shall take reasonable steps to verify each registration, such as, but not limited to, making a telephone call to the prescriber and licensed health care practitioners duly authorized by prescribers, or to an agent of the prescriber at a telephone number known to belong to the prescriber's place of business.

4. By executive director, board investigator, or person authorized to discharge equivalent functions of a licensing board.

A. An executive director, board investigator, or person authorized to discharge equivalent functions of a licensing board with jurisdiction over a dispenser or prescriber may obtain any

prescription monitoring information as required for an investigation, with reasonable cause. The information shall be provided in a format established by the Office, which may include, but is not limited to delivery by electronic means, facsimile transmission, or telephonic communication.

B. An executive director, board investigator, or person authorized to discharge equivalent functions of a licensing board with jurisdiction over a dispenser or prescriber who seeks access to prescription monitoring information described above must submit a request via mail, facsimile, or secure electronic transmission, to a location specified by the Monitor or the Office. The request shall contain identifying information regarding the licensee or patient and the time period for which the information is being requested. The data requester shall certify that each request is related to an investigation involving misuse of a Schedule II, III, or IV drug and provide a case number or other assurance that the request is related to the board representative's official duties.

5. By personnel of any vendor or contractor engaged by the Office

A. Personnel of any vendor or contractor engaged by the Office may obtain any prescription monitoring information insofar as the information is necessary for establishing and maintaining the program's electronic system.

B. The Office, the monitor, and program vendors or contractors engaged by the Office, shall purge all prescription monitoring information more than six years old.

6. By the units within the Department of Health and Human Services that administer the MaineCare program.

A. Subject to the requirements of 22 M.R.S.A. §7250(4)(F), the authorized representative of those units of the Department of Health and Human Services which oversee, administer, or otherwise supervise MaineCare programs which determine eligibility for and use of prescription drugs, and the appropriate utilization of prescription drugs, for the purposes of managing the care of MaineCare members, monitoring the purchase of controlled substances by MaineCare members, and avoiding duplicate dispensing of controlled substances to MaineCare members.

B. The person or persons authorized pursuant to Section 7(6)(A) must submit a request via mail, facsimile, or secure electronic transmission, to a location specified by the Monitor or the Office. The request shall contain surname, first name, and date of birth of the member and the time period for which the information is being requested. An intervention approach shall be undertaken with MaineCare members who are determined to be accessing controlled substances in a quantity or with a frequency beyond the norm for persons with similar medical conditions or diagnoses and the intervention approach shall not include terminating the member from MaineCare services.

7. By the Office of the Chief Medical Examiner

West's Annotated Code of Maryland (2012)
Health--General
Title 21. Food, Drugs, and Cosmetics
Subtitle 2A. Prescription Drug Monitoring Program

§ 21-2A-06. Confidentiality of prescription monitoring data

Data not subject to discovery or subpoena

(a) Prescription monitoring data:

- (1) Are confidential and privileged, and not subject to discovery, subpoena, or other means of legal compulsion in civil litigation;
- (2) Are not public records; and
- (3) Except as provided in subsections (b) and (d) of this section or as otherwise provided by law, may not be disclosed to any person.

Allowable disclosure of prescription monitoring data

(b) The Program shall disclose prescription monitoring data, in accordance with regulations adopted by the Secretary, to:

- (1) A prescriber, or a licensed health care practitioner authorized by the prescriber, in connection with the medical care of a patient;
- (2) A dispenser, or a licensed health care practitioner authorized by the dispenser, in connection with the dispensing of a monitored prescription drug;
- (3) A federal law enforcement agency or a State or local law enforcement agency, on issuance of a subpoena, for the purpose of furthering an existing bona fide individual investigation;
- (4) A licensing entity, on issuance of an administrative subpoena voted on by a quorum of the board of the licensing entity, for the purposes of furthering an existing bona fide individual investigation;
- (5) A rehabilitation program under a health occupations board, on issuance of an administrative subpoena;
- (6) A patient with respect to prescription monitoring data about the patient;

(7) Subject to subsection (g) of this section, the authorized administrator of another state's prescription drug monitoring program;

(8) The following units of the Department, on approval of the Secretary, for the purpose of furthering an existing bona fide individual investigation:

(i) The Office of the Chief Medical Examiner;

(ii) The Maryland Medical Assistance Program;

(iii) The Office of the Inspector General; and

(iv) The Office of Health Care Quality; or

(9) The technical advisory committee established under § 21-2A-07 of this subtitle for the purposes set forth in subsection (c) of this section.

