## Alaska

West's Alaska Statutes Annotated (2012)  
Title 17. Food and Drugs  
Chapter 30. Controlled Substances  
Article 5. Controlled Substance Prescription Database

### § 17.30.200. Controlled substance prescription database

(a) The controlled substance prescription database is established in the Board of Pharmacy. The purpose of the database is to contain data as described in this section regarding every prescription for a schedule IA, IIA, IIIA, IVA, or VA controlled substance under state law or a schedule I, II, III, IV, or V controlled substance under federal law dispensed in the state to a person other than those administered to a patient at a health care facility. The Department of Commerce, Community, and Economic Development shall assist the board and provide necessary staff and equipment to implement this section.

(b) The pharmacist-in-charge of each licensed or registered pharmacy, regarding each schedule IA, IIA, IIIA, IVA, or VA controlled substance under state law or a schedule I, II, III, IV, or V controlled substance under federal law dispensed by a pharmacist under the supervision of the pharmacist-in-charge, and each practitioner who directly dispenses a schedule IA, IIA, IIIA, IVA, or VA controlled substance under state law or a schedule I, II, III, IV, or V controlled substance under federal law other than those administered to a patient at a health care facility, shall submit to the board, by a procedure and in a format established by the board, the following information for inclusion in the database:

- (1) the name of the prescribing practitioner and the practitioner's federal Drug Enforcement Administration registration number or other appropriate identifier;
- (2) the date of the prescription;
- (3) the date the prescription was filled and the method of payment; this paragraph does not authorize the board to include individual credit card or other account numbers in the database;
- (4) the name, address, and date of birth of the person for whom the prescription was written;
- (5) the name and national drug code of the controlled substance;
- (6) the quantity and strength of the controlled substance dispensed;
- (7) the name of the drug outlet dispensing the controlled substance; and

(8) the name of the pharmacist or practitioner dispensing the controlled substance and other appropriate identifying information.

(c) The board shall maintain the database in an electronic file or by other means established by the board to facilitate use of the database for identification of

(1) prescribing practices and patterns of prescribing and dispensing controlled substances;

(2) practitioners who prescribe controlled substances in an unprofessional or unlawful manner;

(3) individuals who receive prescriptions for controlled substances from licensed practitioners and who subsequently obtain dispensed controlled substances from a drug outlet in quantities or with a frequency inconsistent with generally recognized standards of dosage for that controlled substance; and

(4) individuals who present forged or otherwise false or altered prescriptions for controlled substances to a pharmacy.

**(d) The database and the information contained within the database are confidential, are not public records, and are not subject to public disclosure. The board shall undertake to ensure the security and confidentiality of the database and the information contained within the database. The board may allow access to the database only to the following persons, and in accordance with the limitations provided and regulations of the board:**

(1) personnel of the board regarding inquiries concerning licensees or registrants of the board or personnel of another board or agency concerning a practitioner under a search warrant, subpoena, or order issued by an administrative law judge or a court;

(2) authorized board personnel or contractors as required for operational and review purposes;

(3) a licensed practitioner having authority to prescribe controlled substances, to the extent the information relates specifically to a current patient of the practitioner to whom the practitioner is prescribing or considering prescribing a controlled substance;

(4) a licensed or registered pharmacist having authority to dispense controlled substances, to the extent the information relates specifically to a current patient to whom the pharmacist is dispensing or considering dispensing a controlled substance;

(5) federal, state, and local law enforcement authorities may receive printouts of information contained in the database under a search warrant, subpoena, or order issued by a court establishing probable cause for the access and use of the information; and

**(6) an individual who is the recipient of a controlled substance prescription entered into the database may receive information contained in the database concerning the individual on providing evidence satisfactory to the board that the individual requesting the information is in fact the person about whom the data entry was made and on payment of a fee set by the board under AS 37.10.050 that does not exceed \$10.**

(e) The failure of a pharmacist-in-charge, pharmacist, or practitioner to submit information to the database as required under this section is grounds for the board to take disciplinary action against the license or registration of the pharmacy or pharmacist or for another licensing board to take disciplinary action against a practitioner.

(f) The board may enter into agreements with (1) dispensers in this state that are not regulated by the state to submit information to and access information in the database, and (2) practitioners in this state to access information in the database, subject to this section and the regulations of the board. The board shall prohibit a dispenser that is not regulated by the state from accessing the database if the dispenser has accessed information in the database contrary to the limitations of this section, discloses information in the database contrary to the limitations of this section, or allows unauthorized persons access to the database.

(g) The board shall promptly notify the president of the senate and the speaker of the house of representatives if, at any time after September 7, 2008, the federal government fails to pay all or part of the costs of the controlled substance prescription database.

(h) An individual who has submitted information to the database in accordance with this section may not be held civilly liable for having submitted the information. Nothing in this section requires or obligates a dispenser or practitioner to access or check the database before dispensing, prescribing, or administering a medication, or providing medical care to a person. Dispensers or practitioners may not be held civilly liable for damages for accessing or failing to access the information in the database.

(i) A person who has reason to believe that prescription information from the database has been illegally or improperly accessed shall notify an appropriate law enforcement agency.

(j) The board shall notify any person whose prescription information from the database is illegally or improperly accessed.

(k) In the regulations adopted under this section, the board shall provide

(1) that prescription information in the database shall be purged from the database after two years have elapsed from the date the prescription was dispensed;

(2) a method for an individual to challenge information in the database about the individual that the person believes is incorrect or was incorrectly entered by a dispenser.

(l) A person

(1) with authority to access the database under (d) of this section who knowingly

(A) accesses information in the database beyond the scope of the person's authority commits a class A misdemeanor;

(B) accesses information in the database and recklessly discloses that information to a person not entitled to access or to receive the information commits a class C felony;

(C) allows another person who is not authorized to access the database to access the database commits a class C felony;

(2) without authority to access the database under (d) of this section who knowingly accesses the database or knowingly receives information that the person is not authorized to receive under (d) of this section from another person commits a class C felony.

(m) To assist in fulfilling the program responsibilities, performance measures shall be reported to the legislature annually. Performance measures may include outcomes detailed in the federal prescription drug monitoring program grant regarding efforts to

(1) reduce the rate of inappropriate use of prescription drugs by reporting education efforts conducted by the Board of Pharmacy;

(2) reduce the quantity of pharmaceutical controlled substances obtained by individuals attempting to engage in fraud and deceit;

(3) increase coordination among prescription drug monitoring program partners; and

(4) involve stakeholders in the planning process.

(n) In this section,

(1) “board” means the Board of Pharmacy;

(2) “database” means the controlled substance prescription database established in this section;

(3) “knowingly” has the meaning given in AS 11.81.900;

(4) “pharmacist-in-charge” has the meaning given in AS 08.80.480.

Arizona Revised Statutes Annotated (2012)  
Title 36. Public Health and Safety  
Chapter 28. Controlled Substances Prescription Monitoring Program  
Article 1. General Provisions

### § 36-2604. Use and release of confidential information

A. Except as otherwise provided in this section, prescription information submitted to the board pursuant to this article is confidential and is not subject to public inspection. The board shall establish procedures to ensure the privacy and confidentiality of patients and that patient information that is collected, recorded and transmitted pursuant to this article is not disclosed except as prescribed in this section.

B. The board or its designee shall review the prescription information collected pursuant to this article. If the board or its designee has reason to believe an act of unprofessional or illegal conduct has occurred, the board or its designee shall notify the appropriate professional licensing board or law enforcement or criminal justice agency and provide the prescription information required for an investigation.

### **C. The board may release data collected by the program to the following:**

1. A person who is authorized to prescribe or dispense a controlled substance to assist that person to provide medical or pharmaceutical care to a patient or to evaluate a patient.

### **2. An individual who requests the individual's own prescription monitoring information pursuant to § 12-2293.**

3. A professional licensing board established pursuant to title 32, chapter 7, 11, 13, 14, 15, 16, 17, 18, 21, 25 or 29. Except as required pursuant to subsection B of this section, the board shall provide this information only if the requesting board states in writing that the information is necessary for an open investigation or complaint.

4. A local, state or federal law enforcement or criminal justice agency. Except as required pursuant to subsection B of this section, the board shall provide this information only if the requesting agency states in writing that the information is necessary for an open investigation or complaint.

5. The Arizona health care cost containment system administration regarding persons who are receiving services pursuant to chapter 29 of this title. Except as required pursuant to subsection B of this section, the board shall provide this information only if the administration states in writing that the information is necessary for an open investigation or complaint.

§ 20-7-607. Providing prescription monitoring information

(a)(1) The Department of Health may review the Prescription Drug Monitoring Program information, including without limitation a review to identify information that appears to indicate whether a person may be obtaining prescriptions in a manner that may represent misuse or abuse of controlled substances.

(2) If information of misuse or abuse is identified, the department shall notify the practitioners and dispensers who prescribed or dispensed the prescriptions.

**(b) The department shall provide information in the Prescription Drug Monitoring Program upon request and at no cost only to the following persons:**

(1) A person authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for his or her patients or for reviewing information regarding prescriptions that are recorded as having been issued or dispensed by the requester;

**(2) A patient who requests his or her own prescription monitoring information;**

**(3) A parent or legal guardian of a minor child who requests the minor child's Prescription Drug Monitoring Program information;**

(4)(A) A designated representative of a professional licensing board of the professions of the healing arts representing health care disciplines whose licensees are prescribers pursuant to an investigation of a specific individual, entity, or business licensed or permitted by that board.

(B) Except as permitted by subsection (a)(2) of this section, the department shall provide information under subsection (b)(4)(A) of this section only if the requesting board states in writing that the information is necessary for an investigation;

(5) The State Medical Examiner as authorized by law to investigate causes of deaths for cases under investigation pursuant to his or her official duties and responsibilities;

e. “Legitimate program to monitor a patient's controlled substance abuse” means a program in which prescribers actively monitor a patient's controlled substance use. Such programs shall only involve patients in pain management or other controlled substance management programs. Such programs shall actively monitor the patient's controlled substance usage by means of urine or

other drug screens in addition to the use of the PDMP. The patient must be informed in writing that his/her controlled substance usage is being actively screened by various methods, including review of the PDMP.

f. “PDMP” means the Electronic Prescription Drug Monitoring Program.

g. “Prescriber” or “practitioner” means a licensed health care professional with authority to prescribe a controlled substance.

h. “Prescription Drug Outlet” or “Dispenser” means any resident or nonresident pharmacy registered with the Colorado State Board of Pharmacy.

i. “Qualified personnel” means persons who are appropriately trained to collect and analyze data for the purpose of conducting bona fide research or education.

j. “Valid photographic identification” means any of the following forms of identification which include an identifying photograph:

1. A valid driver's license, or identification issued by any United States state;
2. An official passport issued by any nation; or
3. A United States armed forces identification card issued to active duty, reserve, and retired personnel and the personnel's dependents.

#### 23.00.20 Submission Requirement.

All prescription drug outlets shall submit their controlled substance dispensing transactions for Schedule II, III, IV, and V Controlled Substances to the PDMP with the exception of the following:

- a. Hospitals licensed or certified pursuant to CRS 25-1.5-103 that dispense no more than a 24-hour supply of a controlled substance to an outpatient; or
- b. Hospitals licensed or certified pursuant to CRS 25-1.5-103 which dispense controlled substances only pursuant to chart orders; or
- c. A prescription drug outlet which has applied to the Board and received a waiver from the Board. Waivers will only be considered if the pharmacy has no electronic automation.

#### 23.00.30 Data Submission Timeline.

Every prescription drug outlet must ensure controlled substance dispensing transactions are reported to the PDMP twice each month on the following schedule:

- a. For dispensing transactions from the first through the 15th day of each month, data shall be transmitted to the PDMP between the 16th and 25th day of that month.
- b. For dispensing transactions from the 16th through the last day of the month, data shall be transmitted to the PDMP between the 1st through the 10th day of the subsequent month.
- c. If the prescription drug outlet does not dispense any controlled substances for the reporting period, it must enter a “zero” entry or will be considered non-compliant.

#### 23.00.40 Data Submission Format.

Prescription drug outlets shall submit to the PDMP the following data requirements:

- a. Identifier (Transmission type identifier), if applicable;
- b. Bin (Bank Identification Number);
- c. Version Number (a number to identify the format of the transaction sent or received);
- d. Transaction Code;
- e. NABP or DEA number assigned to pharmacy;
- f. Customer ID (number to identify the patient receiving the RX);
- g. Zip Code (3 digit US Postal Code identifying the State Code), if applicable;
- h. Customer's Birth Date;
- i. Sex Code;
- j. Date Filled;
- k. Prescription Number;
- l. New/Refill Number;
- m. Metric Quantity;
- n. Days Supply;

#### 23.00.50 Data Correction.

a. Any errors identified by the PDMP shall be corrected and resubmitted by the prescription drug outlet on the following schedule:

1. For dispensing transactions from the 1st through the 15th day of each month, errors shall be corrected no later than the first day of the following month.

2. For dispensing transactions from the 16th through the 31st of each month, errors shall be corrected no later than the 16th day of the following month.

b. If errors cannot be corrected, the pharmacy must retain a record in written format detailing the following information for each uncorrected error:

1. Detail of Error Notification highlighting uncorrected error(s); and
2. Detailed reason of why error cannot be corrected.

#### 23.00.60 PATIENT NOTIFICATION

Prescription Drug Outlets shall disclose to patients receiving controlled substance prescriptions that their prescription information is being submitted to the PDMP, and that this prescription information may be queried by specific individuals for a limited number of purposes as authorized by statute.

#### 23.00.70 PDMP Access

**The PDMP shall be available for query only to the following persons or groups of persons:**

- a. Board staff responsible for administering the PDMP;
- b. Any licensed practitioner with the statutory authority to prescribe controlled substances to the extent the query relates to a current patient of the practitioner to whom the practitioner is prescribing or considering prescribing a controlled substance;
- c. Licensed pharmacists with statutory authority to dispense controlled substances to the extent the information requested relates specifically to a current patient to whom the pharmacist is dispensing or considering dispensing a controlled substance or to whom the pharmacist is providing clinical patient care services;
- d. Practitioners engaged in a legitimate program to monitor a patient's controlled substance abuse;
- e. Law enforcement officials so long as the information released is specific to an individual patient or prescriber and part of a bona fide investigation and the request for information is accompanied by an official court order or subpoena. Such official court orders or subpoenas shall be submitted with the Board-provided form;

**f. The individual who is the recipient of a controlled substance prescription so long as the information released is specific to such individual. The procedure for individuals to obtain such information is as follows:**

- 2. The individual shall provide valid photographic identification prior to obtaining the PDMP information;**
- 3. An individual submitting a request on behalf of another individual who is the recipient of a controlled substance prescription may only obtain PDMP information if the following documents are provided:**
  - A. The original document establishing medical durable power of attorney of the individual submitting the request as power of attorney for the individual who is the recipient of the controlled substance prescription, and**

**B. Valid photographic identification of the individual submitting the request.**

g. State regulatory boards within the Colorado Division of Registrations and the Director of the Colorado Division of Registrations so long as the information released is specific to an individual prescriber and is part of a bona fide investigation and the request for information is accompanied by an official court order or subpoena. Such official court orders or subpoenas shall be submitted with the Board-provided form; and

h. A resident physician with an active physician training license issued by the Colorado medical board pursuant to section 12-36-122 and under the supervision of a licensed physician.

#### 23.00.80 Research or Education Agreements

The Board may enter into a written agreement to provide data to qualified personnel of a public or private entity for the purpose of bona fide research or education, so long as such information does not identify a recipient, prescriber, or dispenser of a prescription drug. Any public or private entity wishing to enter into or extend such an agreement shall submit a written request to the Board detailing the information it is seeking and the public benefit of such research or education. The Board will act on such request in the normal course of business.

### § 4798. The Delaware Prescription Monitoring Program

<Text of section effective upon the availability of appropriations, or of other adequate funding to implement and maintain the Prescription Monitoring Program. See Historical and Statutory Notes below.>

(a) It is the intent of the General Assembly that the Delaware Prescription Monitoring Act established pursuant to this section serves as a means to promote public health and welfare and to detect the illegal use of controlled substances. The Delaware Prescription Monitoring Act shall have the dual purpose of reducing misuse and diversion of controlled substances in the State while promoting improved professional practice and patient care.

(b) Definitions.-

(1) “Administer” or “administration” means the direct application of a drug to the body of a patient by injection, inhalation, ingestion, or any other means.

(2) “Controlled substance” means any substance or drug defined, enumerated or included in this chapter and Title 21, Code of Federal Regulations.

(3) “Dispense” or “dispensing” means the interpretation, evaluation, and implementation of a prescription drug or, including the preparation and delivery of a drug to a patient or patient's agent in a suitable container appropriately labeled for subsequent administration to, or use by, a patient.

(4) “Dispenser” means a person authorized by this State to dispense or distribute to the ultimate user any controlled substance or drug monitored by the program, but shall not include any of the following: a licensed health care facility pharmacy that dispenses or distributes any controlled substance or drug monitored by the program for the purposes of inpatient care, emergency department care for the immediate use of a controlled substance or when dispensing up to a 72-hour supply of a controlled substance or a drug of concern monitored by the program at the time of discharge from such a facility.

(5) “Distribute” or “distribution” means the delivery of a drug other than by administering or dispensing.

(6) “Drug” means any of the following:

- a. Any substance recognized as a drug in the official compendium, or supplement thereto, designated by the Office of Controlled Substances for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans.
- b. Any substance intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease or pain in humans.
- c. Any substance other than food intended to affect the structure or any function of the body of humans.

(7) “Drugs of concern” means drugs other than controlled substances as defined by rule which demonstrate a potential for abuse or diversion.

(8) “Patient” means the person who is the ultimate user of a controlled substance or drug monitored by the program for whom a prescription is issued and for whom a controlled substance or drug is dispensed.

(9) “Prescriber” means a licensed health care professional with the authority to write and issue prescriptions, except it shall not include:

- a. A prescriber or other authorized person who administers such controlled substance or drug upon the lawful order of a prescriber.
- b. A prescriber or other authorized person who, in providing emergency patient care in a healthcare facility, causes the administration of a controlled substance for immediate relief of symptoms arising from an acute condition.
- c. A prescriber or other authorized person who prescribes up to a 72-hour supply of a controlled substance for on call services or emergency care.
- d. A veterinarian who prescribes for the purpose of providing veterinary services.

(10) “Prescription monitoring information” means data submitted to and maintained by the prescription monitoring program established under this section.

(11) “Prescription Monitoring Program” or “PMP” means the electronic program established by this section.

(c) The Office of Controlled Substances shall establish and maintain a PMP program to monitor the prescribing and dispensing of all Schedule II, III, IV and V controlled substances by prescribers in this State, and to research the prescribing and dispensing of drugs of concern. The

PMP shall not interfere with the legal use of a controlled substance or drug of concern. The PMP shall be:

(1) Used to provide information to prescribers, dispensers, and patients to help avoid the illegal use of controlled substances;

(2) Used to assist law enforcement to investigate illegal activity related to the prescribing, dispensing and consumption of controlled substances or drugs of concern; and

(3) Designed to minimize inconvenience to patients and prescribing medical practitioners while effectuating the collection and storage of prescription monitoring information.

(d) A dispenser shall submit the required information regarding each prescription dispensed for a controlled substance, in accordance with the transmission methods and frequency established by regulation issued by the Office of Controlled Substances. When needed for bona fide research purposes and in accordance with applicable regulation, the Office of Controlled Substances may require a dispenser to submit the required information regarding each prescription dispensed for a drug of concern, but in no event should dispensers be required to submit such information any more frequently than that required for controlled substances. The following information shall be submitted for each prescription:

(1) Pharmacy name;

(2) Dispenser DEA registration number;

(3) Date drug was dispensed;

(4) Prescription number;

(5) Whether prescription is new or a refill;

(6) NDC code for drug dispensed;

(7) Quantity dispensed;

(8) Approximate number of days supplied;

(9) Patient name and date of birth;

(10) Patient address;

(11) Prescriber DEA registration number and name;

(12) Date prescription issued by prescriber.

(e) A prescriber, or other person authorized by the prescriber, shall obtain, before writing a prescription for a controlled substance listed in Schedule II, III, IV or V for a patient, a patient utilization report regarding the patient for the preceding 12 months from the computerized program established by the Office of Controlled Substances when the prescriber has a reasonable belief that the patient may be seeking the controlled substance, in whole or in part, for any reason other than the treatment of an existing medical condition. The prescriber shall review the patient utilization report to assess whether the prescription for the controlled substance is necessary.

