Introduction

Each state determines by statute or regulation the persons or entities entitled to access or receive information in the prescription monitoring program database in that particular state. This memorandum sets out those states that allow access to or receipt of database information by coroners, medical examiners, and/or state toxicologists. This does not mean that if a particular state is not listed in this memorandum or the accompanying map that coroners, medical examiners, and toxicologists in that state are not allowed access to the information. If such persons fall within the definition of “practitioner” or “health care provider” in the state, he or she may qualify for access to the prescription monitoring program database. Additionally, some medical examiners are treated as law enforcement and may obtain access as a law enforcement official. The following states either specifically include coroners, medical examiners, and/or state toxicologists in the list of persons or entities entitled to access or NAMSDDL was informed by the administrator of the state prescription monitoring program that such persons are allowed access.

Title 20. Public Health and Welfare
Subtitle 2. Health and Safety
Chapter 7. State Board of Health--Department of Health
Subchapter 6. Prescription Drug Monitoring Program Act

§ 20-7-607. Providing prescription monitoring information

(a)(1) The Department of Health may review the Prescription Drug Monitoring Program information, including without limitation a review to identify information that appears to indicate whether a person may be obtaining prescriptions in a manner that may represent misuse or abuse of controlled substances.

(2) If information of misuse or abuse is identified, the department shall notify the practitioners and dispensers who prescribed or dispensed the prescriptions.

(b) The department shall provide information in the Prescription Drug Monitoring Program upon request and at no cost only to the following persons:

(1) A person authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for his or her patients or for reviewing information regarding prescriptions that are recorded as having been issued or dispensed by the requester;

(2) A patient who requests his or her own prescription monitoring information;

(3) A parent or legal guardian of a minor child who requests the minor child's Prescription Drug Monitoring Program information;

(4)(A) A designated representative of a professional licensing board of the professions of the healing arts representing health care disciplines whose licensees are prescribers pursuant to an investigation of a specific individual, entity, or business licensed or permitted by that board.

(B) Except as permitted by subsection (a)(2) of this section, the department shall provide information under subsection (b)(4)(A) of this section only if the requesting board states in writing that the information is necessary for an investigation;

(5) The State Medical Examiner as authorized by law to investigate causes of deaths for cases under investigation pursuant to his or her official duties and responsibilities;

§ 35-48-7-11.1 INSPECT program; confidentiality

Sec. 11.1. (a) Information received by the INSPECT program under section 8.1 of this chapter is confidential.

(b) The board shall carry out a program to protect the confidentiality of the information described in subsection (a). The board may disclose the information to another person only under subsection (c), (d), or (g).

(c) The board may disclose confidential information described in subsection (a) to any person who is authorized to engage in receiving, processing, or storing the information.

(d) Except as provided in subsections (e) and (f), the board may release confidential information described in subsection (a) to the following persons:

(1) A member of the board or another governing body that licenses practitioners and is engaged in an investigation, an adjudication, or a prosecution of a violation under any state or federal law that involves a controlled substance.

(2) An investigator for the consumer protection division of the office of the attorney general, a prosecuting attorney, the attorney general, a deputy attorney general, or an investigator from the office of the attorney general, who is engaged in:

(A) an investigation;

(B) an adjudication; or

(C) a prosecution;

of a violation under any state or federal law that involves a controlled substance.

(3) A law enforcement officer who is an employee of:

(A) a local, state, or federal law enforcement agency; or

(B) an entity that regulates controlled substances or enforces controlled substances rules or laws in another state;

that is certified to receive controlled substance prescription drug information from the INSPECT program.

(4) A practitioner or practitioner's agent certified to receive information from the INSPECT program.

(5) A controlled substance monitoring program in another state with which Indiana has established an interoperability agreement.

(6) The state toxicologist.

(7) A certified representative of the Medicaid retrospective and prospective drug utilization review program.

(8) A substance abuse assistance program for a licensed health care provider who:

(A) has prescriptive authority under IC 25; and

(B) is participating in the assistance program.

(e) Information provided to an individual under:

(1) subsection (d)(3) is limited to information:

(A) concerning an individual or proceeding involving the unlawful diversion or misuse of a schedule II, III, IV, or V controlled substance; and

(B) that will assist in an investigation or proceeding; and

(2) subsection (d)(4) may be released only for the purpose of:

(A) providing medical or pharmaceutical treatment; or

(B) evaluating the need for providing medical or pharmaceutical treatment to a patient.

(f) Before the board releases confidential information under subsection (d), the applicant must be approved by the INSPECT program in a manner prescribed by the board.

(g) The board may release to:

(1) a member of the board or another governing body that licenses practitioners;

(2) an investigator for the consumer protection division of the office of the attorney general, a prosecuting attorney, the attorney general, a deputy attorney general, or an investigator from the office of the attorney general; or

(3) a law enforcement officer who is:

(A) authorized by the state police department to receive controlled substance prescription drug information; and

(B) approved by the board to receive the type of information released;

confidential information generated from computer records that identifies practitioners who are prescribing or dispensing large quantities of a controlled substance.