Review of requests for information

(c) Before the Program discloses information under subsection (b)(3), (4), (5), (7), or (8) of this section, the technical advisory committee to the Program shall:

(1) Review the requests for information;

(2) Provide clinical guidance and interpretation of the information requested to the Secretary to assist in the Secretary's decision on how to respond to a judicial subpoena, administrative subpoena, or other request; and

(3) Provide clinical guidance and interpretation of the information requested to the authorized recipient of the information.

Persons who receive prescription monitoring data prohibited from disclosure

(d) Except as provided by regulations adopted by the Secretary, a person who receives prescription monitoring data from the Program may not disclose the data.

Disclosure of data for research, analysis, public reporting, and education

(e)(1) In addition to the disclosures required under subsection (b) of this section, the Program may disclose prescription monitoring data for research, analysis, public reporting, and education:

(i) After redaction of all information that could identify a patient, prescriber, dispenser, or any other individual; and

(ii) In accordance with regulations adopted by the Secretary.

(2) The Secretary may require submission of an abstract explaining the scope and purpose of the research, analysis, public reporting, or education before disclosing prescription monitoring data under this subsection.

Injunctive relief

(f) The Office of the Attorney General may seek appropriate injunctive or other relief to maintain the confidentiality of prescription monitoring data as required under this section.

Prescription monitoring data shared with other states

(g) The Program may provide prescription monitoring data to another state's prescription drug monitoring program only if the other state's prescription drug monitoring program agrees to use the prescription monitoring data in a manner consistent with the provisions of this subtitle.

Request and receipt of prescription monitoring data from other states

(h) The Program may:

(1) Request and receive prescription monitoring data from another state's prescription drug monitoring program and use the prescription monitoring data in a manner consistent with the provisions of this subtitle; and

(2) Develop the capability to transmit prescription monitoring data to and receive prescription monitoring data from other prescription drug monitoring programs employing the standards of interoperability.

Written agreements with other states

(i) The Program may enter into written agreements with other states' prescription drug monitoring programs for the purpose of establishing the terms and conditions for sharing prescription monitoring data under this section.

Clinical practice standards

(j) Prescription monitoring data may not be used as the basis for imposing clinical practice standards.

Part 15. Prescription Drug Registry

§ 37-7-1506. Providing prescription drug registry information

(1) Registry information is health care information as defined in 50-16-504 and is confidential. Except as provided in 37-7-1504, the board is authorized to provide data from the registry, upon request, only to the following:

(a) a person authorized to prescribe or dispense prescription drugs if the person certifies that the information is needed to provide medical or pharmaceutical treatment to a patient who is the subject of the request and who is under the person's care or has been referred to the person for care;

(b) a prescriber who requests information relating to the prescriber's own prescribing information if the prescriber certifies that the requested information is for a purpose in accordance with board rule;

(c) an individual requesting the individual's registry information if the individual provides evidence satisfactory to the board that the individual requesting the information is the person about whom the data entry was made;

(d) a designated representative of a government agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense drugs, in order to conduct investigations related to a health care professional who is the subject of an active investigation for drug misuse or diversion;

(e) a county coroner or a peace officer employed by a federal, state, tribal, or local law enforcement agency if the county coroner or peace officer has obtained an investigative subpoena;

(f) an authorized individual under the direction of the department of public health and human services for the purpose of reviewing and enforcing that department's responsibilities under the public health, medicare, or medicaid laws; or

(g) a prescription drug registry in another state if the data is subject to limitations and restrictions similar to those provided in 37-7-1502 through 37-7-1513.