(f) The Office of Controlled Substances may issue a waiver to a prescriber who is unable to access prescription information by electronic means. A prescriber who is unable to access prescription information by electronic means shall obtain a waiver from the OCS on annual basis until such time they can access the prescription information by electronic means.

(g) Unless a court of competent jurisdiction makes a finding of gross negligence, malice or criminal intent, the Office of Controlled Substances, any other state agency, any prescriber or dispenser, or any person or entity in proper possession of information pursuant to this statute is not subject to civil liability, administrative action or other legal or equitable relief for any of the following acts or omissions:

(1) Furnishing information pursuant to this section.

(2) Receiving, using or relying on, or not using or relying on, information received pursuant to this section.

(3) Information that was not furnished to the Office of Controlled Substances.

(4) Information that was factually incorrect or that was released by the Office of Controlled Substance to the wrong person or entity.

(h) Prescription information submitted to the PMP is protected health information, not subject to public or open records law, and not subject to disclosure, except as otherwise provided in this section.

(i) The Office of Controlled Substances shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed, except as provided for in this section.

(1) If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the Office of Controlled Substances shall notify the appropriate law-enforcement or professional licensure, certification, or regulatory agency or entity and shall provide prescription information required for an investigation.

**(2) The Office of Controlled Substances may provide data in the prescription monitoring program in the form of a report to the following persons:**

a. A prescriber, or other person authorized by the prescriber, or a dispenser, or other person authorized by the dispenser, who requests information and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide patient;

**b. An individual who requests the individual's own prescription monitoring information in accordance with procedures established pursuant to regulations;**

c. A designated representative of any Board or Commission pursuant to § 8735(a) of Title 29 responsible for the licensure, regulation, or discipline of prescribers, dispensers or other persons authorized to prescribe, administer, or dispense controlled substances and who is involved in a bona fide specific investigation involving a designated person;

d. A local, state, or federal law-enforcement or prosecutorial official engaged in the administration, investigation, or enforcement of the laws governing controlled substances and who is involved in a bona fide specific drug-related investigation in which a report of suspected criminal activity involving controlled substances by an identified suspect has been made, and provided that such information be relevant and material to such investigation, limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought, and include identifying information only if nonidentifying information could not be used;

e. The Delaware Department of Health and Social Services regarding Medicaid program recipients;

f. A properly convened grand jury pursuant to a subpoena properly issued for the records;

g. Personnel of the Division of Professional Regulation for purposes of administration and enforcement of this section;

h. Qualified personnel for the purpose of bona fide research or education; however, data elements that would reasonably identify a specific recipient, prescriber or dispenser must be deleted or redacted from such information prior to disclosure; and further provided that, release of the information may be made only pursuant to a written agreement between qualified personnel and the Office of Controlled Substances in order to ensure compliance with this subsection.

(j) The Division of Professional Regulation may contract with another agency of this State or with a private vendor, as necessary, to ensure the effective operation of the prescription monitoring program. A contractor shall comply with the provisions regarding confidentiality of

prescription information under this section is subject to the penalties specified in this section for any unlawful acts.

(k) The Office of Controlled Substances may promulgate regulations setting forth the procedures and methods for implementing this section.

(l) The Office of Controlled Substances shall design and implement an evaluation component to identify cost-benefits of the Prescription Monitoring Program, including its effect on diversion and abuse of controlled substances and drugs of concern, and other information relevant to policy, research and education involving controlled substances and drugs of concern monitored by the Prescription Monitoring Program.

(1) The Office of Controlled Substances shall report to the General Assembly the information obtained pursuant to this subsection on an annual basis.

(2) To the extent such information is made available to the Office of Controlled Substances, the report may include information and data, including surveys, polls, or other data from multi-disciplinary experts and stakeholders, relating to the negative or positive impact of the prescription monitoring program on appropriate prescribing practices of controlled substances and drugs of concern.

(m) A dispenser who fails to submit prescription monitoring information to the Office of Controlled Substances PMP as required by this section, or who knowingly submits incorrect prescription information, shall be subject to disciplinary sanction pursuant to Chapter 25 of Title 24.

(n) A person or persons authorized to have prescription monitoring information pursuant to this section who knowingly discloses this information in violation of this section is guilty of a class G felony and, upon conviction, shall be fined not more than \$5,000 nor imprisoned more than 2 years, or both.

(o) A person authorized to have prescription monitoring information pursuant to this section who intentionally uses this information in the furtherance of other crimes is guilty of a class E felony and, upon conviction, shall be fined not more than \$10,000 nor imprisoned more than 5 years, or both.

(p) A person or persons not authorized to have prescription monitoring information pursuant to this section who obtain such information fraudulently is guilty of a class E felony and, upon conviction, shall be fined not more than \$10,000 nor imprisoned more than 5 years, or both.

Chapter 893. Drug Abuse Prevention and Control

§ 893.0551. Public records exemption for the prescription drug monitoring program

(1) For purposes of this section, the term:

- (a) “Active investigation” has the same meaning as provided in s. 893.055.
- (b) “Dispenser” has the same meaning as provided in s. 893.055.
- (c) “Health care practitioner” or “practitioner” has the same meaning as provided in s. 893.055.
- (d) “Health care regulatory board” has the same meaning as provided in s. 893.055.
- (e) “Law enforcement agency” has the same meaning as provided in s. 893.055.
- (f) “Pharmacist” means any person licensed under chapter 465 to practice the profession of pharmacy.
- (g) “Pharmacy” has the same meaning as provided in s. 893.055.
- (h) “Prescriber” has the same meaning as provided in s. 893.055.

(2) The following information of a patient or patient's agent, a health care practitioner, a dispenser, an employee of the practitioner who is acting on behalf of and at the direction of the practitioner, a pharmacist, or a pharmacy that is contained in records held by the department under s. 893.055 is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution:

- (a) Name.
- (b) Address.
- (c) Telephone number.
- (d) Insurance plan number.
- (e) Government-issued identification number.

- (f) Provider number.
- (g) Drug Enforcement Administration number.
- (h) Any other unique identifying information or number.

**(3) The department shall disclose such confidential and exempt information to the following entities after using a verification process to ensure the legitimacy of that person's or entity's request for the information:**

(a) The Attorney General and his or her designee when working on Medicaid fraud cases involving prescription drugs or when the Attorney General has initiated a review of specific identifiers of Medicaid fraud regarding prescription drugs. The Attorney General or his or her designee may disclose the confidential and exempt information received from the department to a criminal justice agency as defined in s. 119.011 as part of an active investigation that is specific to a violation of prescription drug abuse or prescription drug diversion law as it relates to controlled substances. The Attorney General's Medicaid fraud investigators may not have direct access to the department's database.

(b) The department's relevant health care regulatory boards responsible for the licensure, regulation, or discipline of a practitioner, pharmacist, or other person who is authorized to prescribe, administer, or dispense controlled substances and who is involved in a specific controlled substances investigation for prescription drugs involving a designated person. The health care regulatory boards may request information from the department but may not have direct access to its database. The health care regulatory boards may provide such information to a law enforcement agency pursuant to ss. 456.066 and 456.073.

(c) A law enforcement agency that has initiated an active investigation involving a specific violation of law regarding prescription drug abuse or diversion of prescribed controlled substances. The law enforcement agency may disclose the confidential and exempt information received from the department to a criminal justice agency as defined in s. 119.011 as part of an active investigation that is specific to a violation of prescription drug abuse or prescription drug diversion law as it relates to controlled substances. A law enforcement agency may request information from the department but may not have direct access to its database.

(d) A health care practitioner who certifies that the information is necessary to provide medical treatment to a current patient in accordance with ss. 893.05 and 893.055.

(e) A pharmacist who certifies that the requested information will be used to dispense controlled substances to a current patient in accordance with ss. 893.04 and 893.055.

**(f) A patient or the legal guardian or designated health care surrogate for an incapacitated patient, if applicable, making a request as provided in s. 893.055(7)(c) 4.**

(g) The patient's pharmacy, prescriber, or dispenser who certifies that the information is necessary to provide medical treatment to his or her current patient in accordance with s. 893.055.

(4) The department shall disclose such confidential and exempt information to the applicable law enforcement agency in accordance with s. 893.055(7)(f). The law enforcement agency may disclose the confidential and exempt information received from the department to a criminal justice agency as defined in s. 119.011 as part of an active investigation that is specific to a violation of s. 893.13(7)(a) 8., s. 893.13(8)(a), or s. 893.13(8)(b).

(5) Any agency or person who obtains such confidential and exempt information pursuant to this section must maintain the confidential and exempt status of that information.

(6) Any person who willfully and knowingly violates this section commits a felony of the third degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084.

(7) This section is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2014, unless reviewed and saved from repeal through reenactment by the Legislature.

West's Code of Georgia Annotated (2012)  
Title 16. Crimes and Offenses  
Chapter 13. Controlled Substances  
Article 2. Regulation of Controlled Substances  
Part 2. Controlled Substances Prescription Monitoring

§ 16-13-60. Confidentiality of information submitted

(a) Except as otherwise provided in subsections (c) and (d) of this Code section, prescription information submitted pursuant to Code Section 16-13-59 shall be confidential and shall not be subject to open records requirements, as contained in Article 4 of Chapter 18 of Title 50.

(b) The agency, in conjunction with the board, shall establish and maintain strict procedures to ensure that the privacy and confidentiality of patients, prescribers, and patient and prescriber information collected, recorded, transmitted, and maintained pursuant to this part are protected. Such information shall not be disclosed to any person or entity except as specifically provided in this part and only in a manner which in no way conflicts with the requirements of the federal Health Insurance Portability and Accountability Act (HIPAA) of 1996, P.L. 104-191.

**(c) The agency shall be authorized to provide requested prescription information collected pursuant to this part only as follows:**

(1) To persons authorized to prescribe or dispense controlled substances for the sole purpose of providing medical or pharmaceutical care to a specific patient;

**(2) Upon the request of a patient, prescriber, or dispenser about whom the prescription information requested concerns or upon the request on his or her behalf of his or her attorney;**

(3) To local, state, or federal law enforcement or prosecutorial officials pursuant to the issuance of a search warrant pursuant to Article 2 of Chapter 5 of Title 17; and

(4) To the agency or the Georgia Composite Medical Board upon the issuance of an administrative subpoena issued by a Georgia state administrative law judge.

(d) The board may provide data to government entities for statistical, research, educational, or grant application purposes after removing information that could be used to identify prescribers or individual patients or persons who received prescriptions from dispensers.

(e) Any person or entity who receives electronic data base prescription information or related reports relating to this part from the agency shall not provide such information or reports to any other person or entity except by order of a court of competent jurisdiction pursuant to this part.

(f) Any permissible user identified in this part who directly accesses electronic data base prescription information shall implement and maintain a comprehensive information security program that contains administrative, technical, and physical safeguards that are substantially equivalent to the security measures of the agency. The permissible user shall identify reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of personal information that could result in the unauthorized disclosure, misuse, or other compromise of the information and shall assess the sufficiency of any safeguards in place to control the risks.

(g) No provision in this part shall be construed to modify, limit, diminish, or impliedly repeal any authority existing on June 30, 2011, of a licensing or regulatory board or any other entity so authorized to obtain prescription information from sources other than the data base maintained pursuant to this part; provided, however, that the agency shall be authorized to release information from the data base only in accordance with the provisions of this part.

### § 37-2726. Filing prescriptions--Database

(1) All controlled substances dispensed for humans shall be filed with the board electronically in a format established by the board or by other method as required by board rule. The board may require the filing of other prescriptions by board rule. The board shall establish by rule the information to be submitted pursuant to the purposes of this section and the purposes set forth in section 37-2730A, Idaho Code.

**(2) The board shall create, operate and maintain a controlled substances prescriptions database containing the information submitted pursuant to subsection (1) of this section, to be used for the purposes and subject to the terms, conditions and immunities described in section 37-2730A, Idaho Code. The database information must be made available only to the following:**

(a) Authorized individuals employed by Idaho's boards or other states' licensing entities charged with the licensing and discipline of practitioners;

(b) Peace officers employed by federal, state and local law enforcement agencies engaged as a specified duty of their employment in enforcing law regulating controlled substances;

(c) Authorized individuals under the direction of the department of health and welfare for the purpose of monitoring and enforcing that department's responsibilities under the public health, medicare and medicaid laws;

(d) A practitioner, licensed in Idaho or another state, having authority to prescribe controlled substances, to the extent the information relates specifically to a current patient of the practitioner, to whom the practitioner is prescribing or considering prescribing any controlled substance;

(e) A pharmacist, licensed in Idaho or another state, having authority to dispense controlled substances to the extent the information relates specifically to a current patient to whom that pharmacist is dispensing or considering dispensing any controlled substance, or providing pharmaceutical care as defined in the Idaho pharmacy act;

**(f) An individual who is the recipient of a controlled substance prescription entered into the database or that individual's attorney, upon providing evidence satisfactory to the board**

**that the individual requesting the information is in fact the person about whom the data entry was made or the attorney for that person;**

(g) Upon the lawful order of a court of competent jurisdiction; and

(h) Prosecuting attorneys, deputy prosecuting attorneys and special prosecutors of a county or city and special assistant attorneys general from the office of the attorney general engaged in enforcing law regulating controlled substances.

(3) The board must maintain records on the information disclosed from the database, including:

(a) The identification of each individual who requests or receives information from the database and who that individual represents;

(b) The information provided to each such individual; and

(c) The date and time the information is requested or provided.

(4) The board shall promulgate rules to ensure that only authorized individuals have access to the database.

(5) Any person who knowingly misrepresents to the board that he is a person entitled under subsection (2) of this section to receive information from the controlled substances prescriptions database under the conditions therein provided, and who receives information from the controlled substances prescriptions database resulting from that misrepresentation shall be guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six (6) months, or by a fine not to exceed two thousand dollars (\$2,000), or both. The foregoing criminal penalty is in addition to, and not in lieu of, any other civil or administrative penalty or sanction authorized by law.

(6) Any person in possession, whether lawfully or unlawfully, of information from the controlled substances prescriptions database which identifies an individual patient and who knowingly discloses such information to a person not authorized to receive or use such information under any state or federal law, rule or regulation; the lawful order of a court of competent jurisdiction; or written authorization of the individual patient shall be guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six (6) months, or by a fine not to exceed two thousand dollars (\$2,000), or both. The foregoing criminal penalty is in addition to, and not in lieu of, any other civil or administrative penalty or sanction authorized by law. The provisions of this subsection shall not apply to disclosure of individual patient information by the patient himself. The provisions of this subsection shall not apply to disclosure of information by a prosecuting attorney, deputy prosecuting attorney or special prosecutor of a county or city or by a special assistant attorney general from the office of the attorney general in the course of a criminal proceeding, whether preconviction or postconviction.

(7) Any person with access to the board's online prescription monitoring program pursuant to a board issued user account, login name and password who intentionally shares or recklessly fails to safeguard his user account, login name and password, resulting in another person not authorized to receive or use such information under the provisions of any state or federal law, rule or regulation obtaining information from the controlled substances prescriptions database, shall be guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six (6) months or by a fine not to exceed two thousand dollars (\$2,000), or both. The foregoing criminal penalty is in addition to, and not in lieu of, any other civil or administrative penalty or sanction authorized by law.

(8) The board may, at its discretion, block access to certain controlled substances prescriptions database data if the board has reason to believe that access to the data is or may be used illegally.

(9) All costs associated with recording and submitting data as required in this section are assumed by the dispensing practitioner recording and submitting the data.

Offenses Against the Public

Act 570. Illinois Controlled Substances Act

Article III. Registration and Control of Manufacture, Distribution and Dispensing

570/318. Confidentiality of information

§ 318. Confidentiality of information.

(a) Information received by the central repository under Section 316 and former Section 321 is confidential.

(b) The Department must carry out a program to protect the confidentiality of the information described in subsection (a). The Department may disclose the information to another person only under subsection (c), (d), or (f) and may charge a fee not to exceed the actual cost of furnishing the information.

(c) The Department may disclose confidential information described in subsection (a) to any person who is engaged in receiving, processing, or storing the information.

(d) The Department may release confidential information described in subsection (a) to the following persons:

(1) A governing body that licenses practitioners and is engaged in an investigation, an adjudication, or a prosecution of a violation under any State or federal law that involves a controlled substance.

(2) An investigator for the Consumer Protection Division of the office of the Attorney General, a prosecuting attorney, the Attorney General, a deputy Attorney General, or an investigator from the office of the Attorney General, who is engaged in any of the following activities involving controlled substances:

(A) an investigation;

(B) an adjudication; or

(C) a prosecution of a violation under any State or federal law that involves a controlled substance.

(3) A law enforcement officer who is:

(A) authorized by the Illinois State Police or the office of a county sheriff or State's Attorney or municipal police department of Illinois to receive information of the type requested for the purpose of investigations involving controlled substances; or

(B) approved by the Department to receive information of the type requested for the purpose of investigations involving controlled substances; and

(C) engaged in the investigation or prosecution of a violation under any State or federal law that involves a controlled substance.

(e) Before the Department releases confidential information under subsection (d), the applicant must demonstrate in writing to the Department that:

(1) the applicant has reason to believe that a violation under any State or federal law that involves a controlled substance has occurred; and

(2) the requested information is reasonably related to the investigation, adjudication, or prosecution of the violation described in subdivision (1).

(f) The Department may receive and release prescription record information under Section 316 and former Section 321 to:

(1) a governing body that licenses practitioners;

(2) an investigator for the Consumer Protection Division of the office of the Attorney General, a prosecuting attorney, the Attorney General, a deputy Attorney General, or an investigator from the office of the Attorney General;

(3) any Illinois law enforcement officer who is:

(A) authorized to receive the type of information released; and

(B) approved by the Department to receive the type of information released; or

(4) prescription monitoring entities in other states per the provisions outlined in subsection (g) and (h) below;

confidential prescription record information collected under Sections 316. and 321 (now repealed) that identifies vendors or practitioners, or both, who are prescribing or dispensing large quantities of Schedule II, III, IV, or V controlled substances outside the scope of their practice, pharmacy, or business, as determined by the Advisory Committee created by Section 320.

(g) The information described in subsection (f) may not be released until it has been reviewed by an employee of the Department who is licensed as a prescriber or a dispenser and until that employee has certified that further investigation is warranted. However, failure to comply with this subsection (g) does not invalidate the use of any evidence that is otherwise admissible in a proceeding described in subsection (h).

(h) An investigator or a law enforcement officer receiving confidential information under subsection (c), (d), or (f) may disclose the information to a law enforcement officer or an attorney for the office of the Attorney General for use as evidence in the following:

(1) A proceeding under any State or federal law that involves a controlled substance.

(2) A criminal proceeding or a proceeding in juvenile court that involves a controlled substance.

(i) The Department may compile statistical reports from the information described in subsection (a). The reports must not include information that identifies, by name, license or address, any practitioner, dispenser, ultimate user, or other person administering a controlled substance.

(j) Based upon federal, initial and maintenance funding, a prescriber and dispenser inquiry system shall be developed to assist the health care community in its goal of effective clinical practice and to prevent patients from diverting or abusing medications.

(1) An inquirer shall have read-only access to a stand-alone database which shall contain records for the previous 12 months.

(2) Dispensers may, upon positive and secure identification, make an inquiry on a patient or customer solely for a medical purpose as delineated within the federal HIPAA law.

(3) The Department shall provide a one-to-one secure link and encrypted software necessary to establish the link between an inquirer and the Department. Technical assistance shall also be provided.

(4) Written inquiries are acceptable but must include the fee and the requestor's Drug Enforcement Administration license number and submitted upon the requestor's business stationery.

(5) As directed by the Prescription Monitoring Program Advisory Committee and the Clinical Director for the Prescription Monitoring Program, aggregate data that does not indicate any prescriber, practitioner, dispenser, or patient may be used for clinical studies.

(6) Tracking analysis shall be established and used per administrative rule.

(7) Nothing in this Act or Illinois law shall be construed to require a prescriber or dispenser to make use of this inquiry system.

(8) If there is an adverse outcome because of a prescriber or dispenser making an inquiry, which is initiated in good faith, the prescriber or dispenser shall be held harmless from any civil liability.