(h) The information described in subsection (g) may not be released until it has been reviewed by:

(1) a member of the board who is licensed in the same profession as the prescribing or dispensing practitioner identified by the data; or

(2) the board's designee;

and until that member or the designee has certified that further investigation is warranted. However, failure to comply with this subsection does not invalidate the use of any evidence that is otherwise admissible in a proceeding described in subsection (i).

(i) An investigator or a law enforcement officer receiving confidential information under subsection (c), (d), or (g) may disclose the information to a law enforcement officer or an attorney for the office of the attorney general for use as evidence in the following:

(1) A proceeding under IC 16-42-20.

(2) A proceeding under any state or federal law that involves a controlled substance.

(3) A criminal proceeding or a proceeding in juvenile court that involves a controlled substance.

(j) The board may compile statistical reports from the information described in subsection (a). The reports must not include information that identifies any practitioner, ultimate user, or other person administering a controlled substance. Statistical reports compiled under this subsection are public records.

(k) Except as provided in IC 25-22.5-13, this section may not be construed to require a practitioner to obtain information about a patient from the data base.

(l) A practitioner is immune from civil liability for an injury, death, or loss to a person solely due to a practitioner seeking or not seeking information from the INSPECT program. The civil immunity described in this subsection does not extend to a practitioner if the practitioner receives information directly from the INSPECT program and then negligently misuses this information. This subsection does not apply to an act or omission that is a result of gross negligence or intentional misconduct.

(m) The board may review the records of the INSPECT program. If the board determines that a violation of the law may have occurred, the board shall notify the appropriate law enforcement agency or the relevant government body responsible for the licensure, regulation, or discipline of practitioners authorized by law to prescribe controlled substances.

(n) A practitioner who in good faith discloses information based on a report from the INSPECT program to a law enforcement agency is immune from criminal or civil liability. A practitioner that discloses information to a law enforcement agency under this subsection is presumed to have acted in good faith.

Kansas
§ 65-1685

West's Kansas Statutes Annotated (2014)
Chapter 65. Public Health
Article 16. Regulation of Pharmacists

§ 65-1685. Same; database information privileged and confidential; persons authorized to receive data; advisory committee review of information

(a) The prescription monitoring program database, all information contained therein and any records maintained by the board, or by any entity contracting with the board, submitted to, maintained or stored as a part of the database, shall be privileged and confidential, shall not be subject to subpoena or discovery in civil proceedings and may only be used for investigatory or evidentiary purposes related to violations of state or federal law and regulatory activities of entities charged with administrative oversight of those persons engaged in the prescribing or dispensing of scheduled substances and drugs of concern, shall not be a public record and shall not be subject to the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto, except as provided in subsections (c) and (d).

(b) The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted and maintained is not disclosed to persons except as provided in subsections (c) and (d).

(c) The board is hereby authorized to provide data in the prescription monitoring program to the following persons:

(1) Persons authorized to prescribe or dispense scheduled substances and drugs of concern, for the purpose of providing medical or pharmaceutical care for their patients;

(2) an individual who requests the individual's own prescription monitoring information in accordance with procedures established by the board;

(3) designated representatives from the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in the prescribing or dispensing of scheduled substances and drugs of concern;

(4) local, state and federal law enforcement or prosecutorial officials engaged in the administration, investigation or enforcement of the laws governing scheduled substances and drugs of concern subject to the requirements in K.S.A. 22-2502, and amendments thereto;

(5) designated representatives from the department of health and environment regarding authorized medicaid program recipients;

(6) persons authorized by a grand jury subpoena, inquisition subpoena or court order in a criminal action;

(7) personnel of the prescription monitoring program advisory committee for the purpose of operation of the program;

(8) personnel of the board for purposes of administration and enforcement of this act or the uniform controlled substances act, K.S.A. 65-4101 et seq., and amendments thereto;

(9) persons authorized to prescribe or dispense scheduled substances and drugs of concern, when an individual is obtaining prescriptions in a manner that appears to be misuse, abuse or diversion of scheduled substances or drugs of concern; and

(10) medical examiners, coroners or other persons authorized under law to investigate or determine causes of death.

(d) The prescription monitoring program advisory committee established pursuant to K.S.A. 65-1689, and amendments thereto, is authorized to review and analyze the data for purposes of identifying patterns and activity of concern.

(1) If a review of information appears to indicate a person may be obtaining prescriptions in a manner that may represent misuse or abuse of controlled substances and drugs of concern, the advisory committee is authorized to notify the prescribers and dispensers who prescribed or dispensed the prescriptions. If the review identifies patterns or other evidence sufficient to create a reasonable suspicion of criminal activity, the advisory committee is authorized to notify the appropriate law enforcement agency.

(2) If a review of information appears to indicate that a violation of state or federal law relating to prescribing controlled substances and drugs of concern may have occurred, or that a prescriber or dispenser has knowingly prescribed, dispensed or obtained controlled substances and drugs of concern in a manner that is inconsistent with recognized standards of care for the profession, the advisory committee shall determine whether a report to the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in prescribing or dispensing of controlled substances and drugs of concern or to the appropriate law enforcement agency is warranted.