(2) The board shall maintain a record of each individual or entity that requests information from the registry and whether the request was granted pursuant to this section.

(3) The board may release information in summary, statistical, or aggregate form for educational, research, or public information purposes. The information may not identify a person or entity.

(4) Information collected by or obtained from the registry may not be used:

(a) for commercial purposes; or

(b) as evidence in any civil or administrative action, except in an investigation and disciplinary proceeding by the department or the agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense prescription drugs.

(5) Information obtained from the registry in accordance with the requirements of this section may be used in the course of a criminal investigation and subsequent criminal proceedings.

(6) The board shall adopt rules to ensure that only authorized individuals have access to the registry and only to appropriate information from the registry. The rules must be consistent with:

(a) the privacy provisions of the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 1320d, et seq.;

(b) administrative rules adopted in connection with that act;

(c) Article II, section 10, of the Montana constitution; and

(d) the privacy provisions of Title 50, chapter 16.

(7) The procedures established by the board under this section may not impede patient access to prescription drugs for legitimate medical purposes.

North Carolina

West's North Carolina General Statutes (2011)

Chapter 90. Medicine and Allied Occupations

Article 5E. North Carolina Controlled Substances Reporting System Act

§ 90-113.74. Confidentiality

(a) Prescription information submitted to the Department is privileged and confidential, is not a public record pursuant to G.S. 132-1, is not subject to subpoena or discovery or any other use in civil proceedings, and except as otherwise provided below may only be used for investigative or evidentiary purposes related to violations of State or federal law and regulatory activities. Except as otherwise provided by this section, prescription information shall not be disclosed or disseminated to any person or entity by any person or entity authorized to review prescription information.

(b) The Department may use prescription information data in the controlled substances reporting system only for purposes of implementing this Article in accordance with its provisions.

(c) The Department shall release data in the controlled substances reporting system to the following persons only:

(1) Persons authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for their patients.

(2) An individual who requests the individual's own controlled substances reporting system information.

(3) Special agents of the North Carolina State Bureau of Investigation who are assigned to the Diversion & Environmental Crimes Unit and whose primary duties involve the investigation of diversion and illegal use of prescription medication and who are engaged in a bona fide specific investigation related to enforcement of laws governing licit drugs. The SBI shall notify the Office of the Attorney General of North Carolina of each request for inspection of records maintained by the Department.

(4) Primary monitoring authorities for other states pursuant to a specific ongoing investigation involving a designated person, if information concerns the dispensing of a Schedule II through V controlled substance to an ultimate user who resides in the other state or the dispensing of a Schedule II through V controlled substance prescribed by a licensed health care practitioner whose principal place of business is located in the other state.

(5) To a court pursuant to a lawful court order in a criminal action.

(6) The Division of Medical Assistance for purposes of administering the State Medical Assistance Plan.

(7) Licensing boards with jurisdiction over health care disciplines pursuant to an ongoing investigation by the licensing board of a specific individual licensed by the board.

(8) Any county medical examiner appointed by the Chief Medical Examiner pursuant to G.S. 130A-382 and the Chief Medical Examiner, for the purpose of investigating the death of an individual.

(d) The Department may provide data to public or private entities for statistical, research, or educational purposes only after removing information that could be used to identify individual patients who received prescription medications from dispensers.

(e) In the event that the Department finds patterns of prescribing medications that are unusual, the Department shall inform the Attorney General's Office of its findings. The Office of the Attorney General shall review the Department's findings to determine if the findings should be reported to the SBI for investigation of possible violations of State or federal law relating to controlled substances.

(f) The Department shall purge from the controlled substances reporting system database all information more than six years old.

(g) Nothing in this Article shall prohibit a person authorized to prescribe or dispense controlled substances pursuant to Article 1 of Chapter 90 of the General Statutes from disclosing or disseminating data regarding a particular patient obtained under subsection (c) of this section to another person (i) authorized to prescribe or dispense controlled substances pursuant to Article 1 of Chapter 90 of the General Statutes and (ii) authorized to receive the same data from the Department under subsection (c) of this section.

