Allows Municipalities to Prohibit Establishment of Dispensary or Regulate Dispensing Procedures			

¹Delaware prohibits a dispensary from employing a person who: was convicted of an excluded felony offense; is under 21 years of age; has been convicted of a misdemeanor drug offense, within 5 years from the date of the application.

²A number of conditions are unique to Delaware including: provides that dispensaries may only purchase usable marijuana or mature marijuana plants from another dispensaries; requires dispensaries to determine that an individual is a current cardholder in the verification system before distributing marijuana; prohibits advertisement.

³New Jersey requires the submission of several additional documents not required by other states, including: documentation of a valid Business Registration Certificate on file with the New Jersey Department of the Treasury, Division of Revenue; the by-laws and a list of the members of the dispensaries medical advisory board; evidence of compliance with inspection and auditing of the dispensary; written verification of the approval of the community or governing body of the municipality in which the alternative treatment center is or will be located; a legible map or maps of the service areas by zip code to be served by the alternative treatment center showing the location of the alternative treatment center; and text and graphic materials showing the exterior appearance of the dispensary and its site compatibility with commercial structures already constructed or under construction within the immediate neighborhood.

⁴ New Jersey requires the state's selection committee to evaluate and score each application based on the quality of the applicant's submission, and its conformity to the notice of request for applications published in the New Jersey Register.

⁵New Jersey requires the consideration of several factors other states do not consider, including: any convictions of the applicant under any Federal, state or local laws relating to drug samples, wholesale or retail drug distribution or distribution of a controlled substance; any felony conviction under Federal laws, or the equivalent conviction under state or local laws; the applicant's past experience in the manufacturing or distribution of drugs or controlled substances; the furnishing of false or fraudulent material in any application made in connection with drug or device manufacturing or distribution; suspension or revocation by Federal, state or local government of any registration currently or previously held by the applicant for the manufacture or distribution of any drugs, including controlled substances; compliance with license and/or registration requirements under any previously granted license or registration, if any; compliance with requirements to maintain and/or make available to the Department or Federal or law enforcement officials those records required by this subchapter; every principal officer, owner, director and board member must execute a certification stating that he or she submits to the jurisdiction of the courts of the State of New Jersey and agrees to comply with all the requirements of the laws of the State of New Jersey pertaining to the Medicinal Marijuana Program; and any other factors or qualifications the Department considers relevant to and consistent with ensuring public health and safety.

⁶Provides that an individual will not be disqualified from serving as an employee if the individual has demonstrated to the Commissioner of the Department of Health and Senior Services clear and convincing evidence of rehabilitation. When making a determination, requires the Commissioner to consider: the nature and responsibility of the position which the convicted individual would hold, has held, or currently holds; the nature and seriousness of the crime or offense; the circumstances under which the crime or offense occurred; the date of the crime or offense; the age of the individual when the crime or offense was committed; whether the crime or offense was an isolated or repeated incident; any social conditions which may have contributed to the commission of the crime or offense; and any evidence of rehabilitation, including good conduct in prison or in the community, counseling or psychiatric treatment received, acquisition of additional academic or vocational schooling, successful participation in correctional work-release programs, or the recommendation of those who have had the individual under their supervision.

⁷New Jersey places several prohibitions on dispensaries that are unique to the state, including prohibiting: consumption of food and/or beverages by qualifying patients and primary caregivers on the premises; sales of food, beverages, alcohol or tobacco on the premises; entry onto the premises by a person who is under the age of 18 is prohibited unless he or she is a registered, qualifying patient accompanied by his or her primary caregiver and both are in possession of a registry identification card; and home delivery.

⁸The operations manual must include: procedures for the oversight; procedures for safely growing and dispensing medicinal marijuana; procedures to ensure accurate recordkeeping, including inventory protocols to ensure that quantities cultivated do not suggest redistribution; employee security policies; safety and security procedures, including a disaster plan with procedures to be followed in case of fire or other emergencies; personal safety and crime prevention techniques; and alcohol, smoke and drug-free workplace policies. Must also include a description of the dispensaries: hours of operation and after hour contact information;

fee schedule and availability of sliding fee scales based on income; expectations of onsite personnel in maintaining confidentiality and privacy of the operations and clients of the dispensary; criteria for involuntary disenrollment from the dispensary list of qualifying patients pursuant to unacceptable behavior and appeal process; and registered qualifying patient's assumption of risk in complying with dispensary registration policies.