(A) For purposes of such determination the advisory committee may, in consultation with the appropriate regulatory agencies and professional organizations, establish criteria regarding appropriate standards and utilize volunteer peer review committees of professionals with expertise in the particular practice to create such standards and review individual cases.

(B) The peer review committee or committees appointed herein shall have authority to request and receive information in the prescription monitoring program database from the director of the prescription monitoring program.

(C) If the determination is made that a referral to a regulatory or law enforcement agency is not warranted but educational or professional advising might be appropriate, the advisory committee may refer the prescribers or dispensers to other such resources.

(e) The board is hereby authorized to provide data in the prescription monitoring program to public or private entities for statistical, research or educational purposes after removing information that could be used to identify individual practitioners, dispensers, patients or persons who received prescriptions from dispensers.

Montana
§ 37-7-1506

West's Montana Code Annotated (2013)
Title 37. Professions and Occupations
Chapter 7. Pharmacy
Part 15. Prescription Drug Registry

§ 37-7-1506. Providing prescription drug registry information

(1) Registry information is health care information as defined in 50-16-504 and is confidential. Except as provided in 37-7-1504, the board is authorized to provide data from the registry, upon request, only to the following:

(a) a person authorized to prescribe or dispense prescription drugs if the person certifies that the information is needed to provide medical or pharmaceutical treatment to a patient who is the subject of the request and who is under the person's care or has been referred to the person for care;

(b) a prescriber who requests information relating to the prescriber's own prescribing information if the prescriber certifies that the requested information is for a purpose in accordance with board rule;

(c) an individual requesting the individual's registry information if the individual provides evidence satisfactory to the board that the individual requesting the information is the person about whom the data entry was made;

(d) a designated representative of a government agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense drugs, in order to conduct investigations related to a health care professional who is the subject of an active investigation for drug misuse or diversion;

(e) a county coroner or a peace officer employed by a federal, state, tribal, or local law enforcement agency if the county coroner or peace officer has obtained an investigative subpoena;

(f) an authorized individual under the direction of the department of public health and human services for the purpose of reviewing and enforcing that department's responsibilities under the public health, medicare, or medicaid laws; or

(g) a prescription drug registry in another state if the data is subject to limitations and restrictions similar to those provided in 37-7-1502 through 37-7-1513.

- (2) The board shall maintain a record of each individual or entity that requests information from the registry and whether the request was granted pursuant to this section.
- (3) The board may release information in summary, statistical, or aggregate form for educational, research, or public information purposes. The information may not identify a person or entity.
- (4) Information collected by or obtained from the registry may not be used:
- (a) for commercial purposes; or
 - (b) as evidence in any civil or administrative action, except in an investigation and disciplinary proceeding by the department or the agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense prescription drugs.
- (5) Information obtained from the registry in accordance with the requirements of this section may be used in the course of a criminal investigation and subsequent criminal proceedings.
- (6) The board shall adopt rules to ensure that only authorized individuals have access to the registry and only to appropriate information from the registry. The rules must be consistent with:
- (a) the privacy provisions of the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 1320d, et seq.;
 - (b) administrative rules adopted in connection with that act;
 - (c) Article II, section 10, of the Montana constitution; and
 - (d) the privacy provisions of Title 50, chapter 16.
- (7) The procedures established by the board under this section may not impede patient access to prescription drugs for legitimate medical purposes.

Chapter 45. Of the Consolidated Laws

Article 33. Controlled Substances

Title VI. Records and Reports

§ 3371. Confidentiality of certain records, reports, and information

1. No person, who has knowledge by virtue of his or her office of the identity of a particular patient or research subject, a manufacturing process, a trade secret or a formula shall disclose such knowledge, or any report or record thereof, except:

(a) to another person employed by the department, for purposes of executing provisions of this article;

(b) pursuant to judicial subpoena or court order in a criminal investigation or proceeding;

(c) to an agency, department of government, or official board authorized to regulate, license or otherwise supervise a person who is authorized by this article to deal in controlled substances, or in the course of any investigation or proceeding by or before such agency, department or board;

(d) to the prescription monitoring program registry and to authorized users of such registry as set forth in subdivision two of this section;

(e) to a practitioner to inform him or her that a patient may be under treatment with a controlled substance by another practitioner for the purposes of subdivision two of this section, and to facilitate the department's review of individual challenges to the accuracy of controlled substances histories pursuant to subdivision six of section thirty-three hundred forty-three-a of this article;

(f) to a pharmacist to provide information regarding prescriptions for controlled substances presented to the pharmacist for the purposes of subdivision two of this section and to facilitate the department's review of individual challenges to the accuracy of controlled substances histories pursuant to subdivision six of section thirty-three hundred forty-three-a of this article;

(g) to the deputy attorney general for medicaid fraud control, or his or her designee, in furtherance of an investigation of fraud, waste or abuse of the Medicaid program, pursuant to an agreement with the department;

§ 90-113.74. Confidentiality

...

