(3) Except when dispensed directly by a practitioner to an ultimate user, a controlled substance included in Schedule III or IV may not be dispensed without a written, oral or electronically transmitted prescription of a practitioner. The prescription may not be filled or refilled more than six months after the date on which it was issued and a prescription authorized to be refilled may not be refilled more than five times. Additional quantities of the controlled substances listed in Schedule III or IV may only be authorized by a practitioner through issuance of a new

prescription.

Chapter 475. Controlled Substances; Illegal Drug Cleanup; Paraphernalia; Precursors

Precursor Substances

475.973. Unlawful possession of ephedrine, pseudoephedrine or phenylpropanolamine; unlawful distribution of ephedrine, pseudoephedrine or phenylpropanolamine

<Text subject to final change by the Oregon Office of the Legislative Counsel.>

(1)(a) The State Board of Pharmacy may not adopt rules that exempt a product containing ephedrine or pseudoephedrine from classification as a controlled substance. Except as otherwise provided in this paragraph, the State Board of Pharmacy shall adopt rules to classify ephedrine, pseudoephedrine and phenylpropanolamine as Schedule III controlled substances. The Schedule III classification may be modified by the State Board of Pharmacy if the State Board of Pharmacy finds that restrictions on products containing ephedrine, pseudoephedrine or phenylpropanolamine under a Schedule III designation do not significantly reduce the number of methamphetamine laboratories within the state.

(b) Records of transactions involving products containing ephedrine, pseudoephedrine or phenylpropanolamine are subject to inspection by the State Board of Pharmacy and law enforcement agencies. A person required to make or maintain records of transactions involving products containing ephedrine, pseudoephedrine or phenylpropanolamine shall forward the records to the Department of State Police if directed to do so by the department. Failure to forward records as required by this paragraph is a Class A misdemeanor.

(2) This section does not apply to products that the State Board of Pharmacy, upon application of a manufacturer, exempts by rule because the product is formulated to effectively prevent conversion of the active ingredient into methamphetamine or its salts or precursors. Upon notification from the Department of State Police that the department has probable cause to believe that a product exempted under this subsection does not effectively prevent conversion of the active ingredient into methamphetamine or its salts or precursors, the State Board of Pharmacy may issue an emergency rule revoking the exemption for the product pending a full hearing.

Chapter 855. Board of Pharmacy

Division 80. Schedule of Controlled Substances

855-080-0023 Schedule III

Schedule III consists of the drugs and other substances by whatever official, common, usual, chemical, or brand name designated, listed in 21 CFR part 1308.13; and

(1) Products containing pseudoephedrine or the salts of pseudoephedrine as an active ingredient.