(k) The Department shall establish, by rule, the process by which to evaluate possible erroneous association of prescriptions to any licensed prescriber or end user of the Illinois Prescription Information Library (PIL).

(l) The Prescription Monitoring Program Advisory Committee is authorized to evaluate the need for and method of establishing a patient specific identifier.

**(m) Patients who identify prescriptions attributed to them that were not obtained by them shall be given access to their personal prescription history pursuant to the validation process as set forth by administrative rule.**

(n) The Prescription Monitoring Program is authorized to develop operational push reports to entities with compatible electronic medical records. The process shall be covered within administrative rule established by the Department.

(o) Hospital emergency departments and freestanding healthcare facilities providing healthcare to walk-in patients may obtain, for the purpose of improving patient care, a unique identifier for each shift to utilize the PIL system.

Title IV. Public Health

Subtitle 1. Alcoholic Beverages and Controlled Substances

Chapter 124. Controlled Substances

Division VI. Drug Prescribing and Dispensing--Information Program

§ 124.553. Information access

<[Text subject to final changes by the Iowa Code Editor for Code Supp. 2011.]>

### **1. The board may provide information from the program to the following:**

a. (1) A pharmacist or prescribing practitioner who requests the information and certifies in a form specified by the board that it is for the purpose of providing medical or pharmaceutical care to a patient of the pharmacist or prescribing practitioner. A pharmacist or a prescribing practitioner may delegate program information access to another authorized individual or agent only if that individual or agent registers for program information access, pursuant to board rules, as an agent of the pharmacist or prescribing practitioner. Board rules shall identify the qualifications for a pharmacist's or prescribing practitioner's agent and shall limit the number of agents to whom each pharmacist or prescribing practitioner may delegate program information access.

(2) Notwithstanding subparagraph (1), a prescribing practitioner may delegate program information access to another licensed health care professional in emergency situations where the patient would be placed in greater jeopardy if the prescribing practitioner was required to access the information personally.

### **b. An individual who requests the individual's own program information in accordance with the procedure established in rules of the board and advisory council adopted under section 124.554.**

c. Pursuant to an order, subpoena, or other means of legal compulsion for access to or release of program information that is issued based upon a determination of probable cause in the course of a specific investigation of a specific individual.

2. The board shall maintain a record of each person that requests information from the program. Pursuant to rules adopted by the board and advisory council under section 124.554, the board may use the records to document and report statistical information.

3. Information contained in the program and any information obtained from it, and information contained in the records of requests for information from the program, is privileged and strictly

confidential information. Such information is a confidential public record pursuant to section 22.7, and is not subject to discovery, subpoena, or other means of legal compulsion for release except as provided in this division. Information from the program shall not be released, shared with an agency or institution, or made public except as provided in this division.

4. Information collected for the program shall be retained in the program for four years from the date of dispensing. The information shall then be destroyed.

5. A pharmacist or other dispenser making a report to the program reasonably and in good faith pursuant to this division is immune from any liability, civil, criminal, or administrative, which might otherwise be incurred or imposed as a result of the report.

6. Nothing in this section shall require a pharmacist or prescribing practitioner to obtain information about a patient from the program. A pharmacist or prescribing practitioner does not have a duty and shall not be held liable in damages to any person in any civil or derivative criminal or administrative action for injury, death, or loss to person or property on the basis that the pharmacist or prescribing practitioner did or did not seek or obtain or use information from the program. A pharmacist or prescribing practitioner acting reasonably and in good faith is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting or receiving or using information from the program.

7. The board shall not charge a fee to a pharmacy, pharmacist, or prescribing practitioner for the establishment, maintenance, or administration of the program, including costs for forms required to submit information to or access information from the program, except that the board may charge a fee to an individual who requests the individual's own program information. A fee charged pursuant to this subsection shall not exceed the actual cost of providing the requested information and shall be considered a repayment receipt as defined in section 8.2.

Chapter 37 Iowa Prescription Monitoring Program

657-37.4(124) Access to database information.

Prescription information submitted to the board for inclusion in the PMP database shall be privileged and strictly confidential and not subject to public or open records laws. All information contained in the PMP database, including records of requests for PMP information, shall be privileged and strictly confidential and not subject to public or open records laws. The board, council, and PMP administrator shall maintain procedures to ensure the privacy and confidentiality of patients, prescribers, dispensers, practitioners, and patient information collected, recorded, transmitted, and maintained in the PMP database and to ensure that program information is not disclosed to persons except as provided in this rule.

37.4(1) Prescribers and pharmacists. A health care practitioner authorized to prescribe or dispense controlled substances may obtain PMP information regarding the practitioner's patient, or a patient seeking treatment from the practitioner, for the purpose of providing patient health care.

a. Prior to being granted access to PMP information, a practitioner shall submit a request for registration and program access. A practitioner with Internet access may register via a secure Web site established by the board for that purpose. A practitioner without Internet access shall submit a written registration request on a form provided by the PMP administrator. The PMP administrator shall take reasonable steps to verify the identity of a practitioner and to verify a practitioner's credentials prior to providing a practitioner with a secure login and initial password. Except in an emergency when the patient would be placed in greater jeopardy by restricting PMP information access to the practitioner, a registered practitioner shall not share the practitioner's secure login and password information and shall not delegate PMP information access to another health care practitioner or to the practitioner's agent.

b. A practitioner with Internet access may submit a request for PMP information via a secure Web site established by the board for that purpose. The requested information shall be provided to the requesting practitioner in a format established by the board and shall be delivered via the secure Web site.

c. A practitioner without Internet access may submit to the PMP administrator a written request for PMP information via mail or facsimile transmission. The written request shall be in a format established by the board and shall be signed by the requesting practitioner. Prior to processing a written request for PMP information, the PMP administrator shall take reasonable steps to verify the request, which may include but not be limited to a telephone call to the practitioner at a telephone number known to be the number for the practitioner's practice.

d. A practitioner who requests and receives PMP information consistent with the requirements and intent of these rules may provide that information to another practitioner who is involved in the care of the patient who is the subject of the information. Information from the PMP database remains privileged and strictly confidential. Such disclosures among practitioners shall be consistent with these rules and federal and state laws regarding the confidentiality of patient information. The information shall be used for medical or pharmaceutical care purposes.

37.4(2) Regulatory agencies and boards. Professional licensing boards and regulatory agencies that supervise or regulate a health care practitioner or that provide payment for health care services shall be able to access information from the PMP database only pursuant to an order, subpoena, or other means of legal compulsion relating to a specific investigation of a specific individual and supported by a determination of probable cause.

a. A director of a licensing board with jurisdiction over a practitioner, or the director's designee, who seeks access to PMP information for an investigation shall submit to the PMP administrator

in a format established by the board a written request via mail, facsimile, or personal delivery. The request shall be signed by the director or the director's designee and shall be accompanied by an order, subpoena, or other form of legal compulsion establishing that the request is supported by a determination of probable cause.

b. A director of a regulatory agency with jurisdiction over a practitioner or with jurisdiction over a person receiving health care services pursuant to one or more programs provided by the agency, or the director's designee, who seeks access to PMP information for an investigation shall submit to the PMP administrator in a format established by the board a written request via mail, facsimile, or personal delivery. The request shall be signed by the director or the director's designee and shall be accompanied by an order, subpoena, or other form of legal compulsion establishing that the request is supported by a determination of probable cause.

37.4(3) Law enforcement agencies. Local, state, and federal law enforcement or prosecutorial officials engaged in the administration, investigation, or enforcement of any state or federal law relating to controlled substances shall be able to access information from the PMP database by order, subpoena, or other means of legal compulsion relating to a specific investigation of a specific individual and supported by a determination of probable cause. A law enforcement officer shall submit to the PMP administrator in a format established by the board a written request via mail, facsimile, or personal delivery. The request shall be signed by the requesting officer or the officer's superior. The request shall be accompanied by an order, subpoena, or warrant issued by a court or legal authority that requires a determination of probable cause and shall be processed by the PMP administrator. A report identifying PMP information relating to the specific individual identified by the order, subpoena, or warrant may be delivered to the law enforcement officer via mail or alternate secure delivery.

**37.4(4) Patients. A patient or the patient's agent may request and receive PMP information regarding prescriptions reported to have been dispensed to the patient.**

**a. A patient may submit a signed, written request for records of the patient's prescriptions dispensed during a specified period of time. The request shall identify the patient by name, including any aliases used by the patient, and shall include the patient's date of birth and gender. The request shall also include any address where the patient resided during the time period of the request and the patient's current address and daytime telephone number. A patient may personally deliver the request to the PMP administrator or authorized staff member at the offices of the board located at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. The patient will be required to present current government-issued photo identification at the time of delivery of the request. A copy of the patient's identification shall be maintained in the records of the PMP.**

**b. A patient who is unable to personally deliver the request to the board offices may submit a request via mail or commercial delivery service. The request shall comply with all provisions of paragraph "a" above, and the signature of the requesting patient shall be**

**witnessed and the patient's identity shall be attested to by a currently registered notary public. In addition to the notary's signature and assurance of the patient's identity, the notary shall certify a copy of the patient's government-issued photo identification and that certified copy shall be submitted with the written request. The request shall be submitted to the Iowa Board of Pharmacy at the address identified in paragraph "a."**

**c. In the case of a patient whose health care decisions have been legally transferred to the patient's agent, the patient's agent may submit a request on behalf of the patient pursuant to the appropriate procedure in paragraph "a" or "b." In addition to the patient's information, the patient's agent shall be identified by name, current address, and telephone number. In lieu of the patient's signature and identification, the patient's agent shall sign the request and the government-issued photo identification shall identify the patient's agent. The patient's agent shall include a certified copy of the legal document that transferred control over decisions regarding the patient's health care to the patient's agent.**

37.4(5) Court orders and subpoenas. The PMP administrator shall provide PMP information in response to court orders and county attorney or other subpoenas issued by a court upon a determination of probable cause.

37.4(6) Statistical data. The PMP administrator, following review and approval by the patients rights committee, may provide summary, statistical, or aggregate data to public or private entities for statistical, research, or educational purposes. Prior to the release of any such data, the PMP administrator shall remove any information that could be used to identify an individual patient, prescriber, dispenser, practitioner, or other person who is the subject of the PMP information or data.

37.4(7) PMP administrator access. Other than technical, error, and administrative function reports needed by PMP support staff to determine that records are received and maintained in good order, any other reports concerning the information received from dispensers shall only be prepared at the direction of the board, the council, or the PMP administrator. The board and the council may compile statistical reports from PMP information for use in determining the advisability of continuing the PMP and for use in preparing required reports to the governor and the legislature. The reports shall not include information that would identify any patient, prescriber, dispenser, practitioner, or other person who is the subject of the PMP information or data.

Chapter 65. Public Health

Article 16. Regulation of Pharmacists

§ 65-1685. Same; database information privileged and confidential; persons authorized to receive data

(a) The prescription monitoring program database, all information contained therein and any records maintained by the board, or by any entity contracting with the board, submitted to, maintained or stored as a part of the database, shall be privileged and confidential, shall not be subject to subpoena or discovery in civil proceedings and may only be used for investigatory or evidentiary purposes related to violations of state or federal law and regulatory activities of entities charged with administrative oversight of those persons engaged in the prescribing or dispensing of scheduled substances and drugs of concern, shall not be a public record and shall not be subject to the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto, except as provided in subsections (c) and (d).

(b) The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted and maintained is not disclosed to persons except as provided in subsections (c) and (d).

**(c) The board is hereby authorized to provide data in the prescription monitoring program to the following persons:**

(1) Persons authorized to prescribe or dispense scheduled substances and drugs of concern, for the purpose of providing medical or pharmaceutical care for their patients;

**(2) an individual who requests the individual's own prescription monitoring information in accordance with procedures established by the board;**

(3) designated representatives from the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in the prescribing or dispensing of scheduled substances and drugs of concern;

(4) local, state and federal law enforcement or prosecutorial officials engaged in the administration, investigation or enforcement of the laws governing scheduled substances and drugs of concern subject to the requirements in K.S.A. 22-2502, and amendments thereto;

(5) designated representatives from the department of health and environment regarding authorized medicaid program recipients;

(6) persons authorized by a grand jury subpoena, inquisition subpoena or court order in a criminal action;

(7) personnel of the prescription monitoring program advisory committee for the purpose of operation of the program;

(8) personnel of the board for purposes of administration and enforcement of this act or the uniform controlled substances act, K.S.A 65-4101 et seq., and amendments thereto;

(9) persons authorized to prescribe or dispense scheduled substances and drugs of concern, when an individual is obtaining prescriptions in a manner that appears to be misuse, abuse or diversion of scheduled substances or drugs of concern; and

(10) medical examiners, coroners or other persons authorized under law to investigate or determine causes of death.

(d) The prescription monitoring program advisory committee established pursuant to K.S.A. 65-1689, and amendments thereto, is authorized to review and analyze the data for purposes of identifying patterns and activity of concern.

(1) If a review of information appears to indicate a person may be obtaining prescriptions in a manner that may represent misuse or abuse of controlled substances and drugs of concern, the advisory committee is authorized to notify the prescribers and dispensers who prescribed or dispensed the prescriptions. If the review identifies patterns or other evidence sufficient to create a reasonable suspicion of criminal activity, the advisory committee is authorized to notify the appropriate law enforcement agency.

(2) If a review of information appears to indicate that a violation of state or federal law relating to prescribing controlled substances and drugs of concern may have occurred, or that a prescriber or dispenser has knowingly prescribed, dispensed or obtained controlled substances and drugs of concern in a manner that is inconsistent with recognized standards of care for the profession, the advisory committee shall determine whether a report to the professional licensing, certification or regulatory agencies charged with administrative oversight of those persons engaged in prescribing or dispensing of controlled substances and drugs of concern or to the appropriate law enforcement agency is warranted.

(A) For purposes of such determination the advisory committee may, in consultation with the appropriate regulatory agencies and professional organizations, establish criteria regarding appropriate standards and utilize volunteer peer review committees of professionals with expertise in the particular practice to create such standards and review individual cases.

(B) The peer review committee or committees appointed herein shall have authority to request and receive information in the prescription monitoring program database from the director of the prescription monitoring program.

(C) If the determination is made that a referral to a regulatory or law enforcement agency is not warranted but educational or professional advising might be appropriate, the advisory committee may refer the prescribers or dispensers to such other resources.

(e) The board is hereby authorized to provide data in the prescription monitoring program to public or private entities for statistical, research or educational purposes after removing information that could be used to identify individual practitioners, dispensers, patients or persons who received prescriptions from dispensers.

**(D) the time period for which information is being requested.**

**(3) The patient or the patient's personal representative shall produce two forms of valid photographic identification before obtaining access to the patient's information obtained by the program. The patient or the patient's personal representative shall allow photocopying of the identification.**

**(4) Before access to the patient's information obtained by the program is given, one of the following shall be produced if the requester is not the patient:**

**(A) For a personal representative, an official attested copy of the judicial order granting authority to gain access to the health care records of the patient;**

**(B) for a parent of a minor child, a certified copy of the birth certificate of the minor child or other official documents establishing legal guardianship; or**

**(C) for a person holding power of attorney, the original document establishing the power of attorney.**

**(5) The patient's personal representative shall allow the photocopying of the documents described in this subsection.**

**(6) The patient authorization may be verified by the board by any reasonable means before providing the information to the personal representative.**

(b) By dispensers.

(1) Any dispenser may obtain any program information relating to a patient of the dispenser for the purpose of providing pharmaceutical care to that patient, in accordance with this regulation and K.S.A. 65-1685 and amendments thereto. The information shall be provided in a format established by the board, which may include delivery by electronic means, facsimile transmission, or telephone.

(2) Each dispenser who seeks access to the information described in paragraph (b)(1) shall submit a written request to the board by mail, hand delivery, or electronic means in a manner established by the board, using authentication. If the authentication is lost or missing or the security of the authentication is compromised, the dispenser shall cause the board to be notified by telephone and in writing as soon as reasonably possible. Information regarding more than one patient may be submitted in a single request.

Each request shall be submitted in a format established by the board and shall include the following elements for each patient:

- (A) The patient's name and birth date;
- (B) if known to the dispenser, the patient's address and telephone number;
- (C) the time period for which information is being requested;
- (D) the dispenser's name;
- (E) if applicable, the name and address of the dispenser's pharmacy;
- (F) the dispenser identification number; and
- (G) the dispenser's signature.

(3) The authentication and identity of the dispenser shall be verified by the board before allowing access to any prescription monitoring information.

(c) By prescribers.

(1) Any prescriber or health care practitioner authorized by a prescriber may obtain any program information relating to a patient under the prescriber's care, in accordance with this regulation and K.S.A. 65-1685 and amendments thereto. The information shall be provided in a format established by the board, which may include delivery by electronic means, facsimile, or telephone.

(2) Each prescriber or health care practitioner authorized by a prescriber who seeks access to program information shall submit a written request to the board by mail, hand delivery, or electronic means in a manner established by the board, using authentication. If the authentication is lost or missing or the security of the authentication is compromised, the prescriber shall cause the board to be notified by telephone and in writing as soon as reasonably possible. Information regarding more than one patient may be submitted in a single request.

Each request shall be submitted in a format established by the board and shall include the following elements for each patient:

- (A) The patient's name and birth date;
- (B) if known to the prescriber, the patient's address and telephone number;
- (C) the time period for which information is being requested;
- (D) the prescriber's name;

(E) the name and address of the prescriber's medical practice;

(F) the prescriber identification number; and

(G) the prescriber's signature.

(3) The authentication and identity of the dispenser shall be verified before allowing access to any program information.

(d) By director or board investigator of a health professional licensing, certification, or regulatory agency or entity.

(1) Any director or board investigator of a health professional licensing, certification, or regulatory agency or entity may obtain any program information needed in carrying out that individual's business, in accordance with this regulation and K.S.A. 65-1685 and amendments thereto. The information shall be provided in a format established by the board, which may include delivery by electronic means, facsimile, or telephone.

(2) Each director or board investigator of a licensing board with jurisdiction over a dispenser or prescriber who seeks access to program information shall submit a written request by mail, facsimile, or electronic means to a location specified by the board. The written request shall contain a statement of facts from which the board can make a determination of reasonable cause for the request.

(e) By local, state, and federal law enforcement or prosecutorial officials.

(1) Any local, state, or federal law enforcement officer or prosecutorial official may obtain any program information as required for an ongoing case, in accordance with this regulation and K.S.A. 65-1685 and amendments thereto. The information shall be provided in a format established by the board, which may include delivery by electronic means, facsimile, or telephone.

(2) Each local, state, or federal law enforcement officer or prosecutorial official who seeks access to program information shall register with the board. Once registration is approved, the requester may submit a written request by mail, facsimile, or electronic means to the board. All requests for, uses of, and disclosures of prescription monitoring information by authorized persons under this subsection shall meet the requirements of K.S.A. 65-1685 (c)(4), and amendments thereto.

(f) By the Kansas health policy authority for purposes of the Kansas medicaid and state children's health insurance program (SCHIP).

(1) An authorized representative of the Kansas health policy authority may obtain any program information regarding medicaid or SCHIP program recipients, in accordance with this regulation and K.S.A. 65-1685 and amendments thereto. The information shall be provided in a format established by the board.

(2) Each authorized representative of the Kansas health policy authority seeking program information regarding medicaid or SCHIP program recipients who seeks access to program information shall submit a request to the board.

(g) By any other state's prescription monitoring program.

(1) Any authorized representative from any other state's prescription monitoring program may obtain any program information for requests from within that state that do not violate the authentication and security provisions of the prescription monitoring program act, in accordance with this regulation and K.S.A. 65-1685 and amendments thereto. The information shall be provided in a format established by the board, which may include delivery by electronic means, facsimile, or telephone.

(2) Any authorized representative from another state's prescription monitoring program seeking access to program information shall first establish a data-sharing agreement with the board in which the states agree to share prescription monitoring information with one another. The agreement shall specify what information will be made available and to whom, how requests will be made, how quickly requests will be processed, and in which format the information will be provided.

(h) By public or private entities for statistical, research, or educational purposes.

(1) Any public or private entity may obtain program information, in accordance with this regulation and K.S.A. 65-1685(d) and amendments thereto. The information shall be provided in a format established by the board.

