Introduction

Each state determines by statute or regulation the persons or entities entitled to access or receive information in the prescription monitoring program database in that particular state. This memorandum sets out those states that allow access to or receipt of database information by mental health/substance abuse professionals, peer review committees, and/or quality improvement committees of a hospital. This does not mean that if a particular state is not listed in this memorandum or the accompanying map that these individuals or entities in that state are not allowed access to the information. If such persons fall within the definition of “practitioner” or “health care provider” in the state, he or she may qualify for access to the prescription monitoring program database. The following states either specifically include mental health/substance abuse professionals, peer review committees, and/or quality improvement committees of a hospital in the list of persons or entities entitled to access or NAMSDDL was informed by the administrator of the state prescription monitoring program that such persons or entities are allowed access.

§ 12-42.5-404. Program operation--access--rules

- (1) The board shall operate and maintain the program.
- (2) The board shall adopt all rules necessary to implement the program.
- (3) The program is available for query only to the following persons or groups of persons:**
 - (a) Board staff responsible for administering the program;
 - (b) Any practitioner with the statutory authority to prescribe controlled substances, or an individual designated by the practitioner to act on his or her behalf in accordance with Section 12-42.5-403(1.5)(b) to the extent the query relates to a current patient of the practitioner to whom the practitioner is prescribing or considering prescribing any controlled substance;
 - (c) A practitioner, or an individual designated by the practitioner to act on his or her behalf in accordance with Section 12-42.5-403(1.5)(b) engaged in a legitimate program to monitor a patient's drug abuse;
 - (c.5) The medical director, or his or her designee, at a facility that treats addiction with controlled substances, if an individual in treatment at the facility gives permission to the facility to access his or her program records;**
 - (d) A pharmacist, an individual designated by the pharmacist in accordance with Section 12-42.5-403(1.5)(b) to act on his or her behalf, or a pharmacist licensed in another state, to the extent the information requested relates specifically to a current patient to whom the pharmacist is dispensing or considering dispensing a controlled substance or to whom the pharmacist is providing clinical patient care services;
 - (e) Law enforcement officials so long as the information released is specific to an individual patient or practitioner and is part of a bona fide investigation, and the request for information is accompanied by an official court order or subpoena;

- (f) The individual who is the recipient of a controlled substance prescription so long as the information released is specific to the individual;
- (g) State regulatory boards within the division and the director of the division so long as the information released is specific to an individual practitioner and is part of a bona fide investigation, and the request for information is accompanied by an official court order or subpoena;
- (h) A resident physician with an active physician training license issued by the Colorado medical board pursuant to section 12-36-122 and under the supervision of a licensed physician;
- (i) The Department of Public Health and Environment for purposes of population-level analysis, but any use of the program data by the department is subject to the federal “Health Insurance Portability and Accountability Act of 1996”, Pub.L. 104-191, as amended, and implementing federal regulations, including the requirement to remove any identifying data unless exempted from the requirement.
- (4) The board shall not charge a practitioner or pharmacy who transmits data in compliance with the operation and maintenance of the program a fee for the transmission of the data.
- (5) The board, the Department of Public Health and Environment, or the Department of Health Care Policy and Financing, pursuant to a written agreement that ensures compliance with this part 4, may provide data to qualified personnel of a public or private entity for the purpose of bona fide research or education so long as the data does not identify a recipient of a practitioner who prescribed, or a prescription drug outlet that dispensed, a prescription drug.
- (6) The board shall provide a means of sharing information about individuals whose information is recorded in the program with out-of-state health care practitioners and law enforcement officials that meet the requirements of paragraph (b), (c), or (e) of subsection (3) of this section.
- (7) The board shall develop criteria for indicators of misuse, abuse, and diversion of controlled substances and, based on those criteria, provide unsolicited reports of dispensed controlled substances to prescribing practitioners and dispensing pharmacies for purposes of education and intervention to prevent and reduce occurrences of controlled substance misuse, abuse, and diversion. In developing the criteria, the board shall consult with the Colorado Dental Board, Colorado Medical Board, State Board of Nursing, State Board of Optometry, Colorado Podiatry Board, and State Board of Veterinary Medicine.

...

(b) Definitions.

...

(9) “Licensed professional counselor of mental health” means an individual licensed as a professional counselor of mental health who publicly offers to render to individuals, groups, organizations or the general public a service involving the application of clinical counseling principles, methods or procedures and the diagnosis and treatment of mental and emotional disorders to assist individuals in achieving more effective personal and social adjustment.

...

(g) A licensed chemical dependency professional or licensed professional counselor of mental health may obtain a patient utilization report from the Prescription Monitoring Program for patients enrolled in substance abuse treatment programs receiving treatment from, or under the direction of, the chemical dependency professional or professional counselor of mental health.