(c) The Department shall release data in the controlled substances reporting system to the following persons only:

(1) Persons authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for their patients. A person authorized to receive data pursuant to this paragraph may delegate the authority to receive the data to other persons working under his or her direction and supervision, provided the Department approves the delegation.

(2) An individual who requests the individual's own controlled substances reporting system information.

(3) Special agents of the North Carolina State Bureau of Investigation who are assigned to the Diversion & Environmental Crimes Unit and whose primary duties involve the investigation of diversion and illegal use of prescription medication. SBI agents assigned to the Diversion & Environmental Crimes Unit may then provide this information to other SBI agents who are engaged in a bona fide specific investigation related to enforcement of laws governing licit drugs. The SBI shall notify the Office of the Attorney General of North Carolina of each request for inspection of records maintained by the Department.

(4) Primary monitoring authorities for other states pursuant to a specific ongoing investigation involving a designated person, if information concerns the dispensing of a Schedule II through V controlled substance to an ultimate user who resides in the other state or the dispensing of a Schedule II through V controlled substance prescribed by a licensed health care practitioner whose principal place of business is located in the other state.

(5) To a sheriff or designated deputy sheriff or a police chief or a designated police investigator who is assigned to investigate the diversion and illegal use of prescription medication or pharmaceutical products identified in Article 5 of this Chapter of the General Statutes as Schedule II through V controlled substances and who is engaged in a bona fide specific investigation related to the enforcement of laws governing licit drugs pursuant to a lawful court order specifically issued for that purpose.

Chapter 431. State and Local Administration and Enforcement of Health Laws
Prescription Monitoring Program
(Program)

§ 431.966. Prescription monitoring information disclosure; limitations

<Text subject to final change by the Oregon Office of the Legislative Counsel.>

...

(2)(a) To the extent that the law or regulation is applicable to the prescription monitoring program, if a disclosure of prescription monitoring information, other than the sex of a patient for whom a drug was prescribed, complies with the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) and regulations adopted under it, including 45 C.F.R. parts 160 and 164, federal alcohol and drug treatment confidentiality laws and regulations adopted under those laws, including 42 C.F.R. part 2, and state health and mental health confidentiality laws, including ORS 179.505, 192.517 and 192.553 to 192.581, the Oregon Health Authority shall disclose the information:

(A) To a practitioner or pharmacist, or, if a practitioner or pharmacist authorizes the authority to disclose the information to a member of the practitioner's or pharmacist's staff, to a member of the practitioner's or pharmacist's staff. If a practitioner or pharmacist authorizes disclosing the information to a member of the practitioner's or pharmacist's staff under this subparagraph, the practitioner or pharmacist remains responsible for the use or misuse of the information by the staff member. To receive information under this subparagraph, or to authorize the receipt of information by a staff member under this subparagraph, a practitioner or pharmacist must certify that the requested information is for the purpose of evaluating the need for or providing medical or pharmaceutical treatment for a patient to whom the practitioner or pharmacist anticipates providing, is providing or has provided care.

(B) To a practitioner in a form that catalogs all prescription drugs prescribed by the practitioner according to the number assigned to the practitioner by the Drug Enforcement Administration of the United States Department of Justice.

(C) To designated representatives of the authority or any vendor or contractor with whom the authority has contracted to establish or maintain the electronic system of the prescription monitoring program.

(D) Pursuant to a valid court order based on probable cause and issued at the request of a federal, state or local law enforcement agency engaged in an authorized drug-related investigation involving a person to whom the requested information pertains.

(E) To a health professional regulatory board that certifies in writing that the requested information is necessary for an investigation related to licensure, renewal or disciplinary action involving the applicant, licensee or registrant to whom the requested information pertains.

(F) To a prescription monitoring program of another state if the confidentiality, security and privacy standards of the requesting state are determined by the authority to be equivalent to those of the authority.

(G) To the State Medical Examiner or designee of the State Medical Examiner, for the purpose of conducting a medicolegal investigation or autopsy.

(b) The authority may disclose information from the prescription monitoring program that does not identify a patient, practitioner or drug outlet:

(A) For educational, research or public health purposes;

(B) To a local public health authority, as defined in ORS 431.260; or

(C) To officials of the authority who are conducting special epidemiologic morbidity and mortality studies in accordance with ORS 432.060 and rules adopted under ORS 431.110.

(c) The authority shall disclose information relating to a patient maintained in the electronic system operated pursuant to the prescription monitoring program established under ORS 431.962 to that patient at no cost to the patient within 10 business days after the authority receives a request from the patient for the information.