(2) Each public or private entity who seeks access to program information shall submit a written request by mail, facsimile, or electronic means to the board. The written request shall contain a statement of facts from which the board can make a determination of reasonable cause for the request.

West's Louisiana Statutes Annotated (2012)  
Louisiana Revised Statutes  
Title 40. Public Health and Safety  
Chapter 4. Food and Drugs  
Part X-A. Prescription Monitoring Program

### § 1007. Access to prescription monitoring information

A. Except as provided in Subsections C, D, E, F, G, H, and I of this Section, prescription monitoring information submitted to the board shall be protected health information, not subject to public or open records law, including but not limited to R.S. 44:1 et seq., and not subject to disclosure. Prescription monitoring information shall not be available for civil subpoena nor shall such information be disclosed, discoverable, or compelled to be produced in any civil proceeding nor shall such records be deemed admissible as evidence in any civil proceeding for any reason. Notwithstanding this provision, law enforcement and professional licensing, certification, or regulatory agencies may utilize prescription monitoring information in the course of any investigation and subsequent criminal and administrative proceedings, but only in accordance with federal and state law and the requirements of this Part.

B. The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed to persons or entities except as in Subsections C, D, E, F, G, H, and I of this Section.

C. The board shall review the prescription monitoring information. If there is reasonable suspicion to believe a breach of professional or occupational standards may have occurred, the board shall notify the appropriate professional licensing agency with jurisdiction over prescribers or dispensers and shall provide prescription monitoring information required for an investigation.

D. The board shall provide prescription monitoring information to public or private entities, whether located in or outside of the state, for public research, policy, or educational purposes, but only after removing information that identifies or could be reasonably used to identify prescribers, dispensers, and individual patients or persons who received prescriptions from prescribers.

E. The following persons, after successful completion of the educational courses identified in R.S. 40:1008, may access prescription monitoring information at no cost and in the same or similar manner, and for the same or similar purposes, as those persons are authorized to access similar protected health information under federal and state law and regulation:

(1) Persons authorized to prescribe or dispense controlled substances or drugs of concern, for the purpose of providing medical or pharmaceutical care for their patients, or for verifying their prescribing records.

(2) Designated representatives from the professional licensing, certification, or regulatory agencies of this state or another state charged with administrative oversight of those professionals engaged in the prescribing or dispensing of controlled substances or other drugs of concern.

(3) Designated representatives from the Louisiana Medicaid program regarding Medicaid program recipients.

(4) Designated representatives of the board and any vendor or contractor establishing or maintaining the prescription monitoring program.

F. The board may provide a report containing prescription monitoring information upon application of local, state, out-of-state, and federal law enforcement or prosecutorial officials engaged in the administration, investigation, or enforcement of the laws governing controlled substances or other drugs of concern in compliance with and as limited by the relevant requirements of any of the following:

(1) A court order or court-ordered warrant, or a subpoena or summons issued by a judicial officer.

(2) A grand jury subpoena.

(3) An administrative request, including an administrative subpoena or summons, a civil or an authorized investigative demand, or similar process authorized under law, provided by law enforcement to the board, and further, provided all of the following:

(a) The information sought is relevant and material to a legitimate law enforcement inquiry.

(b) The request is specific and limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought.

(c) De-identified information, or limited information that does not identify or could not reasonably lead to the identification of an individual patient, could not reasonably be used.

G. The board may provide prescription monitoring information in response to queries from prescription monitoring programs located in other states, through its participation in a secure interstate data exchange system. However, the board shall not provide prescription monitoring information to prescription monitoring programs located in other states unless the laws of the state receiving the information provide at a minimum both of the following:

Subchapter C. Access to Prescription Monitoring Information

§ 2921. Methods of Access to Prescription Monitoring Information

A. Prescribers and dispensers, once properly registered, may solicit prescription monitoring information from the program concerning their patients. The program may require such users to certify the legitimacy of their inquiry prior to furnishing the requested information.

B. Designated representatives from agencies charged with administrative oversight of prescribers and dispensers of controlled substances may solicit prescription monitoring information from the program concerning specific investigations of prescribers or dispensers. The program may require such users to certify the legitimacy of their inquiry prior to furnishing the requested information.

C. Designated representatives of the Louisiana Medicaid program, once properly registered, may solicit prescription monitoring information from the program concerning specific recipients. The program may require such users to certify the legitimacy of their inquiry prior to furnishing the requested information.

D. Designated representatives of the board, or any vendor or contractor establishing or maintaining the program, once properly registered, may solicit prescription monitoring information from the program for the purpose of establishing or maintaining the program's database.

E. Upon receipt of one of the following methods of application by local, state, or federal law enforcement or prosecutorial officials, the program may provide prescription monitoring information:

1. a court order or court-ordered warrant, or a subpoena or summons issued by a judicial officer;
2. a grand jury subpoena; or
3. an administrative request, including an administrative subpoena or summons, a civil or an authorized investigative demand, or similar process authorized under law, provided by law enforcement to the board, and further, provided all of the following:
  - a. the information sought is relevant and material to a legitimate law enforcement inquiry;
  - b. the request is specific and limited in scope to the extent reasonably practicable in light of the purpose for which the information is sought;
  - c. de-identified information, or limited information that does not identify or could not reasonably lead to the identification of an individual patient, could not reasonably be used.

**F. Individuals may solicit their own prescription monitoring information from the program. To prevent inappropriate access to such information, the requestor shall personally appear at the program office and produce positive photo identification at the time of their request. The program shall furnish a single copy of the report responding to such request at no charge to the individual.**

G. Program personnel, once properly registered, may solicit prescription monitoring information from the program's database for the purpose of responding to legitimate inquiries from authorized users or other individuals.

Subtitle 4. Human Services

Part 3. Drug Abuse

Chapter 1603. Controlled Substances Prescription Monitoring

§ 7250. Access to prescription monitoring information and confidentiality

1. Confidentiality. Except as provided in this section, prescription monitoring information submitted to the department is confidential and is not a public record as defined in Title 1, section 402, subsection 3.

2. Review of information. If the prescription monitoring information surpasses thresholds as established by the department, the department shall notify the prescriber, the dispenser and, if the department determines it to be necessary, the professional licensing entity and provide all relevant prescription monitoring information to those persons and entities through an established letter of notification.

3. Permissible disclosure of information. The department may provide prescription monitoring information for public research, policy or education purposes as long as all information reasonably likely to reveal the patient or other person who is the subject of the information has been removed.

#### **4. Access to information. The following persons may access prescription monitoring information:**

A. A prescriber, insofar as the information relates to a patient under the prescriber's care;

B. A dispenser, insofar as the information relates to a customer of the dispenser seeking to have a prescription filled;

C. The executive director, or a board investigator as designated by each board, of the state boards of licensure of podiatric medicine, dentistry, pharmacy, medicine, osteopathy, veterinary medicine, nursing or other boards representing health care disciplines whose licensees are prescribers, as required for an investigation, with reasonable cause;

#### **D. A patient to whom a prescription is written, insofar as the information relates to that patient;**

E. Department personnel or personnel of any vendor or contractor, as necessary for establishing and maintaining the program's electronic system;

H. Another state pursuant to subsection 4-A.

4-A. Information sharing with other states. The department may provide prescription monitoring information to and receive prescription monitoring information from another state that has prescription monitoring information provisions consistent with this chapter and has entered into a prescription monitoring information sharing agreement with the department. The department may enter into a prescription monitoring information sharing agreement with another state to establish the terms and conditions of prescription monitoring information sharing and interoperability of information systems and to carry out the purposes of this subsection. For purposes of this subsection, “another state” means any state other than Maine and any territory or possession of the United States, but does not include a foreign country.

5. Purge of information. The department shall purge from the program all information that is more than 6 years old.

6. Treatment pattern data. The department may provide to a prescriber who treats a member under the MaineCare program prescription monitoring information on the prescriber and other prescribers that is de-identified as to prescriber and patient and that indicates treatment patterns in comparison among peers. If the department has shared with a prescriber treatment pattern data under this subsection, the department shall allow the prescriber time to align the prescriber's prescribing patterns with the patterns of the peers of the prescriber. The department may take

appropriate actions with regard to a prescriber who is unable to achieve treatment pattern alignment as provided in this subsection.

Chapter 11. Rules Governing The Controlled Substances Prescription Monitoring Program

Sec. 7. Access to Prescription Monitoring Information

### **1. By patients**

**A. A patient, or a patients' authorized representative, may obtain a report listing all prescription monitoring information that pertains to the patient.**

**B. A patient or a patient's authorized representative seeking access to prescription monitoring information described above must submit a written request for information in person at the office of the Monitor, or at any other place specified by the Monitor or the Office. The written request shall be in a format established by the Office or the Monitor and shall contain at least, but not limited to, the following elements:**

- 1) the patient's name and the full name of the patient's authorized representative, if applicable;**
- 2) the patient's date of birth;**
- 3) the patient's address, and the complete physical address of the patient's authorized representative, if applicable;**
- 4) the patient's telephone number, if any, and the telephone number of the authorized representative, if applicable; and**
- 5) the time period for which information is being requested.**

**C. The patient or the patient's authorized representative must produce valid photographic identification prior to obtaining access to the information described above. The patient or the patient's authorized representative must allow photocopying of the identification.**

**D. Prior to obtaining access to the information described above, authorized representatives must produce either an official attested copy of the judicial order granting them authority to gain access to the health care records of the patient; or in the case of parents of a minor child, a certified copy of the Birth Certificate of the minor child or other official documents**

**establishing legal guardianship; or in the case of persons holding power of attorney, the original document establishing the power of attorney. The patient's authorized representative must allow photocopying of the documents described above. The Office or the Monitor may verify the patient authorization by any reasonable means prior to providing the information to the authorized representative.**

## 2. By dispensers

A. A dispenser, or a licensed pharmacy technician authorized by a supervising pharmacist, may obtain any prescription monitoring information insofar as the information relates to a customer of the dispenser seeking to have a prescription filled. The information shall be provided in a format established by the Office, which may include, but is not limited to, delivery by electronic means, facsimile transmission, or telephonic communication.

B. A dispenser who seeks access to the information described above must register as a data requester in a manner specified by the Monitor or the Office. The Office or Monitor shall issue credentials to authorized dispensers. Dispensers may use these credentials to access the online database and submit requests. If the credentials issued by the Office are lost, missing, or the security of the credentials is compromised, the dispenser shall cause the Office or Monitor to be notified by telephone and in writing as soon as reasonably possible. Information regarding more than one customer may be submitted in a single request. Requests shall be in a format established by the Office or the Monitor and shall contain at least, but not limited to, the following elements for each customer:

- 1) The name and date of birth of the customer; and
- 2) The time period for which information is being requested.

C. The Office or the Monitor shall take reasonable steps to verify each registration, such as, but not limited to, making a telephone call to the dispenser or to an agent of the dispenser at a telephone number known to belong to the dispenser's place of business.

## 3. By prescribers

A. A prescriber, or any staff member duly authorized by a prescriber and the Office, may obtain any prescription monitoring information insofar as the information relates to a patient under the prescriber's care. The information shall be provided in a format established by the Office, which may include, but is not limited to delivery by electronic means, facsimile transmission, or telephonic communication.

B. A prescriber, or any staff member duly authorized by a prescriber and the Office, who seeks access to the information described above must register as a data requester in a manner specified by the Monitor or the Office. The Office or Monitor shall issue credentials to authorized

prescribers or their designees. Data requesters may use these credentials to access the online database and submit requests. If the credentials issued by the Office are lost, missing, or the security of the credentials is compromised, the data requester shall cause the Office or Monitor to be notified by telephone and in writing as soon as reasonably possible. Requests shall be in a format established by the Office or the Monitor and shall contain at least, but not limited to, the following elements for each patient:

- 1) The name and date of birth of the patient; and
- 2) The time period for which information is being requested.

C. The Office or the Monitor shall take reasonable steps to verify each registration, such as, but not limited to, making a telephone call to the prescriber and licensed health care practitioners duly authorized by prescribers, or to an agent of the prescriber at a telephone number known to belong to the prescriber's place of business.

4. By executive director, board investigator, or person authorized to discharge equivalent functions of a licensing board.

A. An executive director, board investigator, or person authorized to discharge equivalent functions of a licensing board with jurisdiction over a dispenser or prescriber may obtain any prescription monitoring information as required for an investigation, with reasonable cause. The information shall be provided in a format established by the Office, which may include, but is not limited to delivery by electronic means, facsimile transmission, or telephonic communication.

B. An executive director, board investigator, or person authorized to discharge equivalent functions of a licensing board with jurisdiction over a dispenser or prescriber who seeks access to prescription monitoring information described above must submit a request via mail, facsimile, or secure electronic transmission, to a location specified by the Monitor or the Office. The request shall contain identifying information regarding the licensee or patient and the time period for which the information is being requested. The data requester shall certify that each request is related to an investigation involving misuse of a Schedule II, III, or IV drug and provide a case number or other assurance that the request is related to the board representative's official duties.

5. By personnel of any vendor or contractor engaged by the Office

A. Personnel of any vendor or contractor engaged by the Office may obtain any prescription monitoring information insofar as the information is necessary for establishing and maintaining the program's electronic system.

B. The Office, the monitor, and program vendors or contractors engaged by the Office, shall purge all prescription monitoring information more than six years old.

6. By the units within the Department of Health and Human Services that administer the MaineCare program.

A. Subject to the requirements of 22 M.R.S.A. §7250(4)(F), the authorized representative of those units of the Department of Health and Human Services which oversee, administer, or otherwise supervise MaineCare programs which determine eligibility for and use of prescription drugs, and the appropriate utilization of prescription drugs, for the purposes of managing the care of MaineCare members, monitoring the purchase of controlled substances by MaineCare members, and avoiding duplicate dispensing of controlled substances to MaineCare members.

B. The person or persons authorized pursuant to Section 7(6)(A) must submit a request via mail, facsimile, or secure electronic transmission, to a location specified by the Monitor or the Office. The request shall contain surname, first name, and date of birth of the member and the time period for which the information is being requested. An intervention approach shall be undertaken with MaineCare members who are determined to be accessing controlled substances in a quantity or with a frequency beyond the norm for persons with similar medical conditions or diagnoses and the intervention approach shall not include terminating the member from MaineCare services.

7. By the Office of the Chief Medical Examiner

A. The Chief Medical Examiner or a designee may obtain any prescription monitoring information as required for an investigation or inquiry into the cause, manner and circumstances of death in a medical examiner case. The information shall be provided in a format established by the Office of Substance Abuse, which may include, but is not limited to delivery by electronic means, facsimile transmission, or telephonic communication.

B. The Chief Medical Examiner or a designee must submit a request via mail, facsimile, or secure electronic transmission, to a location specified by the Monitor or the Office. The request shall contain the surname, first name, and date of birth of the decedent and the time period for which the information is being requested.

Chapter 94C. Controlled Substances Act

<Text of Section Effective Until January 1, 2013>

§ 24A. Electronic monitoring of the prescribing and dispensing of controlled substances and certain additional drugs

(a)(1) The department shall establish and maintain an electronic system to monitor the prescribing and dispensing of all schedule II to V, inclusive, controlled substances and certain additional drugs by all professionals licensed to prescribe or dispense such substances. For the purposes of this section, “additional drugs” shall mean substances determined by the department to carry a bona fide potential for abuse.

(2) The department shall enter into reciprocal agreements with other states that have compatible prescription drug monitoring programs to share prescription drug monitoring information among the states.

(b) The requirements of this section shall not apply to the dispensing of controlled substances to inpatients in a hospital.

(c) For the purposes of monitoring the prescribing and dispensing of all schedule II to V, inclusive, controlled substances and additional drugs, as authorized in subsection (a), the department shall promulgate regulations including, but not limited to, (1) a requirement that each pharmacy that delivers a schedule II to V, inclusive, controlled substance or a substance classified as an additional drug by the department to the ultimate user shall submit to the department, by electronic means, information regarding each prescription dispensed for a drug included under subsection (a); and (2) a requirement that each pharmacy collects and reports, for each prescription dispensed for a drug under subsection (a), a customer identification number and other information associated with the customer identification number, as specified by the department. Each pharmacy shall submit the information in accordance with transmission methods and frequency requirements promulgated by the department; provided, however, that the information shall be submitted at least once every 7 days. The department may issue a waiver to a pharmacy that is unable to submit prescription information by electronic means. The waiver shall permit the pharmacy to submit prescription information by other means promulgated by the department; provided, however, that all information required in this section is submitted in this alternative format.

(d) Prescription information submitted to the department under this section shall be confidential and exempt from disclosure under clause Twenty-sixth of section 7 of chapter 4 and chapter 66. The department shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted and maintained is not disclosed to persons except as provided for in this chapter.

(e) The department shall review the prescription and dispensing monitoring information. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the department shall notify the appropriate law enforcement or professional licensing, certification or regulatory agency or entity and provide prescription information required for an investigation.

**(f) The department shall, upon request, provide data from the prescription monitoring program to the following:--**

(1) persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients;

**(2) individuals who request their own prescription monitoring information in accordance with procedures established under chapter 66A;**

(3) persons authorized to act on behalf of state boards and regulatory agencies that supervise or regulate a profession that may prescribe controlled substances; provided, however, that the data request is in connection with a bona fide specific controlled substance or additional drug-related investigation;

(4) local, state and federal law enforcement or prosecutorial officials working with the executive office of public safety engaged in the administration, investigation or enforcement of the laws governing prescription drugs; provided, however, that the data request is in connection with a bona fide specific controlled substance or additional drug-related investigation;

(5) personnel of the executive office of health and human services regarding Medicaid program recipients; provided, however that the data request is in connection with a bona fide specific controlled substance or additional drug-related investigation; or

(6) personnel of the United States attorney, office of the attorney general or a district attorney; provided, however, that the data request is in connection with a bona fide specific controlled substance or additional drug related investigation.

(g) The department may, at its initiative, provide data from the prescription monitoring program to practitioners in accordance with section 24.

(h) The department may provide de-identified, aggregate information to a public or private entity for statistical research or educational purposes.

(i) The department may contract with another agency or with a private vendor, as necessary, to ensure the effective operation of the prescription monitoring program. A contractor shall be bound to comply with the provisions regarding confidentiality of prescription information in this section.

(j) The department shall promulgate rules and regulations setting forth the procedures and methods for implementing this section.

(k) The department shall submit an annual report on the effectiveness of the prescription monitoring program with the clerks of the house and senate, the chairs of the joint committee on public health, the chairs of the joint committee on health care financing and the chairs of the joint committee on public safety and homeland security.

The department shall promulgate rules and regulations relative to the use of the prescription monitoring program by registered participants that shall include requiring participants to utilize the prescription monitoring program prior to the issuance of a prescription for a narcotic drug contained in Schedule II or III to a patient for the first time. The department may require participants to utilize the prescription monitoring program prior to the issuance to a patient for the first time of benzodiazepines or any other Schedule IV or V commonly abused prescription drug that may lead to physical or psychological dependence or that patients with a history of substance dependence have been shown to experience significant addictive symptoms. The regulations shall specify the circumstances under which such narcotics may be prescribed without first utilizing the prescription monitoring program. The regulations may also specify the circumstances under which licensed support staff may use the prescription monitoring program on behalf of a registered participant. When promulgating rules and regulations, the department shall also require that pharmacists be trained in the use of the prescription monitoring program as part of the continuing education requirements mandated for licensure by the board of registration in pharmacy, pursuant to section 24A of chapter 112 of the General Laws. The department shall also study the feasibility and value of expanding the prescription monitoring program to include Schedule VI prescription drugs.

(d) Prescription information submitted to the department under this section shall be confidential and exempt from disclosure under clause Twenty-sixth of section 7 of chapter 4 and chapter 66. The department shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted and maintained is not disclosed to persons except as provided for in this chapter.

(e) The department shall review the prescription and dispensing monitoring information. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the department shall notify the appropriate law enforcement or professional licensing, certification or regulatory agency or entity and provide prescription information required for an investigation.