⁹ Records must include: organization charts consistent with the job descriptions in N.J.A.C. 8:64-9.4(a)6; a general description of any facilities to be used as a dispensary and a floor plan identifying the square footage available and descriptions of the functional areas of the dispensary; if applicable, a projection of the number of qualified patients to be served by the dispensary; projections by the dispensary for a two-year period of the ratio of registered qualifying patients-to-demand for usable marijuana and procedures by which the dispensary shall periodically review these ratios for consistency with actual patient demand ratios; procedures by which the dispensary shall ensure the availability of medicinal marijuana in accordance with projected and actual demand ratios; the name, medical license number, résumé and contact address of the medical director of the dispensary, if applicable; the name, résumé and address of the chief administrative officer of the ATC; and the standards and procedures by which the ATC determines the price it charges for usable marijuana and a record of the prices charged.

¹⁰ Requires records to include: an application for employment or to volunteer; a copy of his or her current dispensary identification card and a copy of his or her driver's license or other State-issued photo identification card; documentation of the certification of each principal officer, director or board member stating that he or she submits to the jurisdiction of the courts of the State of New Jersey and agrees to comply with all the requirements of the laws of the State of New Jersey pertaining to the Medicinal Marijuana Program; documentation of verification of references; documentation of background checks; the job description or employment contract that include duties, authority, responsibilities, qualifications and supervision; documentation of all required training, including training regarding privacy and confidentiality requirements, and the signed statement of the individual indicating the date, time and place he or she received said training and the topics discussed, including the name and title of presenters; documentation of periodic performance evaluations; a record of any disciplinary action taken; and documentation of the results of drug tests authorized pursuant to this chapter.

¹¹ Washington, DC holds open registration periods during which applications may be submitted. Prior to submitting an application during a registration period, applicants must submit a Letter of Intent to apply which shall include at least the following: the individual's name, or the organization, corporation, company name of the prospective applicant, including the full name and title, with respect to the organization, of the primary contact; the mailing address, which shall not be a post office box number, daytime telephone number, and email address of the applicant or primary contact person if not the same person; the type of registration the prospective applicant may apply for; a statement, not to exceed one hundred (100) words, defining the prospective applicant's intent to submit an application for a cultivation center or dispensary; and the dated signature of the prospective applicant.

DC requires the submission of several items that are unique to the District, including: a signed statement attesting that the applicant assumes any and all risk or liability that may result under District of Columbia and federal laws from the operation of a medical marijuana cultivation center or dispensary, and further acknowledge that it understands that the medical marijuana laws and enforcement thereof of the District of Columbia and the Federal government are subject to change at any time and that the District of Columbia shall not be liable as a result of these changes (specific language required to be included in acknowledgement can be found in 22-C DCMR § 5404.6); a notarized affidavit attesting to the fact that the applicant is the true and actual owner of the business for which the registration is sought; the applicant intends to carry on the business for the entity identified in the application and not as the agent of any other individual, partnership, association, or corporation not identified in the application; and the registered establishment will be managed by the applicant in person or by a registered manager approved by the Director; a signed a written statement on a form provided by the Director attesting that the applicant understands and is aware that a cultivation center's or dispensary's registration may be revoked at any time for the convenience of the District pursuant to § 6103 of this subtitle; a written and detailed plan for closure of its cultivation center or dispensary; and a notarized statement certifying that the application is complete and accurate.

¹² Factors considered-Washington, DC requires a six person panel to score applications on a 250 point scale. A detailed explanation of the scoring process and criteria for consideration and maximum point values assigned to each criterion can be found in 22-C DCMR § 5402 and 5403.

¹³Washington, DC has a number of requirements that are unique to the District, including: limiting hours of operation between 9:00am and 7:00pm; a requirement to notify the District a manager has been convicted of a crime other than a traffic violation within seven days of conviction; must notify if it is discovered any director, officer, member, incorporator, agent, or employee has at any time prior to or during his or her employment been convicted of a misdemeanor for a drug-related offense or a felony within seven days of discovery; post several signs, the specifics of which can be found in 22-C DCMR § 5616; ensure that at least two employees are always working; a requirement that all employees wear ID cards while in restricted areas; grow and prepare marijuana according to the requirements specified in 22-C DCMR § 5620; prohibits consumption of marijuana on dispensary property;

¹⁴Security system must include a CCTV system, a burglar alarm that meet the requirements as specified in 22-C DCMR § 5610. Adequate outdoor lighting is also required as part of security measures.

¹⁵Must record the quantity of medical marijuana distributed or dispensed; the consideration given for the medical marijuana; and the recipient of the medical marijuana.