(a) Information sent to, contained in, and reported from the database in any format is confidential and not subject to title 10, chapter 7, regarding public records, and not subject to subpoena from any court and shall be made available only as provided for in § 53-10-308 and to the following persons in accordance with the limitations stated and rules promulgated pursuant to this part, or as otherwise provided for in § 53-10-311:

- (1) Personnel of the committee specifically assigned to conduct analysis or research;
- (2) Authorized committee, board, or department of health personnel or any designee appointed by the committee engaged in analysis of controlled substances prescription information as a part of the assigned duties and responsibilities of their employment;
- (3) A prescriber conducting medication history reviews who is actively involved in the care of the patient; a prescriber or supervising physician of the prescriber conducting a review of all medications dispensed by prescription attributed to that prescriber; or a prescriber having authority to prescribe or dispense controlled substances, to the extent the information relates specifically to a current or bona fide prospective patient of the prescriber, to whom the prescriber has prescribed or dispensed, is prescribing or dispensing, or considering prescribing or dispensing any controlled substance. Each authorized individual referenced under this subdivision (a)(3) shall have a separate identifiable authentication for access;
- (4) A dispenser or pharmacist not authorized to dispense controlled substances conducting drug utilization or medication history reviews who is actively involved in the care of the patient; or a dispenser having authority to dispense controlled substances to the extent the information relates specifically to a current or a bona fide prospective patient to whom that dispenser has dispensed, is dispensing, or considering dispensing any controlled substance. Each authorized individual referenced under this subdivision (a)(4) shall have a separate identifiable authentication for access;

(5) A county medical examiner appointed pursuant to § 38-7-104 when acting in an official capacity as established in § 38-7-109; provided, any access to information from the database shall be subject to the confidentiality provisions of this part except where information obtained from the database is appropriately included in any official report of the county medical examiners, toxicological reports or autopsy reports issued by the county medical examiner under § 38-7-110(c);

(6) Personnel of the following entities actively engaged in analysis of controlled substances prescription information as a part of their assigned duties and responsibilities related directly to TennCare:

(A) The office of inspector general;

(B) The medicaid fraud control unit; and

(C) The bureau of TennCare's chief medical officer, associate chief medical directors, director of quality oversight, and associate director of pharmacy;

(7) A quality improvement committee as defined in § 68-11-272 of a hospital licensed under title 68 or title 33, as part of the committee's confidential and privileged activities under § 68-11-272(b)(4) with respect to the evaluation, supervision or discipline of a healthcare provider employed by the hospital or any of its affiliates or subsidiaries, who is known or suspected by the hospital's administrator to be prescribing controlled substances for the prescriber's personal use;

(8) Law enforcement personnel; provided, that such personnel are engaged in the official investigation and enforcement of state or federal laws involving controlled substances or violations under this part; and that any law enforcement personnel receiving information from the database pursuant to this section shall comply with the requirements of this subsection (a):

(A)(i) Any law enforcement agency or judicial district drug task force that wants one (1) or more of its officers or agents to have the authorization to request information from the database shall first pre-approve each such officer. Pre-approval shall be by the applicant's supervisor, who shall be either the chief of police, county sheriff or the judicial district drug task force director. The list of pre-approved applicants shall be sent to the district attorney general in the judicial district in which the agency or task force has jurisdiction;

(ii) By December 1 of each year, each district attorney general shall send to the board of pharmacy a list of applicants authorized to request information from the database from that general's judicial district for the next calendar year;

(B)(i) If the Tennessee bureau of investigation (TBI) wants one (1) or more of its agents to have the authorization to request information from the database each such agent shall first be pre-approved by the agent's immediate supervisor and division head. Approved applicants shall be sent to the board by the director;

(ii) By December 1 of each year, the TBI director shall send to the board of pharmacy a list of applicants authorized to request information from the database from the bureau for the next calendar year;

(C) An application submitted by law enforcement personnel shall include, but not be limited to the:

(i) Applicant's name; title; agency; agency address; agency contact number; agency supervisor; and badge number, identification number or commission number, and the business email address of each applicant officer or agent, the appropriate district attorney general and, if a TBI agent, the TBI director and their business email addresses; and

(ii) Signatures of the applicant, the applicants approving supervisor and the district attorney general of the judicial district in which the applicant has jurisdiction or the approving division head and the TBI director;

(D) It shall be a duty of the board, as part of its duties to maintain the database pursuant to § 53-10-305(c), to receive and verify the lists of authorized applications sent to it by the district attorneys general and the director of the TBI pursuant to this subsection (a); or

(9) The judge of a drug court treatment program, created pursuant to title 16, chapter 22, that is participating in the pilot project pursuant to this act to the extent the information relates specifically to a current participant in the drug court treatment program. Any judge or personnel of a drug court treatment program receiving information from the database pursuant to this subdivision (a)(9) shall comply with the requirements of this subsection (a) and the following:

(A) Any judge of a participating drug court requesting information from the database shall submit an application to the board pursuant to subdivision (a)(9)(B) that must include acknowledgment by the district attorney general of the judge's judicial district that the judge is seeking information from the database on a current participant in the drug court treatment program;

(B) An application submitted by the judge of a drug court treatment program shall include:

(i) The applicant's name, title, agency, agency address, and the business email address;

(ii) The signatures of the judge and the district attorney general of the judicial district in which the judge has jurisdiction; and

(iii) The names of any current participants in the drug court treatment program that the judge has a reasonable belief may not be in compliance with the guidelines or rules of participation in the drug court treatment program as they pertain solely to the participant's unauthorized use or misuse of controlled substances. Such information shall not be considered a public record as defined by § 10-7-503; and

(C) A patient for whom a prescription is written, insofar as the information relates to that patient.