**(f) The department shall, upon request, provide data from the prescription monitoring program to the following:--**

(1) persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients;

**(2) individuals who request their own prescription monitoring information in accordance with procedures established under chapter 66A;**

(3) persons authorized to act on behalf of state boards and regulatory agencies that supervise or regulate a profession that may prescribe controlled substances; provided, however, that the data request is in connection with a bona fide specific controlled substance or additional drug-related investigation;

(4) local, state and federal law enforcement or prosecutorial officials working with the executive office of public safety engaged in the administration, investigation or enforcement of the laws governing prescription drugs; provided, however, that the data request is in connection with a bona fide specific controlled substance or additional drug-related investigation;

(5) personnel of the executive office of health and human services regarding Medicaid program recipients; provided, however that the data request is in connection with a bona fide specific controlled substance or additional drug-related investigation; or

(6) personnel of the United States attorney, office of the attorney general or a district attorney; provided, however, that the data request is in connection with a bona fide specific controlled substance or additional drug related investigation.

(g) The department may, at its initiative, provide data from the prescription monitoring program to practitioners in accordance with section 24.

(h) The department may provide de-identified, aggregate information to a public or private entity for statistical research or educational purposes.

(i) The department may contract with another agency or with a private vendor, as necessary, to ensure the effective operation of the prescription monitoring program. A contractor shall be bound to comply with the provisions regarding confidentiality of prescription information in this section.

(j) The department shall promulgate rules and regulations setting forth the procedures and methods for implementing this section.

(k) The department shall submit an annual report on the effectiveness of the prescription monitoring program with the clerks of the house and senate, the chairs of the joint committee on

public health, the chairs of the joint committee on health care financing and the chairs of the joint committee on public safety and homeland security.

Code of Massachusetts Regulations (2012)  
Title 105: Department of Public Health  
Chapter 700.000: Implementation of M.g.l. C. 94C

700.012: Prescription Monitoring Program

(A) Pharmacy Reporting Requirements.

(1) The reporting requirement of 105 CMR 700.012 shall apply to every pharmacy in a health facility registered with the Commissioner that dispenses a controlled substance pursuant to a prescription in Schedules II through V, or any other controlled substance specified by order of the Commissioner, and to any pharmacy in another state, commonwealth, district or territory that delivers such a controlled substance to a person in Massachusetts. Such a pharmacy shall, in accordance with standards established by the Department, transmit to the Department or its agent the following information for each such prescription:

- (a) pharmacy identifier;
- (b) prescription number;
- (c) customer identifier, as defined in 105 CMR 700.001;
- (d) relationship of customer to patient;
- (e) patient name;
- (f) patient address;
- (g) patient date of birth;
- (h) patient gender;
- (i) source of payment for prescription;
- (j) date prescription written by prescriber;
- (k) date the controlled substance is dispensed;
- (l) identifier of controlled substance dispensed;

(m) metric quantity of controlled substance dispensed;

(n) estimated days supply of controlled substance dispensed;

(o) refill information; and

(p) prescriber's Drug Enforcement Administration registration number.

(2) 105 CMR 700.012 shall not apply to medication orders in hospitals.

(3) A pharmacy that dispenses a controlled substance subject to the requirements in 105 CMR 700.012 must report the customer identifier required by 105 CMR 701.004. A pharmacy may dispense a controlled substance without a customer identifier, provided it meets the requirements of 105 CMR 701.004(B) and provides to the Department those informational fields required by the Department.

(4) The Commissioner may waive or modify the requirement in 105 CMR 700.012(A)(1)(c) and/or (d), for a pharmacy to report a customer identifier and/or the relationship of the customer to the patient, for prescription refills, prescription deliveries and/or other activities/situations specified by the Commissioner.

(5) The information required by 105 CMR 700.012 shall be transmitted to the Department or its agent in accordance with any procedures established by the Department no less frequently than weekly and no later than ten days after dispensing, or as otherwise specified in guidelines of the Department, by use of:

(a) encrypted electronic device or transmission method in a format approved by the Department;  
or

(b) a form approved by the Department.

(B) Prescription Monitoring Program Advisory Council.

(1) The Commissioner of the Department of Public Health shall establish a Prescription Monitoring Program Advisory Council to advise the Department on the implementation of 105 CMR 700.012. The membership of this Advisory Council shall include representatives of the Department of Public Health; Executive Office of Public Safety; disciplinary authorities, including the Boards of Registration in Medicine, Pharmacy, Dentistry, Podiatry, Veterinary Medicine, Nursing and Physician Assistants; representatives of associations or societies representing professions authorized to issue or dispense prescriptions, patient interests, and privacy interests; and a person with expertise in the design or operation of a secure automated data system.

(2) The Prescription Monitoring Program Advisory Council shall assist the Department and Boards of Registration, as appropriate, in designing education programs for the appropriate prescribing of controlled substances.

(C) Prescription Monitoring Program Medical Review Group.

(1) The Commissioner shall establish the Prescription Monitoring Program Medical Review Group to advise the Department on accepted medical practice standards related to the disclosure of information pursuant to subsection 105 CMR 700.012(D)(4)(b). The Medical Review Group shall advise the Department in the evaluation of prescription information and clinical aspects of the implementation of 105 CMR 700.012.

(2) Members of the Medical Review Group shall be licensed health care practitioners and pharmacists and, to the extent feasible, at least one member shall be licensed in the same discipline as the practitioner whose records are under review. Licensed practitioners and pharmacists shall be appointed by the Commissioner in consultation with the appropriate Boards of Registration and statewide professional societies in the discipline under which records will be reviewed. Practitioners serving on the Medical Review Group must have a valid Controlled Substances Registration for Schedules II through V pursuant to M.G.L. c. 94C, § 7.

**(D) Privacy, Confidentiality and Disclosure.**

**(1) Except where otherwise provided by law or judicial order, the information collected pursuant to 105 CMR 700.012 shall not be disseminated by the Department to anyone other than:**

(a) a licensed and registered practitioner or licensed pharmacy, or a duly authorized representative of the practitioner or pharmacy;

(b) a licensed health care professional, other than a practitioner, registered to prescribe or dispense controlled substances pursuant to 105 CMR 700.000 or a duly authorized representative of such licensed health care professional;

(c) a duly authorized representative of the board or agency responsible for registration, regulation or discipline of practitioners or other health care professionals authorized to prescribe or dispense controlled substances, acting in accordance with official duties in conducting a bona fide investigation;

(d) a duly authorized representative of a law enforcement agency acting in accordance with official duties in conducting a bona fide criminal investigation or prosecution of criminal violations. Requests for inspection of these records shall first be directed to the Office of the Attorney General of Massachusetts, or the Massachusetts State Police Diversion Investigative

Unit, or the United States Drug Enforcement Administration for notification and approval prior to submission to the Department;

(e) a duly authorized representative of the Executive Office of Health and Human Services, acting in accordance with official duties, for the purpose of identifying suspected fraud or abuse of the MassHealth program;

(f) a duly authorized representative of a health department or other agency in another state, commonwealth, district, territory or country that maintains prescription information in a data system with privacy, security and other disclosure protections consistent with those established in the Commonwealth, in accordance with a written agreement or interstate compact establishing the terms and conditions for exchange of data;

**(g) an individual who is the data subject, or the individual's parent or legal guardian, to the extent permitted by statute or regulation of the Commonwealth.**

(2) All requests for information collected pursuant to 105 CMR 700.012 shall be in writing or in accordance with procedures established by the Department to ensure compliance with the requirements of 105 CMR 700.012(D)(1) and (E).

(3) The Commissioner or a designee may disclose data collected pursuant to 105 CMR 700.012 to an authorized practitioner, including a pharmacy or other health care professional registered to dispense controlled substances in any or all of the Schedules II through V pursuant to 105 CMR 700.000, or a duly authorized representative, as follows.

(a) The authorized practitioner, pharmacy or other health care professional registered to dispense controlled substances pursuant to 105 CMR 700.000 has dispensed or is evaluating the dispensing of such a controlled substance to a patient or research subject.

1. The Commissioner or a designee may initiate disclosure of such data upon a determination that the patient or research subject is receiving a controlled substance from more than one source and in quantities which he determines to be harmful to the health of the patient or research subject or that disclosure is otherwise necessary to prevent the unlawful diversion of a controlled substance.

2. The Commissioner or a designee may disclose such data in response to an inquiry by an authorized practitioner, pharmacy or other health care professional registered to dispense controlled substances pursuant to 105 CMR 700.000 for the purpose of preventing the dispensing of controlled substances to the same individual from multiple sources or the unlawful diversion of controlled substances.

(b) Such disclosure shall be for the purpose of assisting the practitioner, pharmacy or other registered health care professional in assessing the possibility of abuse or diversion, but shall not

require or direct the practitioner, pharmacy or health care professional to take action that he or she believes to be contrary to the patient's or research subject's best interests.

(4) (a) The Commissioner or a designee may disclose data collected pursuant to 105 CMR 700.012 to the parties enumerated in 105 CMR 700.012(D)(1)(c) through (f) in response to an inquiry or at the initiation of the Commissioner or designee.

(b) Disclosure at the initiation of the Commissioner or designee shall be in conformance with any protocols established by the Department, in consultation with the Medical Review Group, concerning a patient, customer, practitioner or pharmacy potentially engaged in diversion or inappropriate dispensing. In providing such consultation concerning Department initiated disclosure, the Medical Review Group shall review the content and application of the protocols, make recommendations to the Department for effective use of such protocols and as needed review specific instances of Department initiated disclosure. In undertaking such review, the Medical Review Group shall be provided upon request with such pertinent information as needed.

(E) Security Protections.

(1) Any disclosure or transmission of personally identifying information collected pursuant to 105 CMR 700.012 shall be in accordance with Department requirements for such disclosure and transmission, including requirements for technical non-repudiation, confidentiality, and authentication, as those terms are defined in 105 CMR 721.000. Such protections shall include the establishment of an audit trail for each request and transmission.

(2) A person authorized to receive information pursuant to 105 CMR 700.012(E)(2) shall promptly notify the Department of any potential violation of confidentiality or use of the data in a manner contrary to these regulations or applicable professional standards.

(3) A practitioner's, or pharmacy's Controlled Substance Registration may be suspended or terminated in accordance with 105 CMR 700.004(L)(1) for the following:

(a) a request for data pursuant to 105 CMR 700.012(D)(1)(a) or (b) or use or disclosure of data that involves a willful failure to comply with the standards in 105 CMR 700.012 for request, transmission or disclosure of data;

(b) a failure to reasonably protect data in accordance with the requirements of 105 CMR 700.012 or other applicable state or federal law; or

(c) an attempt to obtain data through fraud or deceit.

Minnesota Statutes Annotated (2012)  
Health (Ch. 144-159)  
Chapter 152. Drugs; Controlled Substances  
Prescriptions

### § 152.126. Controlled substances prescription electronic reporting system

Subdivision 1. Definitions. For purposes of this section, the terms defined in this subdivision have the meanings given.

- (a) “Board” means the Minnesota State Board of Pharmacy established under chapter 151.
- (b) “Controlled substances” means those substances listed in section 152.02, subdivisions 3 to 5, and those substances defined by the board pursuant to section 152.02, subdivisions 7, 8, and 12.
- (c) “Dispense” or “dispensing” has the meaning given in section 151.01, subdivision 30. Dispensing does not include the direct administering of a controlled substance to a patient by a licensed health care professional.
- (d) “Dispenser” means a person authorized by law to dispense a controlled substance, pursuant to a valid prescription. For the purposes of this section, a dispenser does not include a licensed hospital pharmacy that distributes controlled substances for inpatient hospital care or a veterinarian who is dispensing prescriptions under section 156.18.
- (e) “Prescriber” means a licensed health care professional who is authorized to prescribe a controlled substance under section 152.12, subdivision 1.
- (f) “Prescription” has the meaning given in section 151.01, subdivision 16.

Subd. 1a. Treatment of intractable pain. This section is not intended to limit or interfere with the legitimate prescribing of controlled substances for pain. No prescriber shall be subject to disciplinary action by a health-related licensing board for prescribing a controlled substance according to the provisions of section 152.125.

Subd. 2. Prescription electronic reporting system. (a) The board shall establish by January 1, 2010, an electronic system for reporting the information required under subdivision 4 for all controlled substances dispensed within the state.

(b) The board may contract with a vendor for the purpose of obtaining technical assistance in the design, implementation, operation, and maintenance of the electronic reporting system.

Subd. 3. Prescription Electronic Reporting Advisory Committee. (a) The board shall convene an advisory committee. The committee must include at least one representative of:

- (1) the Department of Health;
- (2) the Department of Human Services;
- (3) each health-related licensing board that licenses prescribers;
- (4) a professional medical association, which may include an association of pain management and chemical dependency specialists;
- (5) a professional pharmacy association;
- (6) a professional nursing association;
- (7) a professional dental association;
- (8) a consumer privacy or security advocate; and
- (9) a consumer or patient rights organization.

(b) The advisory committee shall advise the board on the development and operation of the electronic reporting system, including, but not limited to:

- (1) technical standards for electronic prescription drug reporting;
- (2) proper analysis and interpretation of prescription monitoring data; and
- (3) an evaluation process for the program.

Subd. 4. Reporting requirements; notice. (a) Each dispenser must submit the following data to the board or its designated vendor, subject to the notice required under paragraph (d):

- (1) name of the prescriber;
- (2) national provider identifier of the prescriber;
- (3) name of the dispenser;
- (4) national provider identifier of the dispenser;
- (5) prescription number;

- (6) name of the patient for whom the prescription was written;
- (7) address of the patient for whom the prescription was written;
- (8) date of birth of the patient for whom the prescription was written;
- (9) date the prescription was written;
- (10) date the prescription was filled;
- (11) name and strength of the controlled substance;
- (12) quantity of controlled substance prescribed;
- (13) quantity of controlled substance dispensed; and
- (14) number of days supply.

(b) The dispenser must submit the required information by a procedure and in a format established by the board. The board may allow dispensers to omit data listed in this subdivision or may require the submission of data not listed in this subdivision provided the omission or submission is necessary for the purpose of complying with the electronic reporting or data transmission standards of the American Society for Automation in Pharmacy, the National Council on Prescription Drug Programs, or other relevant national standard-setting body.

(c) A dispenser is not required to submit this data for those controlled substance prescriptions dispensed for:

- (1) individuals residing in licensed skilled nursing or intermediate care facilities;
- (2) individuals receiving assisted living services under chapter 144G or through a medical assistance home and community-based waiver;
- (3) individuals receiving medication intravenously;
- (4) individuals receiving hospice and other palliative or end-of-life care; and
- (5) individuals receiving services from a home care provider regulated under chapter 144A.

(d) A dispenser must not submit data under this subdivision unless a conspicuous notice of the reporting requirements of this section is given to the patient for whom the prescription was written.

Subd. 5. Use of data by board. (a) The board shall develop and maintain a database of the data reported under subdivision 4. The board shall maintain data that could identify an individual prescriber or dispenser in encrypted form. The database may be used by permissible users identified under subdivision 6 for the identification of:

(1) individuals receiving prescriptions for controlled substances from prescribers who subsequently obtain controlled substances from dispensers in quantities or with a frequency inconsistent with generally recognized standards of use for those controlled substances, including standards accepted by national and international pain management associations; and

(2) individuals presenting forged or otherwise false or altered prescriptions for controlled substances to dispensers.

(b) No permissible user identified under subdivision 6 may access the database for the sole purpose of identifying prescribers of controlled substances for unusual or excessive prescribing patterns without a valid search warrant or court order.

(c) No personnel of a state or federal occupational licensing board or agency may access the database for the purpose of obtaining information to be used to initiate or substantiate a disciplinary action against a prescriber.

(d) Data reported under subdivision 4 shall be retained by the board in the database for a 12-month period, and shall be removed from the database no later than 12 months from the last day of the month during which the data was received.

Subd. 6. Access to reporting system data. (a) Except as indicated in this subdivision, the data submitted to the board under subdivision 4 is private data on individuals as defined in section 13.02, subdivision 12, and not subject to public disclosure.

**(b) Except as specified in subdivision 5, the following persons shall be considered permissible users and may access the data submitted under subdivision 4 in the same or similar manner, and for the same or similar purposes, as those persons who are authorized to access similar private data on individuals under federal and state law:**

(1) a prescriber or an agent or employee of the prescriber to whom the prescriber has delegated the task of accessing the data, to the extent the information relates specifically to a current patient, to whom the prescriber is prescribing or considering prescribing any controlled substance and with the provision that the prescriber remains responsible for the use or misuse of data accessed by a delegated agent or employee;

(2) a dispenser or an agent or employee of the dispenser to whom the dispenser has delegated the task of accessing the data, to the extent the information relates specifically to a current patient to whom that dispenser is dispensing or considering dispensing any controlled substance and with

the provision that the dispenser remains responsible for the use or misuse of data accessed by a delegated agent or employee;

**(3) an individual who is the recipient of a controlled substance prescription for which data was submitted under subdivision 4, or a guardian of the individual, parent or guardian of a minor, or health care agent of the individual acting under a health care directive under chapter 145C;**

(4) personnel of the board specifically assigned to conduct a bona fide investigation of a specific licensee;

(5) personnel of the board engaged in the collection of controlled substance prescription information as part of the assigned duties and responsibilities under this section;

(6) authorized personnel of a vendor under contract with the board who are engaged in the design, implementation, operation, and maintenance of the electronic reporting system as part of the assigned duties and responsibilities of their employment, provided that access to data is limited to the minimum amount necessary to carry out such duties and responsibilities;

(7) federal, state, and local law enforcement authorities acting pursuant to a valid search warrant; and

(8) personnel of the medical assistance program assigned to use the data collected under this section to identify recipients whose usage of controlled substances may warrant restriction to a single primary care physician, a single outpatient pharmacy, or a single hospital.

For purposes of clause (3), access by an individual includes persons in the definition of an individual under section 13.02.

(c) Any permissible user identified in paragraph (b), who directly accesses the data electronically, shall implement and maintain a comprehensive information security program that contains administrative, technical, and physical safeguards that are appropriate to the user's size and complexity, and the sensitivity of the personal information obtained. The permissible user shall identify reasonably foreseeable internal and external risks to the security, confidentiality, and integrity of personal information that could result in the unauthorized disclosure, misuse, or other compromise of the information and assess the sufficiency of any safeguards in place to control the risks.

(d) The board shall not release data submitted under this section unless it is provided with evidence, satisfactory to the board, that the person requesting the information is entitled to receive the data.

(e) The board shall not release the name of a prescriber without the written consent of the prescriber or a valid search warrant or court order. The board shall provide a mechanism for a prescriber to submit to the board a signed consent authorizing the release of the prescriber's name when data containing the prescriber's name is requested.

(f) The board shall maintain a log of all persons who access the data and shall ensure that any permissible user complies with paragraph (c) prior to attaining direct access to the data.

(g) Section 13.05, subdivision 6, shall apply to any contract the board enters into pursuant to subdivision 2. A vendor shall not use data collected under this section for any purpose not specified in this section.

Subd. 7. Disciplinary action. (a) A dispenser who knowingly fails to submit data to the board as required under this section is subject to disciplinary action by the appropriate health-related licensing board.

(b) A prescriber or dispenser authorized to access the data who knowingly discloses the data in violation of state or federal laws relating to the privacy of health care data shall be subject to disciplinary action by the appropriate health-related licensing board, and appropriate civil penalties.

Subd. 8. Evaluation and reporting. (a) The board shall evaluate the prescription electronic reporting system to determine if the system is negatively impacting appropriate prescribing practices of controlled substances. The board may contract with a vendor to design and conduct the evaluation.

(b) The board shall submit the evaluation of the system to the legislature by July 15, 2011.

Subd. 9. Immunity from liability; no requirement to obtain information. (a) A pharmacist, prescriber, or other dispenser making a report to the program in good faith under this section is immune from any civil, criminal, or administrative liability, which might otherwise be incurred or imposed as a result of the report, or on the basis that the pharmacist or prescriber did or did not seek or obtain or use information from the program.

(b) Nothing in this section shall require a pharmacist, prescriber, or other dispenser to obtain information about a patient from the program, and the pharmacist, prescriber, or other dispenser, if acting in good faith, is immune from any civil, criminal, or administrative liability that might otherwise be incurred or imposed for requesting, receiving, or using information from the program.

Subd. 10. Funding. (a) The board may seek grants and private funds from nonprofit charitable foundations, the federal government, and other sources to fund the enhancement and ongoing operations of the prescription electronic reporting system established under this section. Any

funds received shall be appropriated to the board for this purpose. The board may not expend funds to enhance the program in a way that conflicts with this section without seeking approval from the legislature.