...

(l) The Office of Controlled Substances shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed, except as provided for in this section.

(1) If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the Office of Controlled Substances shall notify the appropriate law enforcement or professional licensure, certification, or regulatory agency or entity and shall provide prescription information required for an investigation.

(2) The Office of Controlled Substances may provide data in the prescription monitoring program in the form of a report to the following persons:

a. A prescriber, or other person authorized by the prescriber, or a dispenser, or other person authorized by the dispenser, who requests information and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide patient;

b. An individual who requests the individual's own prescription monitoring information in accordance with procedures established pursuant to regulations;

c. A designated representative of any Board or Commission pursuant to § 8735(a) of Title 29 responsible for the licensure, regulation, or discipline of prescribers, dispensers or other persons authorized to prescribe, administer, or dispense controlled substances and who is involved in a bona fide specific investigation involving a designated person;

d. A local, state, or federal law-enforcement or prosecutorial official engaged in the administration, investigation, or enforcement of the laws governing controlled substances and who is involved in a bona fide specific drug-related investigation in which a report of suspected criminal activity involving controlled substances by an identified suspect has been made, and provided that such information be relevant and material to such investigation, limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought, and include identifying information only if nonidentifying information could not be used;

e. The Delaware Department of Health and Social Services regarding Medicaid program recipients;

f. A properly convened grand jury pursuant to a subpoena properly issued for the records;

g. Personnel of the Division of Professional Regulation for purposes of administration and enforcement of this section;

h. A licensed chemical dependency professional or licensed professional counselor of mental health who requests information and certifies that the requested information is for a patient enrolled in a substance abuse treatment program receiving treatment from, or under the direction of the chemical dependency professional or professional counselor of mental health.

i. The Chief Medical Examiner or licensed physician designee who requests information and certifies the request is for the purpose of investigating the death of an individual.

j. Qualified personnel for the purpose of bona fide research or education; however, data elements that would reasonably identify a specific recipient, prescriber or dispenser must be deleted or redacted from such information prior to disclosure; and further provided that, release of the information may be made only pursuant to a written agreement between qualified personnel and the Office of Controlled Substances in order to ensure compliance with this subsection.

Kansas
§ 65-1685

West's Kansas Statutes Annotated (2014)
Chapter 65. Public Health
Article 16. Regulation of Pharmacists

§ 65-1685. Same; database information privileged and confidential; persons authorized to receive data; advisory committee review of information

(a) The prescription monitoring program database, all information contained therein and any records maintained by the board, or by any entity contracting with the board, submitted to, maintained or stored as a part of the database, shall be privileged and confidential, shall not be subject to subpoena or discovery in civil proceedings and may only be used for investigatory or evidentiary purposes related to violations of state or federal law and regulatory activities of entities charged with administrative oversight of those persons engaged in the prescribing or dispensing of scheduled substances and drugs of concern, shall not be a public record and shall not be subject to the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto, except as provided in subsections (c) and (d).

(b) The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted and maintained is not disclosed to persons except as provided in subsections (c) and (d).

(c) The board is hereby authorized to provide data in the prescription monitoring program to the following persons:

(1) Persons authorized to prescribe or dispense scheduled substances and drugs of concern, for the purpose of providing medical or pharmaceutical care for their patients;

(2) an individual who requests the individual's own prescription monitoring information in accordance with procedures established by the board;

(3) designated representatives from the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in the prescribing or dispensing of scheduled substances and drugs of concern;

(4) local, state and federal law enforcement or prosecutorial officials engaged in the administration, investigation or enforcement of the laws governing scheduled substances and drugs of concern subject to the requirements in K.S.A. 22-2502, and amendments thereto;

(5) designated representatives from the department of health and environment regarding authorized medicaid program recipients;

(6) persons authorized by a grand jury subpoena, inquisition subpoena or court order in a criminal action;

(7) personnel of the prescription monitoring program advisory committee for the purpose of operation of the program;

(8) personnel of the board for purposes of administration and enforcement of this act or the uniform controlled substances act, K.S.A. 65-4101 et seq., and amendments thereto;

(9) persons authorized to prescribe or dispense scheduled substances and drugs of concern, when an individual is obtaining prescriptions in a manner that appears to be misuse, abuse or diversion of scheduled substances or drugs of concern; and

(10) medical examiners, coroners or other persons authorized under law to investigate or determine causes of death.

(d) The prescription monitoring program advisory committee established pursuant to K.S.A. 65-1689, and amendments thereto, is authorized to review and analyze the data for purposes of identifying patterns and activity of concern.