(D) The relevant occupational licensing or certification authority if the Commissioner reasonably suspects fraudulent or illegal activity by a health care provider. The licensing or certification authority may report the data that are the evidence for the suspected fraudulent or illegal activity to a drug diversion investigator.

(E)(i) The Commissioner of Public Safety, personally, or the Deputy Commissioner of Public Safety, personally, if the Commissioner of Health, personally, or a Deputy Commissioner of Health, personally, makes the disclosure and has consulted with at least one of the patient's health care providers, when the disclosure is necessary to avert a serious and imminent threat to a person or the public.

(ii) The Commissioner of Public Safety, personally, or the Deputy Commissioner of Public Safety, personally, when he or she requests data from the Commissioner of Health, and the Commissioner of Health believes, after consultation with at least one of the patient's health care providers, that disclosure is necessary to avert a serious and imminent threat to a person or the public.

(iii) The Commissioner or Deputy Commissioner of Public Safety may disclose such data received pursuant to this subdivision (E) as is necessary, in his or her discretion, to avert the serious and imminent threat.

(F) A prescription monitoring system or similar entity in another state pursuant to a reciprocal agreement to share prescription monitoring information with the Vermont Department of Health as described in section 4288 of this title.

Virginia
§ 54.1-2523
18 VAC 76-20-60

West's Annotated Code of Virginia (2014)
Title 54.1. Professions and Occupations
Subtitle III. Professions and Occupations Regulated by Boards Within the Department of Health Professions
Chapter 25.2. Prescription Monitoring Program

§ 54.1-2523. Confidentiality of data; disclosure of information; discretionary authority of Director

A. All data, records, and reports relating to the prescribing and dispensing of covered substances to recipients and any abstracts from such data, records, and reports that are in the possession of the Prescription Monitoring Program pursuant to this chapter and any material relating to the operation or security of the program shall be confidential and shall be exempt from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 15 of § 2.2-3705.5. Further, the Director shall only have discretion to disclose any such information as provided in subsections B and C.

B. Upon receiving a request for information in accordance with the Department's regulations and in compliance with applicable federal law and regulations, the Director shall disclose the following:

1. Information relevant to a specific investigation of a specific recipient or of a specific dispenser or prescriber to an agent who has completed the Virginia State Police Drug Diversion School designated by the superintendent of the Department of State Police or designated by the chief law-enforcement officer of any county, city, or town or campus police department to conduct drug diversion investigations pursuant to § 54.1-3405.

2. Information relevant to an investigation or inspection of or allegation of misconduct by a specific person licensed, certified, or registered by or an applicant for licensure, certification, or registration by a health regulatory board; information relevant to a disciplinary proceeding before a health regulatory board or in any subsequent trial or appeal of an action or board order to designated employees of the Department of Health Professions; or to designated persons operating the Health Practitioners' Monitoring Program pursuant to Chapter 25.1 (§ 54.1-2515 et seq.).

3. Information relevant to the proceedings of any investigatory grand jury or special grand jury that has been properly impaneled in accordance with the provisions of Chapter 13 (§ 19.2-191 et seq.) of Title 19.2.

4. Information relevant to a specific investigation of a specific recipient, dispenser, or prescriber to an agent of a federal law-enforcement agency with authority to conduct drug diversion investigations.

C. In accordance with the Department's regulations and applicable federal law and regulations, the Director may, in his discretion, disclose:

1. Information in the possession of the program concerning a recipient who is over the age of 18 to that recipient. The information shall be mailed to the street or mailing address indicated on the recipient request form.

2. Information on a specific recipient to a prescriber, as defined in this chapter, for the purpose of establishing the treatment history of the specific recipient when such recipient is either under care and treatment by the prescriber or the prescriber is initiating treatment of such recipient. In a manner specified by the Director in regulation, notice shall be given to patients that information may be requested by the prescriber from the Prescription Monitoring Program.

3. Information on a specific recipient to a dispenser for the purpose of establishing a prescription history to assist the dispenser in determining the validity of a prescription in accordance with § 54.1-3303 when the recipient is seeking a covered substance from the dispenser or the facility in which the dispenser practices. In a manner specified by the Director in regulation, notice shall be given to patients that information may be requested by the dispenser from the Prescription Monitoring Program.

4. Information relevant to an investigation or regulatory proceeding of a specific dispenser or prescriber to other regulatory authorities concerned with granting, limiting or denying licenses, certificates or registrations to practice a health profession when such regulatory authority licenses such dispenser or prescriber or such dispenser or prescriber is seeking licensure by such other regulatory authority.

5. Information relevant to an investigation relating to a specific dispenser or prescriber who is a participating provider in the Virginia Medicaid program or information relevant to an investigation relating to a specific recipient who is currently eligible for and receiving or who has been eligible for and has received medical assistance services to the Medicaid Fraud Control Unit of the Office of the Attorney General or to designated employees of the Department of Medical Assistance Services, as appropriate.