(b) The administrative services unit for the health-related licensing boards shall apportion between the Board of Medical Practice, the Board of Nursing, the Board of Dentistry, the Board of Podiatric Medicine, the Board of Optometry, and the Board of Pharmacy an amount to be paid through fees by each respective board. The amount apportioned to each board shall equal each board's share of the annual appropriation to the Board of Pharmacy from the state government special revenue fund for operating the prescription electronic reporting system under this section. Each board's apportioned share shall be based on the number of prescribers or dispensers that each board identified in this paragraph licenses as a percentage of the total number of prescribers and dispensers licensed collectively by these boards. Each respective board may adjust the fees that the boards are required to collect to compensate for the amount apportioned to each board by the administrative services unit.

§ 73-21-127. Computer program to track prescriptions for controlled substances and report illegal activity

The Board of Pharmacy shall develop and implement a computerized program to track prescriptions for controlled substances and to report suspected abuse and misuse of controlled substances in compliance with the federal regulations promulgated under authority of the National All Schedules Prescription Electronic Reporting Act of 2005 and in compliance with the federal HIPAA law, under the following conditions:

(a) Reporting of dispensing information shall be mandatory and required by the State Board of Pharmacy for any entity dispensing controlled substances in or into the State of Mississippi.

(b) The prescriptions tracked shall be prescriptions for controlled substances listed in Drug Enforcement Agency Schedule II, III, IV or V and specified noncontrolled substances authorized by the State Board of Pharmacy that are dispensed to residents in the State of Mississippi by licensed pharmacies, nonresident pharmacies, institutions, dispensing practitioners and the dispenser of veterinary controlled substance drugs, regardless of dispenser location.

(c) The Board of Pharmacy shall report any activity it reasonably suspects may be fraudulent or illegal to the appropriate law enforcement agency or occupational licensing board and provide them with the relevant information obtained for further investigation.

(d) The program shall provide information regarding the potential inappropriate use of controlled substances and the specified noncontrolled substances to practitioners, pharmacists-in-charge and appropriate state agencies in order to prevent the inappropriate or illegal use of these controlled substances. The specific purposes of the program shall be to: be proactive in safeguarding public health and safety; support the legitimate use of controlled substances; facilitate and encourage the identification, intervention with and treatment of individuals addicted to controlled substances and specified noncontrolled drugs; identify and prevent drug diversion; provide assistance to those state and federal law enforcement and regulatory agencies investigating cases of drug diversion or other misuse; and inform the public and health care professionals of the use and abuse trends related to controlled substance and specified noncontrolled drugs.

**(e)(i) Access to collected data shall be confidential and not subject to the provisions of the federal Freedom of Information Act or the Mississippi Open Records Act. Upon request, the State Board of Pharmacy shall provide collected information to:** pharmacists or

West's Montana Code Annotated (2012)  
Title 37. Professions and Occupations  
Chapter 7. Pharmacy  
Part 15. Prescription Drug Registry

§ 37-7-1506. Providing prescription drug registry information

**(1) Registry information is health care information as defined in 50-16-504 and is confidential. Except as provided in 37-7-1504, the board is authorized to provide data from the registry, upon request, only to the following:**

(a) a person authorized to prescribe or dispense prescription drugs if the person certifies that the information is needed to provide medical or pharmaceutical treatment to a patient who is the subject of the request and who is under the person's care or has been referred to the person for care;

(b) a prescriber who requests information relating to the prescriber's own prescribing information if the prescriber certifies that the requested information is for a purpose in accordance with board rule;

**(c) an individual requesting the individual's registry information if the individual provides evidence satisfactory to the board that the individual requesting the information is the person about whom the data entry was made;**

(d) a designated representative of a government agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense drugs, in order to conduct investigations related to a health care professional who is the subject of an active investigation for drug misuse or diversion;

(e) a county coroner or a peace officer employed by a federal, state, tribal, or local law enforcement agency if the county coroner or peace officer has obtained an investigative subpoena;

(f) an authorized individual under the direction of the department of public health and human services for the purpose of reviewing and enforcing that department's responsibilities under the public health, medicare, or medicaid laws; or

(g) a prescription drug registry in another state if the data is subject to limitations and restrictions similar to those provided in 37-7-1502 through 37-7-1513.

- (2) The board shall maintain a record of each individual or entity that requests information from the registry and whether the request was granted pursuant to this section.
- (3) The board may release information in summary, statistical, or aggregate form for educational, research, or public information purposes. The information may not identify a person or entity.
- (4) Information collected by or obtained from the registry may not be used:
  - (a) for commercial purposes; or
  - (b) as evidence in any civil or administrative action, except in an investigation and disciplinary proceeding by the department or the agency responsible for licensing, regulating, or disciplining licensed health care professionals who are authorized to prescribe, administer, or dispense prescription drugs.
- (5) Information obtained from the registry in accordance with the requirements of this section may be used in the course of a criminal investigation and subsequent criminal proceedings.
- (6) The board shall adopt rules to ensure that only authorized individuals have access to the registry and only to appropriate information from the registry. The rules must be consistent with:
  - (a) the privacy provisions of the Health Insurance Portability and Accountability Act of 1996, 42 U.S.C. 1320d, et seq.;
  - (b) administrative rules adopted in connection with that act;
  - (c) Article II, section 10, of the Montana constitution; and
  - (d) the privacy provisions of Title 50, chapter 16.
- (7) The procedures established by the board under this section may not impede patient access to prescription drugs for legitimate medical purposes.

Title 40. Public Health and Safety  
Chapter 453. Controlled Substances  
Uniform Controlled Substances Act  
General Provisions

§ 453.1545. Board and Division required to develop computerized program to track prescriptions for controlled substances and course of training for persons who access program; Board required to provide certain practitioners Internet access to database of program; reporting of illegal activity; confidentiality of information obtained from program; gifts, grants and donations

1. The Board and the Division shall cooperatively develop a computerized program to track each prescription for a controlled substance listed in schedule II, III or IV that is filled by a pharmacy that is registered with the Board or that is dispensed by a practitioner who is registered with the Board. The program must:

(a) Be designed to provide information regarding:

(1) The inappropriate use by a patient of controlled substances listed in schedules II, III and IV to pharmacies, practitioners and appropriate state agencies to prevent the improper or illegal use of those controlled substances; and

(2) Statistical data relating to the use of those controlled substances that is not specific to a particular patient.

(b) Be administered by the Board, the Division, the Health Division of the Department and various practitioners, representatives of professional associations for practitioners, representatives of occupational licensing boards and prosecuting attorneys selected by the Board and the Division.

(c) Not infringe on the legal use of a controlled substance for the management of severe or intractable pain.

(d) Include the contact information of each person who elects to access the database of the program pursuant to subsection 2, including, without limitation:

(1) The name of the person;

(2) The physical address of the person;

(3) The telephone number of the person; and

(4) If the person maintains an electronic mail address, the electronic mail address of the person.

2. The Board shall provide Internet access to the database of the program established pursuant to subsection 1 to each practitioner who is authorized to write prescriptions for and each person who is authorized to dispense controlled substances listed in schedule II, III or IV who:

(a) Elects to access the database of the program; and

(b) Completes the course of instruction described in subsection 6.

3. The Board and the Division must have access to the program established pursuant to subsection 1 to identify any suspected fraudulent or illegal activity related to the dispensing of controlled substances.

4. The Board or the Division shall report any activity it reasonably suspects may be fraudulent or illegal to the appropriate law enforcement agency or occupational licensing board and provide the law enforcement agency or occupational licensing board with the relevant information obtained from the program for further investigation.

**5. Information obtained from the program relating to a practitioner or a patient is confidential and, except as otherwise provided by this section and NRS 239.0115, must not be disclosed to any person. That information must be disclosed:**

**(a) Upon the request of a person about whom the information requested concerns or upon the request on behalf of that person by his or her attorney; or**

**(b) Upon the lawful order of a court of competent jurisdiction.**

6. The Board and the Division shall cooperatively develop a course of training for persons who elect to access the database of the program pursuant to subsection 2 and require each such person to complete the course of training before the person is provided with Internet access to the database pursuant to subsection 2.

7. The Board and the Division may apply for any available grants and accept any gifts, grants or donations to assist in developing and maintaining the program required by this section.

Revised Statutes Annotated of the State of New Hampshire (2012)  
Title XXX. Occupations and Professions (Ch. 309 to 332-J)  
Chapter 318-B. Controlled Drug Act

§ 318-B:35 Providing Controlled Drug Prescription Health and Safety Information.

### **I. The program may provide information in the prescription health and safety program upon request only to the following persons:**

(a) By electronic or written request to prescriber and dispensers within the state who are registered with the program:

- (1) For the purpose of providing medical or pharmaceutical care to a specific patient; or
- (2) For reviewing information regarding prescriptions issued or dispensed by the requester.

**(b) By written request, to:**

**(1) A patient who requests his or her own prescription monitoring information.**

(2) The board of dentistry, the board of medicine, the board of nursing, the board of registration in optometry, the board of podiatry, the board of veterinary medicine, and the pharmacy board; provided, however, that the request is pursuant to the boards' official duties and responsibilities and the disclosures to each board relate only to its licensees and only with respect to those licensees whose prescribing or dispensing activities indicate possible fraudulent conduct.

(3) Authorized law enforcement officials on a case-by-case basis for the purpose of investigation and prosecution of a criminal offense when presented with a court order based on probable cause. No law enforcement agency or official shall have direct access to the program.

(4) A controlled drug prescription health and safety program from another state on a case-by-case basis, if an agreement is in place with the other state to ensure that the information is used and disseminated pursuant to the requirements of this state.

II. The program shall notify the appropriate regulatory board listed in subparagraph I(b)(2) and the prescriber or dispenser at such regular intervals as may be established by the board if there is reasonable cause to believe a violation of law or breach of professional standards may have occurred. The program shall provide prescription information required or necessary for an investigation.

III. The program shall review the information to identify information that appears to indicate whether a person may be obtaining prescriptions in a manner that may represent misuse or abuse of schedule II-IV controlled substances. When such information is identified, the program shall notify the practitioner who prescribed the prescription.

Title 16. Occupational and Professional Licensing

Chapter 19. Pharmacists

Part 29. Controlled Substance Prescription Monitoring Program

### **16.19.29. CONTROLLED SUBSTANCE PRESCRIPTION MONITORING PROGRAM**

16.19.29.1 ISSUING AGENCY: Regulation and Licensing Department - Board of Pharmacy.

[16.19.29.1 NMAC - N, 07-15-04]

16.19.29.2 SCOPE: All persons or entities that dispense controlled substances pursuant to prescriptions from practitioners.

[16.19.29.2 NMAC - N, 07-15-04]

16.19.29.3 STATUTORY AUTHORITY: Section 30-31-16 of the Controlled Substance Act. 30-31-1 through 30-31-42 NMSA 1978, authorizes the board of pharmacy to promulgate regulations and charge reasonable fees regarding controlled substances. 30-31-16 authorizes the board to collect information regarding controlled substances.

[16.19.29.3 NMAC - N, 07-15-04]

16.19.29.4 DURATION: Permanent.

[16.19.29.4 NMAC - N, 07-15-04]

16.19.29.5 EFFECTIVE DATE: 07-15-04, unless a later date is cited at the end of a section.

[16.19.29.5 NMAC - N, 07-15-04]

16.19.29.6 OBJECTIVE: The objective of Part 29 of Chapter 19 is to promote the public health and welfare by detecting and preventing substance abuse and encouraging appropriate treatment of pain and other conditions for which controlled substances are prescribed. The purpose of the system is to improve access to controlled substances for legitimate medical needs by allowing a practitioner or a pharmacist to obtain a patient's pharmaceutical history related to controlled substances. The program's objectives will include education of the public and health care professionals regarding the nature and extent of the problem of drug abuse, appropriate prescribing and use of controlled substances, and the medical treatment options for abusers of controlled substances and pain management.

[16.19.29.6 NMAC - N, 07-15-04]

16.19.29.7 DEFINITIONS:

- A. "Controlled substance" has the meaning given such term in 30-31-2 NMSA.
- B. "Board of pharmacy" means the state agency responsible for the functions listed in 16.19.29.8 NMAC.
- C. "Patient" means the person or animal who is the ultimate user of a drug for whom a prescription is issued and for whom a drug is dispensed.
- D. "Dispenser" means the person who delivers a schedule II - V controlled substance as defined in Subsection E to the ultimate user, but does not include the following:
- (1) a licensed hospital pharmacy that distributes such substances for the purpose of inpatient hospital care;
  - (2) a practitioner, or other authorized person who administers such a substance; or
  - (3) a wholesale distributor of a schedule II - V controlled substance;
  - (4) clinics, urgent care or emergency departments dispensing no more than 12 dosage units to an individual patient within a 72 hour period.
- E. "Prescription monitoring program" (PMP) means a centralized system to collect, monitor, and analyze electronically, for controlled substances, prescribing and dispensing data submitted by pharmacies and dispensing practitioners, of which the data is to be used to support efforts in education, research, enforcement and abuse prevention.
- F. "Schedule II, III, IV and V controlled substance" means substances that are listed in schedules II, III, IV, and V of the schedules provided under 30-31-5 to 30-31-10 of NMSA or the federal controlled substances regulation (21 U.S.C. 812).
- G. "Report" means a compilation of data concerning a patient, a dispenser, a practitioner, or a controlled substance.

[16.19.29.7 NMAC - N, 07-15-04; A, 06-11-11]

16.19.29.8 REQUIREMENTS FOR THE PRESCRIPTION MONITORING PROGRAM:

- A. The board shall monitor the dispensing of all schedule II, III, IV and V controlled substances by all pharmacies licensed to dispense such substances to patients in this state.

© 2012 Research is current as of September 18, 2012. In order to ensure that the information contained herein is as current as possible, research is conducted using nationwide legal database software, individual state legislative websites and direct communications with state PDMP representatives. Headquarters Office: THE NATIONAL ALLIANCE FOR MODEL STATE DRUG LAWS. 215 Lincoln Ave. Suite 201, Santa Fe, NM 87501.

B. Each dispenser shall submit to the board by electronic means information regarding each prescription dispensed for a drug included under Subsection A of this section. Information to be reported shall conform to the standards developed by the American society for automation in pharmacy (ASAP) and published in the “ASAP telecommunications format for controlled substances”, 2009 4.1 edition. Information submitted for each prescription shall include:

- (1) dispenser DEA number;
- (2) date prescription filled;
- (3) prescription number;
- (4) whether the prescription is new or a refill;
- (5) NDC code for drug dispensed;
- (6) quantity dispensed;
- (7) patient name;
- (8) patient address;
- (9) patient date of birth;
- (10) prescriber DEA number;
- (11) date prescription issued by prescriber;
- (12) and payment classification.

C. Each dispenser shall submit the information in accordance with transmission methods and frequency established by the board; but shall report at least every seven days. The executive director shall have the authority to approve submission schedules that exceed seven days. A record of each controlled substance prescription dispensed must be transmitted to the boards' agent electronically.

[16.19.29.8 NMAC - N, 07-15-04; A, 06-11-11]

**16.19.29.9 ACCESS TO PRESCRIPTION INFORMATION:** Practitioners registered with the program may designate one delegate per practice site to register with the program for the purpose of requesting and receiving reports for the practitioner.

A. Prescription information submitted to the board shall be confidential and not subject to public or open records laws, except as provided in Subsections C, D and E of 16.19.29.9 NMAC.

B. The board shall maintain procedures to ensure that the privacy and confidentiality of patients and patient information collected, recorded, transmitted, and maintained is not disclosed to persons except as in Subsection C, D, and E of this 16.19.29.9 NMAC.

C. After receiving a complaint, the board inspectors shall review the relevant prescription information. If there is reasonable cause to believe a violation of law or breach of professional standards may have occurred, the board shall notify the appropriate law enforcement or professional licensing, certification or regulatory agency or entity, and provide prescription information required for an investigation.

D. The board will establish written protocols for reviewing the prescription data reported. These protocols will be reviewed and approved by the board as needed but at least once every calendar year. These protocols will define information to be screened, frequency and thresholds for screening and the parameters for using the data. Data will be used to notify providers, patients and pharmacies to educate, provide for patient management and treatment options.

**E. The board shall be authorized to provide data in the prescription monitoring program to the following persons:**

(1) persons authorized to prescribe or dispense controlled substances, for the purpose of providing medical or pharmaceutical care for their patients;

**(2) an individual who request's their own prescription monitoring information in accordance with procedures established under 61-11-2.D NMSA, 1978 and Subsection G of 16.19.6.23 NMAC;**

(3) New Mexico medical board, New Mexico board of nursing, New Mexico board of veterinary medicine, New Mexico board of dental health care, board of examiners in optometry, osteopathic examiners board, acupuncture & oriental medicine board, and podiatry board for their licensees;

(4) professional licensing authorities of other states if their licensees practice in the state or prescriptions provided by their licensees are dispensed in the state;

(5) local, state and federal law enforcement or prosecutorial officials engaged in an ongoing investigation of an individual in the enforcement of the laws governing licit drugs;

(6) human services department regarding medicaid program recipients;

(7) metropolitan, district, state or federal court(s) under grand jury subpoena or criminal court order;

(8) personnel of the board for purposes of administration and enforcement of this regulation, or 16.19.20 NMAC or;

(9) the controlled substance monitoring program of another state or group of states with whom the state has established an interoperability agreement;

**(10) a parent to have access to the prescription records about his or her minor child, as his or her minor child's personal representative when such access is not inconsistent with state or other laws.**

(11) the board shall use de-identified data obtained from the prescription drug monitoring database to identify and report to state and local public health authorities the geographic areas of the state where anomalous prescribing, dispensing, or use of controlled substances is occurring.

(12) the board shall share prescription drug monitoring database data with the department of health for the purpose of tracking inappropriate prescribing and misuse of controlled substances, including drug overdose.

F. The board shall provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients and persons who have received prescriptions from dispensers.

[16.19.29.9 NMAC - N, 07-15-04; A, 06-11-11]

16.19.29.10 REPORTS: A written request will be filed with the board prior to release of a report.

A. Persons listed in Paragraphs (1) through (10) of Subsection E of 16.19.29.9 NMAC must submit a written request listing the information for the report.

B. Reports will be prepared and delivered to the requesting person via U.S. mail, facsimile, or other electronic means.

C. Reports may be provided by secured electronic means after verification of electronic request.

D. The program will produce reports for the board that evaluate the effectiveness of the program and assist in identifying diversion of controlled substances. The program will produce statistical reports to evaluate the dispensing of controlled substances and utilization of the program. These reports will be able to provide data on:

(1) number of solicited reports from prescribers for a specified time period;

(2) number of solicited reports from a specified prescriber for a specified time period;

- (3) number of solicited reports from pharmacies for a specified time period;
- (4) number of solicited reports from a specified pharmacy for a specific time period;
- (5) number of solicited reports from other unauthorized individuals for a specified time period;
- (6) number of individuals receiving a prescription for a specified schedule for a specified time period;
- (7) threshold report of number of individuals receiving a prescription for a specified schedule from 6 or more prescribers or 6 or more pharmacies within a specified time period;
- (8) number of solid dosage units for a specified schedule for pain relievers, tranquilizers, stimulants and sedatives for a specified time period;
- (9) list of individual prescriptions for a specified zip-code or state code;
- (10) number of prescriptions for a specified zip-code;
- (11) number of dosage units for a specified drug and specified zip-code.

E. The board shall receive a quarterly program outcomes report from staff or contractors. A statistical analysis of the data that does not include protected information should be reported on the web site or in the newsletter.

[16.19.29.10 NMAC - N, 07-15-04; A, 06-11-11]

16.19.29.11 **AUTHORITY TO CONTRACT:** The board is authorized to contract with another agency of this state or with a private vendor, as necessary, to ensure the effective operation of the prescription monitoring program. Any contract shall be bound to comply with the provisions regarding confidentiality of prescription information in 16.19.29.9 NMAC of this regulation and shall be subject to the penalties specified in 16.19.29.12 NMAC of this regulation for unlawful regulations.

[16.19.29.11 NMAC - N, 07-15-04]

#### 16.19.29.12 **REGISTRATION FOR ACCESS TO PRESCRIPTION INFORMATION:**

A. Practitioners with individual drug enforcement administration (DEA) issued numbers will complete and submit a hard copy written, signed and notarized application. After verification of submitted information, a username and password will be issued to the practitioner. One subaccount per practitioner account is authorized for an agent of the practitioner. The agent designated by the practitioner will complete and submit a hard copy written, signed and

notarized application. After verification of submitted information, a username and password will be issued to the agent.