(h) Nothing in this Article shall prevent persons licensed or approved to practice medicine or perform medical acts, tasks, and functions pursuant to Article 1 of Chapter 90 of the General Statutes from retaining data received pursuant to subsection (c) of this section in a patient's confidential health care record.

Virginia

West's Annotated Code of Virginia (2012)

Title 54.1. Professions and Occupations

Subtitle III. Professions and Occupations Regulated by Boards Within the Department of Health Professions

Chapter 25.2. Prescription Monitoring Program

§ 54.1-2523. Confidentiality of data; disclosure of information; discretionary authority of Director

A. All data, records, and reports relating to the prescribing and dispensing of covered substances to recipients and any abstracts from such data, records, and reports that are in the possession of the Prescription Monitoring program pursuant to this chapter and any material relating to the operation or security of the program shall be confidential and shall be exempt from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 15 of § 2.2-3705.5. Further, the Director shall only have discretion to disclose any such information as provided in subsections B and C.

B. Upon receiving a request for information in accordance with the Department's regulations and in compliance with applicable federal law and regulations, the Director shall disclose the following:

1. Information relevant to a specific investigation of a specific recipient or of a specific dispenser or prescriber to an agent designated by the superintendent of the Department of State Police to conduct drug diversion investigations pursuant to § 54.1-3405.
2. Information relevant to an investigation or inspection of or allegation of misconduct by a specific person licensed, certified, or registered by or an applicant for licensure, certification, or registration by a health regulatory board; information relevant to a disciplinary proceeding before a health regulatory board or in any subsequent trial or appeal of an action or board order to designated employees of the Department of Health Professions; or to designated persons operating the Health Practitioners' Monitoring Program pursuant to Chapter 25.1 (§ 54.1-2515 et seq.) of this title.
3. Information relevant to the proceedings of any investigatory grand jury or special grand jury that has been properly impaneled in accordance with the provisions of Chapter 13 (§ 19.2-191 et seq.) of Title 19.2.
4. Information relevant to a specific investigation of a specific dispenser or specific prescriber to an agent of the United States Drug Enforcement Administration with authority to conduct drug diversion investigations.

C. In accordance with the Department's regulations and applicable federal law and regulations, the Director may, in his discretion, disclose:

1. Information in the possession of the program concerning a recipient who is over the age of 18 to that recipient.
2. Information on a specific recipient to a prescriber, as defined in this chapter, for the purpose of establishing the treatment history of the specific recipient when such recipient is either under care and treatment by the prescriber or the prescriber is initiating treatment of such recipient. In a manner specified by the Director in regulation, notice shall be given to patients that information may be requested by the prescriber from the Prescription Monitoring Program.
3. Information on a specific recipient to a dispenser for the purpose of establishing a prescription history to assist the dispenser in determining the validity of a prescription in accordance with § 54.1-3303 when the recipient is seeking a covered substance from the dispenser or the facility in which the dispenser practices. In a manner specified by the Director in regulation, notice shall be given to patients that information may be requested by the dispenser from the Prescription Monitoring Program.
4. Information relevant to an investigation or regulatory proceeding of a specific dispenser or prescriber to other regulatory authorities concerned with granting, limiting or denying licenses, certificates or registrations to practice a health profession when such regulatory authority licenses such dispenser or prescriber or such dispenser or prescriber is seeking licensure by such other regulatory authority.
5. Information relevant to an investigation relating to a specific dispenser or prescriber who is a participating provider in the Virginia Medicaid program or information relevant to an investigation relating to a specific recipient who is currently eligible for and receiving or who has been eligible for and has received medical assistance services to the Medicaid Fraud Control Unit of the Office of the Attorney General or to designated employees of the Department of Medical Assistance Services, as appropriate.

6. Information relevant to determination of the cause of death of a specific recipient to the designated employees of the Office of the Chief Medical Examiner.