6. Information relevant to determination of the cause of death of a specific recipient to the designated employees of the Office of the Chief Medical Examiner.

7. Information for the purpose of bona fide research or education to qualified personnel; however, data elements that would reasonably identify a specific recipient, prescriber, or dispenser shall be deleted or redacted from such information prior to disclosure. Further, release

of the information shall only be made pursuant to a written agreement between such qualified personnel and the Director in order to ensure compliance with this subdivision.

8. Information relating to prescriptions for covered substances issued by a specific prescriber, which have been dispensed and reported to the Program, to that prescriber.

D. The Director may enter into agreements for mutual exchange of information among prescription monitoring programs in other jurisdictions, which shall only use the information for purposes allowed by this chapter.

E. This section shall not be construed to supersede the provisions of § 54.1-3406 concerning the divulging of confidential records relating to investigative information.

F. Confidential information that has been received, maintained or developed by any board or disclosed by the board pursuant to subsection A shall not, under any circumstances, be available for discovery or court subpoena or introduced into evidence in any medical malpractice suit or other action for damages arising out of the provision of or failure to provide services. However, this subsection shall not be construed to inhibit any investigation or prosecution conducted pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

Chapter 20. Regulations Governing the Prescription Monitoring Program

18 VAC 76-20-60. Criteria for discretionary disclosure of information by the director.

A. In accordance with § 54.1-2523 C of the Code of Virginia, the director may disclose information in the program to certain persons provided the request is made in a format designated by the department.

B. The director may disclose information to:

1. The recipient of the dispensed drugs, provided the request is accompanied by a copy of a valid photo identification issued by a government agency of any jurisdiction in the United States verifying that the recipient is over the age of 18 and includes a notarized signature of the requesting party. The report shall be mailed to the address on the license or delivered to the recipient at the department.

2. The prescriber for the purpose of establishing a treatment history for a patient or prospective patient or for the purpose of obtaining a record of prescriptions issued by that prescriber, provided the request is accompanied by the prescriber's registration number with the United States Drug Enforcement Administration (DEA) and attestation that the prescriber is in

compliance with patient notice requirements of 18 VAC 76-20-70. The prescriber may delegate the submission of a request for information, provided the delegation is in compliance with § 54.1-2523.2 of the Code of Virginia. The health care professionals to whom the prescriber has authorized access to information shall be registered with the program. Requests for information made by a delegated health care professional shall be made in his own name, using his own unique identifiers assigned by the program.

3. Another regulatory authority conducting an investigation or disciplinary proceeding or making a decision on the granting of a license or certificate, provided the request is related to an allegation of a possible controlled substance violation and that it is accompanied by the signature of the chief executive officer who is authorized to certify orders or to grant or deny licenses.

4. Governmental entities charged with the investigation and prosecution of a dispenser, prescriber, or recipient participating in the Virginia Medicaid program, provided the request is accompanied by the signature of the official within the Office of the Attorney General responsible for the investigation.

5. A dispenser for the purpose of establishing a prescription history for a specific person to assist in determining the validity of a prescription, provided the request is accompanied by the dispenser's license number issued by the relevant licensing authority and an attestation that the dispenser is in compliance with patient notice requirements of 18 VAC 76-20-70.

C. In each case, the request must be complete and provide sufficient information to ensure the correct identity of the prescriber, recipient, and/or dispenser.

D. Except as provided in subdivision B 1 of this section, the request form shall include an attestation that the prescription data will not be further disclosed and only used for the purposes stated in the request and in accordance with the law.

E. In order to request disclosure of information contained in the program, a designated employee of the Department of Medical Assistance Services or of the Office of the Chief Medical Examiner shall register with the director as an authorized agent entitled to receive reports under § 54.1-2523 C of the Code of Virginia.

1. Such request for registration shall include an attestation from the applicant's employer of the eligibility and identity of such person.

2. Registration as an agent authorized to receive reports shall expire on June 30 of each even-numbered year or at any such time as the agent leaves or alters his current employment or otherwise becomes ineligible to receive information from the program.

Title 246. Health, Department of
Chapter 246-470. Prescription Monitoring Program

246-470-060. Law enforcement, prosecutorial officials, coroners, and medical examiners' access to information from the program.

Local, state, or federal law enforcement officers and prosecutorial officials may obtain prescription monitoring information for a bona fide specific investigation involving a designated person. **A local, state, or federal coroner or medical examiner may obtain prescription monitoring information for a bona fide specific investigation to determine cause of death.**

(1) Registration for access. Local, state, or federal law enforcement officers, prosecutorial officials, coroners, and medical examiners shall register with the department in order to receive an authentication to access information from the program. The registration process shall be established by the department.

(2) Verification by the department. The department shall verify the authentication and identity of local, state, or federal law enforcement officers, prosecutorial officials, coroners, and medical examiners before allowing access to any prescription monitoring information.

(3) Procedure for accessing prescription information. Local, state, or federal law enforcement officers, prosecutorial officials, coroners and medical examiners may access information from the program electronically using the authentication issued by the department.