(1) If a review of information appears to indicate a person may be obtaining prescriptions in a manner that may represent misuse or abuse of controlled substances and drugs of concern, the advisory committee is authorized to notify the prescribers and dispensers who prescribed or dispensed the prescriptions. If the review identifies patterns or other evidence sufficient to create a reasonable suspicion of criminal activity, the advisory committee is authorized to notify the appropriate law enforcement agency.

(2) If a review of information appears to indicate that a violation of state or federal law relating to prescribing controlled substances and drugs of concern may have occurred, or that a prescriber or dispenser has knowingly prescribed, dispensed or obtained controlled substances and drugs of concern in a manner that is inconsistent with recognized standards of care for the profession, the advisory committee shall determine whether a report to the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in prescribing or dispensing of controlled substances and drugs of concern or to the appropriate law enforcement agency is warranted.

(A) For purposes of such determination the advisory committee may, in consultation with the appropriate regulatory agencies and professional organizations, establish criteria regarding appropriate standards and utilize volunteer peer review committees of professionals with expertise in the particular practice to create such standards and review individual cases.

(B) The peer review committee or committees appointed herein shall have authority to request and receive information in the prescription monitoring program database from the director of the prescription monitoring program.

(C) If the determination is made that a referral to a regulatory or law enforcement agency is not warranted but educational or professional advising might be appropriate, the advisory committee may refer the prescribers or dispensers to other such resources.

(e) The board is hereby authorized to provide data in the prescription monitoring program to public or private entities for statistical, research or educational purposes after removing information that could be used to identify individual practitioners, dispensers, patients or persons who received prescriptions from dispensers.

Subd. 6. Access to reporting system data. (a) Except as indicated in this subdivision, the data submitted to the board under subdivision 4 is private data on individuals as defined in section 13.02, subdivision 12, and not subject to public disclosure.

(b) Except as specified in subdivision 5, the following persons shall be considered permissible users and may access the data submitted under subdivision 4 in the same or similar manner, and for the same or similar purposes, as those persons who are authorized to access similar private data on individuals under federal and state law:

(1) a prescriber or an agent or employee of the prescriber to whom the prescriber has delegated the task of accessing the data, to the extent the information relates specifically to a current patient, to whom the prescriber is:

(i) prescribing or considering prescribing any controlled substance;

(ii) providing emergency medical treatment for which access to the data may be necessary; or

(iii) providing other medical treatment for which access to the data may be necessary and the patient has consented to access to the submitted data, and with the provision that the prescriber remains responsible for the use or misuse of data accessed by a delegated agent or employee;

(2) a dispenser or an agent or employee of the dispenser to whom the dispenser has delegated the task of accessing the data, to the extent the information relates specifically to a current patient to whom that dispenser is dispensing or considering dispensing any controlled substance and with the provision that the dispenser remains responsible for the use or misuse of data accessed by a delegated agent or employee;

(3) a licensed pharmacist who is providing pharmaceutical care for which access to the data may be necessary to the extent that the information relates specifically to a current patient for whom the pharmacist is providing pharmaceutical care if the patient has consented to access to the submitted data;

(4) an individual who is the recipient of a controlled substance prescription for which data was submitted under subdivision 4, or a guardian of the individual, parent or guardian of a minor, or health care agent of the individual acting under a health care directive under chapter 145C;

(5) personnel of the board specifically assigned to conduct a bona fide investigation of a specific licensee;

(6) personnel of the board engaged in the collection, review, and analysis of controlled substance prescription information as part of the assigned duties and responsibilities under this section;

(7) authorized personnel of a vendor under contract with the state of Minnesota who are engaged in the design, implementation, operation, and maintenance of the prescription monitoring program as part of the assigned duties and responsibilities of their employment, provided that access to data is limited to the minimum amount necessary to carry out such duties and responsibilities, and subject to the requirement of de-identification and time limit on retention of data specified in subdivision 5, paragraphs (d) and (e);

(8) federal, state, and local law enforcement authorities acting pursuant to a valid search warrant;

(9) personnel of the Minnesota health care programs assigned to use the data collected under this section to identify and manage recipients whose usage of controlled substances may warrant restriction to a single primary care provider, a single outpatient pharmacy, and a single hospital;

(10) personnel of the Department of Human Services assigned to access the data pursuant to paragraph (h); and

(11) personnel of the health professionals services program established under section 214.31, to the extent that the information relates specifically to an individual who is currently enrolled in and being monitored by the program, and the individual consents to access to that information. The health professionals services program personnel shall not provide this data to a health-related licensing board or the Emergency Medical Services Regulatory Board, except as permitted under section 214.33, subdivision 3.

For purposes of clause (4), access by an individual includes persons in the definition of an individual under section 13.02.