7. Information for the purpose of bona fide research or education to qualified personnel; however, data elements that would reasonably identify a specific recipient, prescriber, or dispenser shall be deleted or redacted from such information prior to disclosure. Further, release of the information shall only be made pursuant to a written agreement between such qualified personnel and the Director in order to ensure compliance with this subdivision.

D. The Director may enter into agreements for mutual exchange of information among prescription monitoring programs in other jurisdictions, which shall only use the information for purposes allowed by this chapter.

E. This section shall not be construed to supersede the provisions of § 54.1-3406 concerning the divulging of confidential records relating to investigative information.

F. Confidential information that has been received, maintained or developed by any board or disclosed by the board pursuant to subsection A shall not, under any circumstances, be available for discovery or court subpoena or introduced into evidence in any medical malpractice suit or other action for damages arising out of the provision of or failure to provide services. However, this subsection shall not be construed to inhibit any investigation or prosecution conducted pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

18 VAC 76-20-60. Criteria for discretionary disclosure of information by the director.

A. In accordance with § 54.1-2523 C of the Code of Virginia, the director may disclose information in the program to certain persons provided the request is made in a format designated by the department.

B. The director may disclose information to:

1. The recipient of the dispensed drugs, provided the request is accompanied by a copy of a valid photo identification issued by a government agency of any jurisdiction in the United States verifying that the recipient is over the age of 18 and includes a notarized signature of the requesting party. The report shall be mailed to the address on the license or delivered to the recipient at the department.

2. The prescriber for the purpose of establishing a treatment history for a patient or prospective patient, provided the request is accompanied by the prescriber's registration number with the United States Drug Enforcement Administration (DEA) and attestation that the prescriber is in compliance with patient notice requirements of 18 VAC 76-20-70. The prescriber may delegate the submission of a request for information, provided the delegation is in compliance with § 54.1-2523.2 of the Code of Virginia. The health care professionals to whom the prescriber has authorized access to information shall be registered with the program. Requests for information made by a delegated health care professional shall be made in his own name, using his own unique identifiers assigned by the program.

allegation of a possible controlled substance violation and that it is accompanied by the signature of the chief executive officer who is authorized to certify orders or to grant or deny licenses.

4. Governmental entities charged with the investigation and prosecution of a dispenser, prescriber or recipient participating in the Virginia Medicaid program, provided the request is accompanied by the signature of the official within the Office of the Attorney General responsible for the investigation.

5. A dispenser for the purpose of establishing a prescription history for a specific person to assist in determining the validity of a prescription, provided the request is accompanied by the dispenser's license number issued by the relevant licensing authority and an attestation that the dispenser is in compliance with patient notice requirements of 18 VAC 76-20-70.

C. In each case, the request must be complete and provide sufficient information to ensure the correct identity of the prescriber, recipient and/or dispenser.

D. Except as provided in subdivision B 1 of this section, the request form shall include an attestation that the prescription data will not be further disclosed and only used for the purposes stated in the request and in accordance with the law.

E. In order to request disclosure of information contained in the program, a designated employee of the Department of Medical Assistance Services or of the Office of the Chief Medical Examiner shall register with the director as an authorized agent entitled to receive reports under § 54.1-2523 C of the Code of Virginia.

1. Such request for registration shall include an attestation from the applicant's employer of the eligibility and identity of such person.

2. Registration as an agent authorized to receive reports shall expire on June 30 of each even-numbered year or at any such time as the agent leaves or alters his current employment or otherwise becomes ineligible to receive information from the program.

Washington Administrative Code (2011)
Title 246. Health, Department of
Chapter 246-470. Prescription Monitoring Program

246-470-060. Law enforcement, prosecutorial officials, coroners, and medical examiners' access to information from the program.

Local, state, or federal law enforcement officers and prosecutorial officials may obtain prescription monitoring information for a bona fide specific investigation involving a designated person. **A local, state, or federal coroner or medical examiner may obtain prescription monitoring information for a bona fide specific investigation to determine cause of death.**

(1) Registration for access. Local, state, or federal law enforcement officers, prosecutorial officials, coroners, and medical examiners shall register with the department in order to receive an authentication to access information from the program. The registration process shall be established by the department.