(4) Local, state, or federal law enforcement officers and prosecutorial officials shall electronically attest that the requested information is required for a bona fide specific investigation involving a designated person prior to accessing prescription monitoring information.

(5) Local, state, or federal coroner or medical examiners shall electronically attest that the requested information is required for a bona fide specific investigation to determine cause of death prior to accessing prescription monitoring information.

(6) Local, state, or federal law enforcement officers, prosecutorial officials, coroners and medical examiners may alternately submit a written request via mail or facsimile transmission in a format established by the department. The written request must contain an attestation that the requested information is required for a bona fide specific

West Virginia

§ 60A-9-5

West's Annotated Code of West Virginia (2014)
Chapter 60A. Uniform Controlled Substances Act
Article 9. Controlled Substances Monitoring

§ 60A-9-5. Confidentiality; limited access to records; period of retention; no civil liability for required reporting

(a)(1) The information required by this article to be kept by the State Board of Pharmacy is confidential and not subject to the provisions of chapter twenty-nine-b of this code or obtainable as discovery in civil matters absent a court order and is open to inspection only by inspectors and agents of the State Board of Pharmacy, members of the West Virginia State Police expressly authorized by the Superintendent of the West Virginia State Police to have access to the information, authorized agents of local law-enforcement agencies as members of a federally affiliated drug task force, authorized agents of the federal Drug Enforcement Administration, duly authorized agents of the Bureau for Medical Services, **duly authorized agents of the Office of the Chief Medical Examiner for use in post-mortem examinations, duly authorized agents of licensing boards of practitioners in this state and other states authorized to prescribe Schedules II, III and IV controlled substances, prescribing practitioners and pharmacists and persons with an enforceable court order or regulatory agency administrative subpoena: Provided, That all law-enforcement personnel who have access to the Controlled Substances Monitoring Program database shall be granted access in accordance with applicable state laws and Board of Pharmacy legislative rules, shall be certified as a West Virginia law-enforcement officer and shall have successfully completed United States Drug Enforcement Administration Diversion Training and National Association of Drug Diversion Investigation Training. All information released by the State Board of Pharmacy must be related to a specific patient or a specific individual or entity under investigation by any of the above parties except that practitioners who prescribe or dispense controlled substances may request specific data related to their Drug Enforcement Administration controlled substance registration number or for the purpose of providing treatment to a patient: Provided, however, That the West Virginia Controlled Substances Monitoring Program Database Review Committee established in subsection (b) of this section is authorized to query the database to comply with said subsection.**

(2) Subject to the provisions of subdivision (1) of this subsection, the board shall also review the West Virginia Controlled Substance Monitoring Program database and issue reports that identify abnormal or unusual practices of patients who exceed parameters as determined by the advisory committee established in this section. The board shall communicate with prescribers and dispensers to more effectively manage the medications of their patients in the manner recommended by the advisory committee. All other reports produced by the board shall be kept confidential. The board shall maintain the information required by this article for a period of not less than five years. Notwithstanding any other provisions of this code to the contrary, data

obtained under the provisions of this article may be used for compilation of educational, scholarly or statistical purposes, and may be shared with the West Virginia Department of Health and Human Resources for those purposes, as long as the identities of persons or entities and any personally identifiable information, including protected health information, contained therein shall be redacted, scrubbed or otherwise irreversibly destroyed in a manner that will preserve the confidential nature of the information. No individual or entity required to report under section four of this article may be subject to a claim for civil damages or other civil relief for the reporting of information to the Board of Pharmacy as required under and in accordance with the provisions of this article.

(3) The board shall establish an advisory committee to develop, implement and recommend parameters to be used in identifying abnormal or unusual usage patterns of patients in this state. This advisory committee shall:

(A) Consist of the following members: A physician licensed by the West Virginia Board of Medicine, a dentist licensed by the West Virginia Board of Dental Examiners, a physician licensed by the West Virginia Board of Osteopathy, a licensed physician certified by the American Board of Pain Medicine, a licensed physician board certified in medical oncology recommended by the West Virginia State Medical Association, a licensed physician board certified in palliative care recommended by the West Virginia Center on End of Life Care, a pharmacist licensed by the West Virginia Board of Pharmacy, a licensed physician member of the West Virginia Academy of Family Physicians, an expert in drug diversion and such other members as determined by the board.

(B) Recommend parameters to identify abnormal or unusual usage patterns of controlled substances for patients in order to prepare reports as requested in accordance with subsection (a), subdivision (2) of this section.

(C) Make recommendations for training, research and other areas that are determined by the committee to have the potential to reduce inappropriate use of prescription drugs in this state, including, but not limited to, studying issues related to diversion of controlled substances used for the management of opioid addiction.

(D) Monitor the ability of medical services providers, health care facilities, pharmacists and pharmacies to meet the twenty-four hour reporting requirement for the Controlled Substances Monitoring Program set forth in section three of this article, and report on the feasibility of requiring real-time reporting.

(E) Establish outreach programs with local law enforcement to provide education to local law enforcement on the requirements and use of the Controlled Substances Monitoring Program database established in this article.