(c) A permissible user identified in paragraph (b), clauses (1), (2), (3), (6), (7), (9), and (10) may directly access the data electronically. If the data is directly accessed electronically, the permissible user shall implement and maintain a comprehensive information security program that contains administrative, technical, and physical safeguards that are appropriate to the user's size and complexity, and the sensitivity of the personal information obtained. The permissible user shall identify reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of personal information that could result in the unauthorized disclosure, misuse, or other compromise of the information and assess the sufficiency of any safeguards in place to control the risks.

(d) The board shall not release data submitted under subdivision 4 unless it is provided with evidence, satisfactory to the board, that the person requesting the information is entitled to receive the data.

(e) The board shall maintain a log of all persons who access the data for a person of at least three years and shall ensure that any permissible user complies with paragraph (c) prior to attaining direct access to the data.

(f) Section 13.05, subdivision 6, shall apply to any contract the board enters into pursuant to subdivision 2. A vendor shall not use data collected under this section for any purpose not specified in this section.

(g) The board may participate in an interstate prescription monitoring program data exchange system provided that permissible users in other states have access to the data only as allowed under this section, and that section 13.05, subdivision 6, applies to any contract or memorandum of understanding that the board enters into under this paragraph. The board shall report to the chairs and ranking minority members of the senate and house of representatives committees with jurisdiction over health and human services policy and finance on the interstate prescription monitoring program by January 5, 2016.

(h) With available appropriations, the commissioner of human services shall establish and implement a system through which the Department of Human Services shall routinely access the data for the purpose of determining whether any client enrolled in an opioid treatment program licensed according to chapter 245A has been prescribed or dispensed a controlled substance in addition to that administered or dispensed by the opioid treatment program. When the commissioner determines there have been multiple prescribers or multiple prescriptions of controlled substances, the commissioner shall:

(1) inform the medical director of the opioid treatment program only that the commissioner determined the existence of multiple prescribers or multiple prescriptions of controlled substances; and

(2) direct the medical director of the opioid treatment program to access the data directly, review the effect of the multiple prescribers or multiple prescriptions, and document the review.

If determined necessary, the commissioner of human services shall seek a federal waiver of, or exception to, any applicable provision of Code of Federal Regulations, title 42, section 2.34, paragraph (c), prior to implementing this paragraph.

(i) The board shall review the data submitted under subdivision 4 on at least a quarterly basis and shall establish criteria, in consultation with the advisory task force, for referring information about a patient to prescribers and dispensers who prescribed or dispensed the prescriptions in question if the criteria are met. The board shall report to the chairs and ranking minority members of the senate and house of representatives committees with jurisdiction over health and human services policy and finance on the criteria established under this paragraph and the review process by January 5, 2016. This paragraph expires August 1, 2016.

(8) Law enforcement personnel; provided, that such personnel are engaged in the official investigation and enforcement of state or federal laws involving controlled substances; and that any law enforcement personnel receiving information from the database pursuant to this section shall comply with the requirements of this subsection (a):

(A)(i) Any law enforcement agency or judicial district drug task force that wants one (1) or more of its officers or agents to have the authorization to request information from the database shall first pre-approve each such officer. Pre-approval shall be by the applicant's supervisor, who shall be either the chief of police, county sheriff or the judicial district drug task force director. The list of pre-approved applicants shall be sent to the district attorney general in the judicial district in which the agency or task force has jurisdiction.

(ii) By December 1 of each year, each district attorney general shall send to the board of pharmacy a list of applicants authorized to request information from the database from that general's judicial district for the next calendar year.

(B)(i) If the Tennessee bureau of investigation (TBI) wants one (1) or more of its agents to have the authorization to request information from the database each such agent shall first be pre-approved by the agent's immediate supervisor and division head. Approved applicants shall be sent to the board by the director.

(ii) By December 1 of each year, the TBI director shall send to the board of pharmacy a list of applicants authorized to request information from the database from the bureau for the next calendar year.

(C) An application submitted by a law enforcement agency, a judicial drug task force or the TBI shall include, but not be limited to the:

(i) Applicant's name; title; agency; agency address; agency contact number; agency supervisor; and badge number, identification number or commission number, and the business email address of each applicant officer or agent, the appropriate district attorney general and, if a TBI agent, the TBI director and their business email addresses; and

(ii) Signatures of the applicant, the applicants approving supervisor and the district attorney general of the judicial district in which the applicant has jurisdiction or the approving division head and the TBI director.

(D) It shall be a duty of the board, as part of its duties to maintain the database pursuant to § 53-10-305(c), to receive and verify the lists of authorized applications sent to it by the district attorneys general and the director of the TBI pursuant to this subsection (a).