B. Pharmacies with DEA issued numbers will complete and submit a hard copy written, signed and notarized application. After verification of submitted information, a username and password will be issued. Pharmacies will designate one individual who will complete and submit a hard copy written, signed and notarized application. After verification of submitted information, a username and password will be issued to the individual. Pharmacies will not be permitted to obtain a subaccount.

C. All registrations will be renewed every three years by completing and submitting a new application.

D. All registrants to the prescription monitoring program will complete a web based training program approved by the board.

#### 16.19.29.13 INFORMATION EXCHANGE WITH OTHER PRESCRIPTION MONITORING PROGRAMS:

A. The New Mexico board of pharmacy may provide prescription monitoring information to other states' prescription monitoring programs and such information may be used by those programs consistent with the provisions of the rule.

B. The New Mexico board of pharmacy may request and receive prescription monitoring information from other states' prescription monitoring programs and may use such information under provisions of this rule.

C. The New Mexico board of pharmacy may develop the capability to transmit information to and receive information from other prescription monitoring programs employing the standards of interoperability.

D. The New Mexico board of pharmacy is authorized to enter into written agreements with other states' prescription monitoring programs or other entities hosting compatible information sharing technologies for the purpose of describing the terms and conditions for sharing of prescription information under this section.

[16.19.29.13 NMAC - N, 07-15-04; 16.19.29.13 NMAC - N, 06-11-11]

#### 16.19.29.14 PENALTIES:

A. A dispenser who knowingly fails to submit prescription monitoring information to the board as required by this regulation or knowingly submits incorrect prescription information shall be subject to disciplinary proceedings as defined in 61-11-20 NMSA.

B. Prescription information submitted to the New Mexico prescription monitoring program (PMP) is protected health information. Registrants with access to the PMP are required to exercise due diligence in protecting this information and access it only as necessary in the course of legitimate professional regulatory, or law enforcement duties.

C. Individual registrants found to be in violation of this section may be subject to one or more of the following actions:

(1) Termination of access to the program information.

(2) A complaint may be filed with appropriate professional regulatory entities.

[16.19.29.14 NMAC - Rn, 16.19.29.12 NMAC, 06-11-11]

16.19.29.15 SEVERABILITY: If any provisions of this regulation or application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the regulation which can be given effect without the invalid provisions or applications, and to this end the provisions of this regulation are severable.

Mckinney's Consolidated Laws of New York Annotated (2012)

Public Health Law

Chapter 45. Of the Consolidated Laws

Article 33. Controlled Substances

Title IV. Dispensing to Ultimate Users

<Text of section effective August 27, 2013, except that pharmacists and designees may access the registry prior to that time to the extent practicable>

### § 3343-a. Prescription Monitoring Program Registry

1. Establishment of system. (A) The commissioner shall, in accordance with the provisions of this section, establish and maintain an electronic system for collecting, monitoring and reporting information concerning the prescribing and dispensing of controlled substances, to be known as the prescription monitoring program registry. The registry shall include information reported by pharmacies on a real time basis, as set forth in subdivision four of section thirty-three hundred thirty-three of this article.

(B) The registry shall include, for each person to whom a prescription for controlled substances has been dispensed, all patient-specific information covering such period of time as is deemed appropriate and feasible by the commissioner, but no less than six months and no more than five years. Such patient-specific information shall be obtained from the prescription information reported by pharmacies pursuant to subdivision four of section thirty-three hundred thirty-three of this article and by practitioners who dispense pursuant to subdivision six of section thirty-three hundred thirty-one of this article, and shall be processed and included in the registry by the department without undue delay. For purposes of this article, "patient-specific information" means information pertaining to individual patients included in the registry, which shall include the following information and such other information as is required by the department in regulation:

- (I) The patient's name;
- (II) The patient's residential address;
- (III) The patient's date of birth;
- (IV) The patient's gender;
- (V) The date on which the prescription was issued;
- (VI) The date on which the controlled substance was dispensed;

Headquarters Office: THE NATIONAL ALLIANCE FOR MODEL STATE DRUG LAWS. 215 Lincoln Ave. Suite 201, Santa Fe, NM 87501.

(VII) The metric quantity of the controlled substance dispensed;

(VIII) The number of days supply of the controlled substance dispensed;

(IX) The name of the prescriber;

(X) The prescriber's identification number, as assigned by the Drug Enforcement Administration;

(XI) The name or identifier of the drug that was dispensed; and

(XII) The payment method.

(C) The registry shall be secure, easily accessible by practitioners and pharmacists, and compatible with the electronic transmission of prescriptions for controlled substances, as required by section two hundred eighty-one of this chapter, and section sixty-eight hundred ten of the Education Law, and any regulations promulgated pursuant thereto. To the extent practicable, implementation of the electronic transmission of prescriptions for controlled substances shall serve to streamline consultation of the registry by practitioners and reporting of prescription information by pharmacists. The registry shall be interoperable with other similar registries operated by federal or state governments, to the extent deemed appropriate by the commissioner, and subject to the provisions of section thirty-three hundred seventy-one-a of this article.

(D) The department shall establish and implement such protocols as are reasonably necessary to ensure that information contained in the registry is maintained in a secure and confidential manner and is accessible only by practitioners, pharmacists or their designees for the purposes established in subdivisions two and three of this section, or as otherwise set forth in sections thirty-three hundred seventy-one and thirty-three hundred seventy-one-a of this article. Such protocols shall include a mechanism for the department to monitor and record access to the registry, which shall identify the authorized individual accessing and each controlled substance history accessed.

2. Duty to consult prescription monitoring program registry; practitioners. (A) Every practitioner shall consult the prescription monitoring program registry prior to prescribing or dispensing any controlled substance listed on Schedule II, III or IV of section thirty-three hundred six of this article, for the purpose of reviewing a patient's controlled substance history as set forth in such registry; provided, however, that nothing in this section shall preclude an authorized practitioner, other than a veterinarian, from consulting the registry at his or her option prior to prescribing or dispensing any controlled substance. The duty to consult the registry shall not apply to:

(I) Veterinarians;

(II) A practitioner dispensing pursuant to subdivision three of section thirty-three hundred fifty-one of this article;

(III) A practitioner administering a controlled substance;

(IV) A practitioner prescribing or ordering a controlled substance for use on the premises of an institutional dispenser pursuant to section thirty-three hundred forty-two of this title;

(V) A practitioner prescribing a controlled substance in the emergency department of a general hospital, provided that the quantity of controlled substance prescribed does not exceed a five day supply if the controlled substance were used in accordance with the directions for use;

(VI) A practitioner prescribing a controlled substance to a patient under the care of a hospice, as defined by section four thousand two of this chapter;

(VII) A practitioner when:

(a) It is not reasonably possible for the practitioner to access the registry in a timely manner;

(b) No other practitioner or designee authorized to access the registry, pursuant to paragraph (B) of this subdivision, is reasonably available; and

(c) The quantity of controlled substance prescribed does not exceed a five day supply if the controlled substance were used in accordance with the directions for use;

(VIII) A practitioner acting in compliance with regulations that may be promulgated by the commissioner as to circumstances under which consultation of the registry would result in a patient's inability to obtain a prescription in a timely manner, thereby adversely impacting the medical condition of such patient;

(IX) A situation where the registry is not operational as determined by the department or where it cannot be accessed by the practitioner due to a temporary technological or electrical failure, as set forth in regulation; or

(X) A practitioner who has been granted a waiver due to technological limitations that are not reasonably within the control of the practitioner, or other exceptional circumstance demonstrated by the practitioner, pursuant to a process established in regulation, and in the discretion of the commissioner.

(B) For purposes of this section, a practitioner may authorize a designee to consult the prescription monitoring program registry on his or her behalf, provided that:

(I) The designee so authorized is employed by the same professional practice or is under contract with such practice;

(II) The practitioner takes reasonable steps to ensure that such designee is sufficiently competent in the use of the registry;

(III) The practitioner remains responsible for ensuring that access to the registry by the designee is limited to authorized purposes and occurs in a manner that protects the confidentiality of the information obtained from the registry, and remains responsible for any breach of confidentiality; and

(IV) The ultimate decision as to whether or not to prescribe or dispense a controlled substance remains with the practitioner and is reasonably informed by the relevant controlled substance history information obtained from the registry.

The commissioner shall establish in regulation reasonable parameters with regard to a practitioner's ability to authorize designees pursuant to this section, which shall include processes necessary to allow the department to:

(a) Grant access to the registry in a reasonably prompt manner to as many designees as are authorized by practitioners, up to the number deemed appropriate by the commissioner for particular professional practices or types of practices, taking into account the need to maintain security of the registry and the patient-specific information maintained therein, and the objective of minimizing burdens to practitioners to the extent practicable;

(b) Require that practitioners notify the department upon terminating the authorization of any designee; and

(c) Establish a mechanism to prevent such terminated designees from accessing the registry in a reasonably prompt manner following such notification.

3. Authority to consult prescription monitoring program registry; pharmacists. (A) A pharmacist may consult the prescription monitoring program registry in order to review the controlled substance history of an individual for whom one or more prescriptions for controlled substances is presented to such pharmacist.

(B) For purposes of this section, a pharmacist may designate another pharmacist, a pharmacy intern, as defined by section sixty-eight hundred six of the Education Law, or other individual as may be permitted by the commissioner in regulation, to consult the prescription monitoring program registry on the pharmacist's behalf, provided that such designee is employed by the same pharmacy or is under contract with such pharmacy. The commissioner shall establish in regulation reasonable parameters with regard to a pharmacist's ability to authorize designees pursuant to this section, which shall include processes necessary to allow the department to:

(a) Grant access to the registry in a reasonably prompt manner to as many designees as are authorized by pharmacists, up to the number deemed appropriate by the commissioner for particular pharmacies, taking into account the need to maintain security of the registry and the patient-specific information maintained therein, and the objective of minimizing burdens to pharmacists to the extent practicable;

(b) Require that pharmacists notify the department upon terminating the authorization of any designee; and

(c) Establish a mechanism to prevent such terminated designees from accessing the registry in a reasonably prompt manner following such notification.

4. Immunity. No practitioner or pharmacist, and no person acting on behalf of such practitioner or pharmacist as permitted under this section, acting with reasonable care and in good faith shall be subject to civil liability arising from any false, incomplete or inaccurate information submitted to or reported by the registry or for any resulting failure of the system to accurately or timely report such information; provided, however, that nothing in this subdivision shall be deemed to alter the obligation to submit or report prescription information to the department as otherwise set forth in this article or in regulations promulgated pursuant thereto.

5. Guidance to practitioners and pharmacists. The commissioner shall, in consultation with the commissioner of education, provide guidance to practitioners, pharmacists, and pharmacies regarding the purposes and uses of the registry established by this section and the means by which practitioners and pharmacists can access the registry. Such guidance shall reference educational information available pursuant to the prescription pain medication awareness program established pursuant to section thirty-three hundred nine-a of this article.

**6. Individual access to controlled substance histories. The commissioner shall establish procedures by which an individual may:**

**(A) Request and obtain his or her own controlled substances history consisting of patient-specific information or, in appropriate circumstances, that of a patient who lacks capacity to make health care decisions and for whom the individual has legal authority to make such decisions and would have legal access to the patient's health care records; or**

**(B) Seek review of any part of his or her controlled substances history or, in appropriate circumstances, that of a patient who lacks capacity to make health care decisions and for whom the individual has legal authority to make such decisions and would have legal access to the patient's health care records, that such individual disputes.**

7. Department analysis of data. The department shall periodically analyze data contained in the prescription monitoring program registry to identify information that indicates that a violation of law or breach of professional standards may have occurred and, as warranted, provide any relevant information to appropriate entities as permitted under section thirty-three hundred seventy-one of this article. The department shall keep a record of the information provided, including, but not limited to, the specific information provided and the agency to which such information was provided, including the name and title of the person to whom such information was provided and an attestation from such person that he or she has authority to receive such information.

8. Funding the prescription monitoring program registry. (A) The commissioner shall make reasonable efforts to apply for monies available from the federal government and other institutions, to the extent deemed appropriate by the commissioner, and use any monies so obtained to supplement any other monies made available for the purposes of this title.

(B) Operation of the registry established by this section shall not be funded, in whole or in part, by fees imposed specifically for such purposes upon practitioners, pharmacists, designees or patients subject to this section.

9. Rules and regulations. The commissioner shall promulgate such rules and regulations as are necessary to effectuate the provisions of this section, in consultation with the work group established pursuant to subdivision three of section thirty-three hundred nine-a of this article.

- (I) pursuant to an agreement with the commissioner;
- (II) when the release of such information is deemed appropriate by the commissioner;
- (III) for use in accordance with measures required by the commissioner to ensure that the security and confidentiality of the data is protected; and
- (IV) provided that disclosure is restricted to individuals within the local health department who are engaged in the research or education;
- (i) to a medical examiner or coroner who is an officer of or employed by a state or local government, pursuant to his or her official duties; and

**(j) to an individual for the purpose of providing such individual with his or her own controlled substance history or, in appropriate circumstances, in the case of a patient who lacks capacity to make health care decisions, a person who has legal authority to make such decisions for the patient and who would have legal access to the patient's health care records, if requested from the department pursuant to subdivision six of section thirty-three hundred forty-three-a of this article or from a treating practitioner pursuant to subparagraph (IV) of paragraph (A) of subdivision two of this section.**

2. The prescription monitoring program registry may be accessed, under such terms and conditions as are established by the department for purposes of maintaining the security and confidentiality of the information contained in the registry, by:

(a) a practitioner, or a designee authorized by such practitioner pursuant to subparagraph (B) of subdivision two of section thirty-three hundred forty-three-a of this article, for the purposes of:

(I) informing the practitioner that a patient may be under treatment with a controlled substance by another practitioner;

(II) providing the practitioner with notifications of controlled substance activity as deemed relevant by the department, including but not limited to a notification made available on a monthly or other periodic basis through the registry of controlled substances activity pertaining to his or her patient;

(III) allowing the practitioner, through consultation of the prescription monitoring program registry, to review his or her patient's controlled substances history as required by section thirty-three hundred forty-three-a of this article; and

(IV) providing to his or her patient, or person authorized pursuant to subparagraph (j) of subdivision one of this section, upon request, a copy of such patient's controlled substance history as is available to the practitioner through the prescription monitoring program registry; or

(b) a pharmacist, pharmacy intern or other designee authorized by the pharmacist pursuant to paragraph (B) of subdivision three of section thirty-three hundred forty-three-a of this article, for the purposes of:

(I) consulting the prescription monitoring program registry to review the controlled substances history of an individual for whom one or more prescriptions for controlled substances is presented to the pharmacist, pursuant to section thirty-three hundred forty-three-a of this article; and

(II) receiving from the department such notifications of controlled substance activity as are made available by the department.

3. Where it has reason to believe that a crime related to the diversion of controlled substances has been committed, the department may notify appropriate law enforcement agencies and provide relevant information about the suspected criminal activity, including controlled substances prescribed or dispensed, as reasonably appears to be necessary. The department shall keep a record of the information provided and the agency to which such information was provided, including the name and title of the person to whom such information was provided and an attestation from such person that he or she has authority to receive such information.

4. In the course of any proceeding where such information is disclosed, except when necessary to effectuate the rights of a party to the proceeding, the court or presiding officer shall take such action as is necessary to insure that such information, or record or report of such information is not made public.

West's North Carolina General Statutes (2012)  
Chapter 90. Medicine and Allied Occupations  
Article 5E. North Carolina Controlled Substances Reporting System Act

### § 90-113.74. Confidentiality

(a) Prescription information submitted to the Department is privileged and confidential, is not a public record pursuant to G.S. 132-1, is not subject to subpoena or discovery or any other use in civil proceedings, and except as otherwise provided below may only be used for investigative or evidentiary purposes related to violations of State or federal law and regulatory activities. Except as otherwise provided by this section, prescription information shall not be disclosed or disseminated to any person or entity by any person or entity authorized to review prescription information.

(b) The Department may use prescription information data in the controlled substances reporting system only for purposes of implementing this Article in accordance with its provisions.

**(c) The Department shall release data in the controlled substances reporting system to the following persons only:**

(1) Persons authorized to prescribe or dispense controlled substances for the purpose of providing medical or pharmaceutical care for their patients.

**(2) An individual who requests the individual's own controlled substances reporting system information.**

(3) Special agents of the North Carolina State Bureau of Investigation who are assigned to the Diversion & Environmental Crimes Unit and whose primary duties involve the investigation of diversion and illegal use of prescription medication and who are engaged in a bona fide specific investigation related to enforcement of laws governing licit drugs. The SBI shall notify the Office of the Attorney General of North Carolina of each request for inspection of records maintained by the Department.

(4) Primary monitoring authorities for other states pursuant to a specific ongoing investigation involving a designated person, if information concerns the dispensing of a Schedule II through V controlled substance to an ultimate user who resides in the other state or the dispensing of a Schedule II through V controlled substance prescribed by a licensed health care practitioner whose principal place of business is located in the other state.

(5) To a court pursuant to a lawful court order in a criminal action.

(6) The Division of Medical Assistance for purposes of administering the State Medical Assistance Plan.

(7) Licensing boards with jurisdiction over health care disciplines pursuant to an ongoing investigation by the licensing board of a specific individual licensed by the board.

(8) Any county medical examiner appointed by the Chief Medical Examiner pursuant to G.S. 130A-382 and the Chief Medical Examiner, for the purpose of investigating the death of an individual.

(d) The Department may provide data to public or private entities for statistical, research, or educational purposes only after removing information that could be used to identify individual patients who received prescription medications from dispensers.

(e) In the event that the Department finds patterns of prescribing medications that are unusual, the Department shall inform the Attorney General's Office of its findings. The Office of the Attorney General shall review the Department's findings to determine if the findings should be reported to the SBI for investigation of possible violations of State or federal law relating to controlled substances.

(f) The Department shall purge from the controlled substances reporting system database all information more than six years old.

(g) Nothing in this Article shall prohibit a person authorized to prescribe or dispense controlled substances pursuant to Article 1 of Chapter 90 of the General Statutes from disclosing or disseminating data regarding a particular patient obtained under subsection (c) of this section to another person (i) authorized to prescribe or dispense controlled substances pursuant to Article 1 of Chapter 90 of the General Statutes and (ii) authorized to receive the same data from the Department under subsection (c) of this section.

(h) Nothing in this Article shall prevent persons licensed or approved to practice medicine or perform medical acts, tasks, and functions pursuant to Article 1 of Chapter 90 of the General Statutes from retaining data received pursuant to subsection (c) of this section in a patient's confidential health care record.

Baldwin's Ohio Revised Code (2012)  
Title XLVII. Occupations--Professions  
Chapter 4729. Pharmacists; Dangerous Drugs  
Miscellaneous Provisions

§ 4729.80 Disclosure of database information; disclosure of requests for database information

**(A) If the state board of pharmacy establishes and maintains a drug database pursuant to section 4729.75 of the Revised Code, the board is authorized or required to provide information from the database in accordance with the following:**

- (1) On receipt of a request from a designated representative of a government entity responsible for the licensure, regulation, or discipline of health care professionals with authority to prescribe, administer, or dispense drugs, the board may provide to the representative information from the database relating to the professional who is the subject of an active investigation being conducted by the government entity.
- (2) On receipt of a request from a federal officer, or a state or local officer of this or any other state, whose duties include enforcing laws relating to drugs, the board shall provide to the officer information from the database relating to the person who is the subject of an active investigation of a drug abuse offense, as defined in section 2925.01 of the Revised Code, being conducted by the officer's employing government entity.
- (3) Pursuant to a subpoena issued by a grand jury, the board shall provide to the grand jury information from the database relating to the person who is the subject of an investigation being conducted by the grand jury.
- (4) Pursuant to a subpoena, search warrant, or court order in connection with the investigation or prosecution of a possible or alleged criminal offense, the board shall provide information from the database as necessary to comply with the subpoena, search warrant, or court order.
- (5) On receipt of a request from a prescriber or the prescriber's agent registered with the board, the board may provide to the prescriber information from the database relating to a current patient of the prescriber, if the prescriber certifies in a form specified by the board that it is for the purpose of providing medical treatment to the patient who is the subject of the request.
- (6) On receipt of a request from a pharmacist, the board may provide to the pharmacist information from the database relating to a current patient of the pharmacist, if the pharmacist certifies in a form specified by the board that it is for the purpose of the pharmacist's practice of pharmacy involving the patient who is the subject of the request.