(2) Verification by the department. The department shall verify the authentication and identity of local, state, or federal law enforcement officers, prosecutorial officials, coroners, and medical examiners before allowing access to any prescription monitoring information.

(3) Procedure for accessing prescription information. Local, state, or federal law enforcement officers, prosecutorial officials, coroners and medical examiners may access information from the program electronically using the authentication issued by the department.

(4) Local, state, or federal law enforcement officers and prosecutorial officials shall electronically attest that the requested information is required for a bona fide specific investigation involving a designated person prior to accessing prescription monitoring information.

(5) Local, state, or federal coroner or medical examiners shall electronically attest that the requested information is required for a bona fide specific investigation to determine cause of death prior to accessing prescription monitoring information.

(6) Local, state, or federal law enforcement officers, prosecutorial officials, coroners and medical examiners may alternately submit a written request via mail or facsimile transmission in a format established by the department. The written request must contain an attestation that the requested information is required for a bona fide specific investigation involving a designated person or for a bona fide specific investigation to determine cause of death.

(7) Reporting lost or stolen authentication. If the authentication issued by the department is lost, missing, or the security of the authentication is compromised, the local, state, and federal law enforcement officers, prosecutorial officials, coroners or medical examiners shall notify the department by telephone and in writing as soon as reasonably possible.

(8) All requests for, uses of, and disclosures of prescription monitoring information by authorized persons must be consistent with the program's mandate as outlined in RCW 70.225.040 and this chapter.

West's Annotated Code of West Virginia (2012)
Chapter 60A. Uniform Controlled Substances Act
Article 9. Controlled Substances Monitoring

§ 60A-9-5. Confidentiality; limited access to records; period of retention; no civil liability for required reporting

(a) The information required by this article to be kept by the State Board of Pharmacy is confidential and is open to inspection only by inspectors and agents of the State Board of Pharmacy, members of the West Virginia State Police expressly authorized by the Superintendent of the West Virginia State Police to have access to the information, authorized agents of local law-enforcement agencies as a member of a drug task force, authorized agents of the federal Drug Enforcement Administration, duly authorized agents of the Bureau for Medical Services and the Workers' Compensation Commission, **duly authorized agents of the Office of the Chief Medical Examiner for use in post-mortem examinations**, duly authorized agents of licensing boards of practitioners in this state and other states authorized to prescribe Schedules II, III and IV controlled substances, prescribing practitioners and pharmacists and persons with an enforceable court order or regulatory agency administrative subpoena: **Provided, That all information released by the State Board of Pharmacy must be related to a specific patient or a specific individual or entity under investigation by any of the above parties except that practitioners who prescribe controlled substances may request specific data related to their Drug Enforcement Administration controlled substance registration number or for the purpose of providing treatment to a patient.** The Board shall maintain the information required by this article for a period of not less than five years. Notwithstanding any other provisions of this code to the contrary, data obtained under the provisions of this article may be used for compilation of educational, scholarly or statistical purposes as long as the identities of persons or entities remain confidential. No individual or entity required to report under section four of this article may be subject to a claim for civil damages or other civil relief for the reporting of information to the Board of Pharmacy as required under and in accordance with the provisions of this article;

(b) All practitioners, as that term is defined in section one hundred-one, article two of this chapter who prescribe or dispense schedule II, III or IV controlled substances shall, on or before July 1, 2011 have online or other form of electronic access to the West Virginia Controlled Substances Monitoring Program database;

(c) Persons or entities with access to the West Virginia Controlled Substances Monitoring Program database pursuant to this section may, pursuant to rules promulgated by the Board of Pharmacy, delegate appropriate personnel to have access to said database;

(d) Good faith reliance by a practitioner on information contained in the West Virginia Controlled Substances Monitoring Program database in prescribing or dispensing or refusing or