**(7) On receipt of a request from an individual seeking the individual's own database information in accordance with the procedure established in rules adopted under section 4729.84 of the Revised Code, the board may provide to the individual the individual's own database information.**

(8) On receipt of a request from the medical director of a managed care organization that has entered into a data security agreement with the board required by section 5111.1710 of the Revised Code, the board may provide to the medical director information from the database relating to a medicaid recipient enrolled in the managed care organization.

(9) On receipt of a request from the director of job and family services, the board may provide to the director information from the database relating to a recipient of a program administered by the department of job and family services.

(10) On receipt of a request from the administrator of workers' compensation, the board may provide to the administrator information from the database relating to a claimant under Chapter 4121., 4123., 4127., or 4131. of the Revised Code.

(11) On receipt of a request from a requestor described in division (A)(1), (2), (5), or (6) of this section who is from or participating with another state's prescription monitoring program, the board may provide to the requestor information from the database, but only if there is a written agreement under which the information is to be used and disseminated according to the laws of this state.

(B) The state board of pharmacy shall maintain a record of each individual or entity that requests information from the database pursuant to this section. In accordance with rules adopted under section 4729.84 of the Revised Code, the board may use the records to document and report statistics and law enforcement outcomes.

The board may provide records of an individual's requests for database information to the following:

(1) A designated representative of a government entity that is responsible for the licensure, regulation, or discipline of health care professionals with authority to prescribe, administer, or dispense drugs who is involved in an active investigation being conducted by the government entity of the individual who submitted the requests for database information;

(2) A federal officer, or a state or local officer of this or any other state, whose duties include enforcing laws relating to drugs and who is involved in an active investigation being conducted by the officer's employing government entity of the individual who submitted the requests for database information.

(C) Information contained in the database and any information obtained from it is not a public record. Information contained in the records of requests for information from the database is not a public record. Information that does not identify a person may be released in summary, statistical, or aggregate form.

(D) A pharmacist or prescriber shall not be held liable in damages to any person in any civil action for injury, death, or loss to person or property on the basis that the pharmacist or prescriber did or did not seek or obtain information from the database.

## Oregon

West's Oregon Revised Statutes (2012)  
Title 36. Public Health and Safety  
Chapter 431. State and Local Administration and Enforcement of Health Laws  
Prescription Monitoring Program  
(Program)

§ 431.966. Prescription monitoring information disclosure; limitations

<Text subject to final change by the Oregon Office of the Legislative Counsel.>

(1)(a) Except as provided under subsection (2) of this section, prescription monitoring information submitted under ORS 431.964 to the prescription monitoring program established in ORS 431.962:

(A) Is protected health information under ORS 192.518 to 192.529.

(B) Is not subject to disclosure pursuant to ORS 192.410 to 192.505.

(b) Except as provided under subsection (2)(a)(D) of this section, prescription monitoring information submitted under ORS 431.964 to the prescription monitoring program may not be used to evaluate a practitioner's professional practice.

**(2)(a) If a disclosure of prescription monitoring information complies with the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) and regulations adopted under it, including 45 C.F.R. parts 160 and 164, federal alcohol and drug treatment confidentiality laws and regulations adopted under those laws, including 42 C.F.R. part 2, and state health and mental health confidentiality laws, including ORS 179.505, 192.517 and 192.518 to 192.529, the Oregon Health Authority shall disclose the information:**

(A) To a practitioner or pharmacist who certifies that the requested information is for the purpose of evaluating the need for or providing medical or pharmaceutical treatment for a patient to whom the practitioner or pharmacist anticipates providing, is providing or has provided care.

(B) To designated representatives of the authority or any vendor or contractor with whom the authority has contracted to establish or maintain the electronic system of the prescription monitoring program.

(C) Pursuant to a valid court order based on probable cause and issued at the request of a federal, state or local law enforcement agency engaged in an authorized drug-related investigation involving a person to whom the requested information pertains.

Headquarters Office: THE NATIONAL ALLIANCE FOR MODEL STATE DRUG LAWS. 215 Lincoln Ave. Suite 201, Santa Fe, NM 87501.

(D) To a health professional regulatory board that certifies in writing that the requested information is necessary for an investigation related to licensure, renewal or disciplinary action involving the applicant, licensee or registrant to whom the requested information pertains.

(E) To a prescription monitoring program of another state if the confidentiality, security and privacy standards of the requesting state are determined by the authority to be equivalent to those of the authority.

(b) The authority may disclose information from the prescription monitoring program that does not identify a patient, practitioner or drug outlet:

(A) For educational, research or public health purposes; and

(B) To officials of the authority who are conducting special epidemiologic morbidity and mortality studies in accordance with ORS 432.060 and rules adopted under ORS 431.110.

**(c) The authority shall disclose information relating to a patient maintained in the electronic system operated pursuant to the prescription monitoring program established under ORS 431.962 to that patient at no cost to the patient within 10 business days after the authority receives a request from the patient for the information.**

(d)(A) A patient may request the authority to correct any information about the patient that is erroneous. The authority shall grant or deny a request to correct information within 10 business days after the authority receives the request.

(B) If the authority denies a patient's request to correct information under this paragraph, or fails to grant a patient's request to correct information under this paragraph within 10 business days after the authority receives the request, the patient may appeal the denial or failure to grant the request. Upon receipt of an appeal under this subparagraph, the authority shall conduct a contested case hearing as provided in ORS chapter 183. Notwithstanding ORS 183.450, in the contested case hearing, the authority has the burden of establishing that the information included in the prescription monitoring program is correct.

(e) The information in the prescription monitoring program may not be used for any commercial purpose.

(f) In accordance with ORS 192.518 to 192.529 and federal privacy regulations, any person authorized to prescribe or dispense a prescription drug and who is entitled to access a patient's prescription monitoring information may discuss or release the information to other health care providers involved with the patient's care, in order to provide safe and appropriate care coordination.

(3)(a) The authority shall maintain records of the information disclosed through the prescription monitoring program including, but not limited to:

(A) The identity of each person who requests or receives information from the program and the organization, if any, the person represents;

(B) The information released to each person or organization; and

(C) The date and time the information was requested and the date and time the information was provided.

(b) Records maintained as required by this subsection may be reviewed by the Prescription Monitoring Program Advisory Commission.

(4) Information in the prescription monitoring program that identifies an individual patient must be removed no later than three years from the date the information is entered into the program.

(5) The authority shall notify the Attorney General and each affected individual of an improper disclosure of information from the prescription monitoring program.

(6)(a) If the authority or a person or entity required to report or authorized to receive or release controlled substance prescription information under this section violates this section or ORS 431.964, or 431.968, a person injured by the violation may bring a civil action against the authority person or entity and may recover damages in the amount of \$1,000 or actual damages, whichever is greater.

(b) Notwithstanding paragraph (a) of this subsection, the authority and a person or entity required to report or authorized to receive or release controlled substance prescription information under this section are immune from civil liability for violations of this section or ORS 431.964 or 431.968 unless the authority person or entity acts with malice, criminal intent, gross negligence, recklessness or willful intent.

(7) Nothing in ORS 431.962 to 431.978 and 431.992 requires a practitioner or pharmacist who prescribes or dispenses a prescription drug to obtain information about a patient from the prescription monitoring program. A practitioner or pharmacist who prescribes or dispenses a prescription drug may not be held liable for damages in any civil action on the basis that the practitioner or pharmacist did or did not request or obtain information from the prescription monitoring program.

Oregon Administrative Rules Compilation (2012)  
Chapter 410. Oregon Health Authority, Division of Medical Assistance Programs  
Division 121. Pharmaceutical Services  
Non-medicaid Rules Prescription Drug Monitoring Program

410-121-4020. Information Access

- (1) System Access. Only the following individuals or entities may access the system:
- (a) Practitioners and pharmacists authorized to prescribe or dispense controlled substances; and
  - (b) Designated representatives of the Authority and any vendor contracted to establish or maintain the system.
- (2) All entities or individuals who request access from the Authority for the creation of user accounts shall agree to terms and conditions of use of the system.
- (3) The Authority shall monitor the system for unusual and potentially unauthorized use. When such use is detected, the user account shall be immediately deactivated.
- (4) The vendor, a practitioner, a pharmacist or a pharmacy shall report to the Authority within 24 hours any suspected breach of the system or unauthorized access.
- (5) When the Authority is informed of any suspected breach of the system or unauthorized access, the Authority shall notify the Authority's Information Security Office and investigate.
- (6) If patient data is determined to have been breached or accessed without proper authorization, the Authority shall notify all affected patients, the Attorney General, and the applicable health professional regulatory board as soon as possible but no later than 30 days from the date of the final determination that a breach or unauthorized access occurred. Notice shall be made by first class mail to a patient or a patient's next of kin if the patient is deceased. The notice shall include:
- (a) The date the breach or unauthorized access was discovered and the date the Authority believes the breach or unauthorized access occurred;
  - (b) The data that was breached or accessed without proper authorization;
  - (c) Steps the individual can take to protect him or herself from identity or medical identity theft;
  - (d) Mitigation steps taken by the Authority; and
  - (e) Steps the Authority will take to reasonably ensure such a breach does not occur in the future.

(7) Practitioner and Pharmacist Access. A practitioner or pharmacist who chooses to request access to the system shall apply for a user account as follows:

(a) Complete and submit an application provided by the Authority that includes identifying information and credentials;

(b) Agree to terms and conditions of use of the system that defines the limits of access, allowable use of patient information, and penalties for misuse of the system; and

(c) Mail to the Authority a notarized application.

(8) The Authority shall review each application to authenticate before granting approval of a new account.

(9) If the Authority learns that a practitioner or pharmacist has provided inaccurate or false information on an application, the Authority shall deny access to the system or terminate access to the system if access has already been established. The Authority may send written notification to the appropriate health professional regulatory board.

(10) A practitioner or pharmacist who is an authorized system user shall notify the Authority when his or her license or DEA registration has been limited or revoked. A practitioner or pharmacist who changes or terminates employment shall notify the Authority of that change.

(11) When the Authority learns that a practitioner or pharmacist's license has been limited or revoked, the Authority shall deny further access to the system.

(12) Each time a practitioner or pharmacist makes a patient query he or she shall certify that requests are in connection with the treatment of a patient in his or her care and agree to terms and conditions of use of the system.

(13) When the Authority learns of any potential unauthorized use of the system or system data, the Authority shall revoke the practitioner or pharmacist's access to the system, notify the Authority's Information Security Office, and investigate.

(a) If the Authority determines unauthorized use occurred, the Authority shall send written notification to the appropriate health professional regulatory board, the Attorney General and all affected individuals.

(b) If the Authority determines unauthorized use did not occur, the Authority shall reinstate access to the system.

(14) The Authority shall send written notification to a user or a potential user when an account has been deactivated or access has been denied.

**(15) Patient Access.** A patient may request a report of the patient's own controlled substance record. The patient shall mail to the Authority a request that contains the following documents:

- (a) A signed and dated patient request form provided by the Authority; and**
- (b) A copy of the patient's current valid U.S. driver's license or other valid government issued photo identification.**

**(16) The Authority shall review the personal information submitted and verify that the patient's identification and request match before taking further action.**

**(17) If the Authority cannot verify the information, the Authority shall send written notification to the patient explaining why the request cannot be processed.**

**(18) After the Authority has verified the request, the Authority shall query the system based upon the patient information provided in the request and securely send the report to the patient at no cost to the patient.**

**(19) If no data is found that matches the patient identified in the request, the Authority shall send written notification to the patient explaining possible reasons why no patient data was identified.**

**(20) A patient may send written notification to the Authority if he or she believes unauthorized access to his or her information has occurred. The notification shall include the patient's name, who is suspected to have gained unauthorized access to the patient's information, what information is suspected to have been accessed by unauthorized use, when the suspected unauthorized access occurred, and why the patient suspects the access was unauthorized. The Authority shall treat such patient notifications as potential unauthorized use of the system.**

**(21) A patient may request that the Authority correct information in a patient record report as follows:**

**(a) The patient shall specify in writing to the Authority what information in the report the patient considers incorrect.**

**(b) When the Authority receives a request to correct a patient's information in the system, the Authority shall make a note in the system that the information is contested and verify the accuracy of the system data with the vendor. The vendor shall verify that the data obtained from the query is the same data received from the pharmacy.**

**(c) If the data is verified incorrect, the Authority shall correct the errors in consultation with the vendor and document the correction. The Authority shall send to the patient the corrected report.**

**(d) If the vendor verifies the data is correct, the Authority shall send written notification informing the patient that the request for correction is denied. The notice shall inform the patient of his or her rights as are applicable to the prescription drug monitoring program, the process for filing an appeal, and if there are no appeal rights, how to otherwise address or resolve the issue.**

**(22) The Authority shall respond to all patient requests within 10 business days after the Authority receives a request. Each response shall include information that informs the patient of his or her rights as are applicable to the prescription drug monitoring program.**

**(23) If the Authority denies a patient's request to correct information, or fails to grant a patient's request within 10 business days after the Authority receives the request, a patient may appeal the denial or failure by requesting a contested case hearing. The appeal shall be filed within 30 days after the request to correct information is denied. The appeal process is conducted pursuant to ORS chapter 183 and the Attorney General's Uniform and Model Rules of Procedure for the Office of Administrative Hearings (OAH), OAR 137-003-0501 through 137-003-0700.**

(24) Law Enforcement Access. A federal, state, or local law enforcement agency engaged in an authorized drug-related investigation of an individual may request from the Authority controlled substance information pertaining to the individual to whom the information pertains. The request shall be pursuant to a valid court order based on probable cause.

(25) A law enforcement agency shall submit to the Authority a request that contains the following:

- (a) A form provided by the Authority specifying the information requested; and
- (b) A copy of the court order documents.

(26) The Authority shall review the law enforcement request.

(a) If the form is complete and the court order is valid, the Authority shall query the system for the requested information and securely provide a report to the law enforcement agency.

(b) If the request or court order is not valid, the Authority shall respond to the law enforcement agency providing an explanation for the denial.

(27) Health Professional Regulatory Board Access. A health professional regulatory board investigating an individual regulated by the board may request from the Authority controlled substance information pertaining to the member.

(a) A health professional regulatory board shall submit to the Authority a form provided by the Authority specifying the information requested. The board's executive director shall certify that the requested information is necessary for an investigation related to licensure, renewal, or disciplinary action involving the applicant, licensee, or registrant to whom the requested information pertains.

(b) The Authority shall review the regulatory board request.

(A) If a request is valid, the Authority shall query the system for the requested information and securely provide a report to the health professional regulatory board.

(B) If a request is not valid, the Authority shall respond to the health professional regulatory board providing an explanation for the denial.

(28) Researcher Access. The Authority may provide de-identified data for research purposes to a researcher. A researcher shall submit a research data request form provided by the Authority.

(a) The request shall include but is not limited to a thorough description of the study aims, data use, data storage, data destruction, and publishing guidelines.

(b) The Authority shall approve or deny research data requests based on application merit.

(c) If a request is approved, the requestor shall sign a data use agreement provided by the Authority.

(d) The Authority shall provide the minimum data set necessary that does not identify individuals.

(e) The Authority may charge researchers a reasonable fee for services involved in data access.

Title 58. Occupations and Professions  
Chapter 37F. Controlled Substance Database Act  
Part 3. Access

§ 58-37f-301. Access to database

(1) The division shall make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, to:

- (a) effectively enforce the limitations on access to the database as described in this part; and
- (b) establish standards and procedures to ensure accurate identification of individuals requesting information or receiving information without request from the database.

**(2) The division shall make information in the database and information obtained from other state or federal prescription monitoring programs by means of the database available only to the following individuals, in accordance with the requirements of this chapter and division rules:**

(a) personnel of the division specifically assigned to conduct investigations related to controlled substance laws under the jurisdiction of the division;

(b) authorized division personnel engaged in analysis of controlled substance prescription information as a part of the assigned duties and responsibilities of their employment;

(c) in accordance with a written agreement entered into with the department, employees of the Department of Health:

(i) whom the director of the Department of Health assigns to conduct scientific studies regarding the use or abuse of controlled substances, provided that the identity of the individuals and pharmacies in the database are confidential and are not disclosed in any manner to any individual who is not directly involved in the scientific studies; or

(ii) when the information is requested by the Department of Health in relation to a person or provider whom the Department of Health suspects may be improperly obtaining or providing a controlled substance;

(d) a licensed practitioner having authority to prescribe controlled substances, to the extent the information:

(i)(A) relates specifically to a current or prospective patient of the practitioner; and

(B) is sought by the practitioner for the purpose of:

(I) prescribing or considering prescribing any controlled substance to the current or prospective patient;

(II) diagnosing the current or prospective patient;

(III) providing medical treatment or medical advice to the current or prospective patient; or

(IV) determining whether the current or prospective patient:

(Aa) is attempting to fraudulently obtain a controlled substance from the practitioner; or

(Bb) has fraudulently obtained, or attempted to fraudulently obtain, a controlled substance from the practitioner;

(ii)(A) relates specifically to a former patient of the practitioner; and

(B) is sought by the practitioner for the purpose of determining whether the former patient has fraudulently obtained, or has attempted to fraudulently obtain, a controlled substance from the practitioner;

(iii) relates specifically to an individual who has access to the practitioner's Drug Enforcement Administration identification number, and the practitioner suspects that the individual may have used the practitioner's Drug Enforcement Administration identification number to fraudulently acquire or prescribe a controlled substance;

(iv) relates to the practitioner's own prescribing practices, except when specifically prohibited by the division by administrative rule;

(v) relates to the use of the controlled substance database by an employee of the practitioner, described in Sub-section (2)(e); or

(vi) relates to any use of the practitioner's Drug Enforcement Administration identification number to obtain, attempt to obtain, prescribe, or attempt to prescribe, a controlled substance;

(e) in accordance with Subsection (3)(a), an employee of a practitioner described in Subsection (2)(d), for a purpose described in Subsection (2)(d)(i) or (ii), if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner provides written notice to the division of the identity of the employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(3)(b) with respect to the employee;

(f) an employee of the same business that employs a licensed practitioner under Subsection (2)(d) if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner and the employing business provide written notice to the division of the identity of the designated employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(3)(b) with respect to the employee;

(g) a licensed pharmacist having authority to dispense a controlled substance to the extent the information is sought for the purpose of:

(i) dispensing or considering dispensing any controlled substance; or

(ii) determining whether a person:

(A) is attempting to fraudulently obtain a controlled substance from the pharmacist; or

(B) has fraudulently obtained, or attempted to fraudulently obtain, a controlled substance from the pharmacist;

(h) federal, state, and local law enforcement authorities, and state and local prosecutors, engaged as a specified duty of their employment in enforcing laws:

(i) regulating controlled substances;

(ii) investigating insurance fraud, Medicaid fraud, or Medicare fraud; or

(iii) providing information about a criminal defendant to defense counsel, upon request during the discovery process, for the purpose of establishing a defense in a criminal case;

(i) employees of the Office of Internal Audit and Program Integrity within the Department of Health who are engaged in their specified duty of ensuring Medicaid program integrity under Section 26-18-2.3;

(j) a mental health therapist, if:

(i) the information relates to a patient who is:

(A) enrolled in a licensed substance abuse treatment program; and

(B) receiving treatment from, or under the direction of, the mental health therapist as part of the patient's participation in the licensed substance abuse treatment program described in Subsection (2)(j)(i)(A);

(ii) the information is sought for the purpose of determining whether the patient is using a controlled substance while the patient is enrolled in the licensed substance abuse treatment program described in Subsection (2)(j)(i)(A); and

(iii) the licensed substance abuse treatment program described in Subsection (2)(j)(i)(A) is associated with a practitioner who:

(A) is a physician, a physician assistant, an advance practice registered nurse, or a pharmacist; and

(B) is available to consult with the mental health therapist regarding the information obtained by the mental health therapist, under this Subsection (2)(j), from the database;

**(k) an individual who is the recipient of a controlled substance prescription entered into the database, upon providing evidence satisfactory to the division that the individual requesting the information is in fact the individual about whom the data entry was made;**

(l) the inspector general, or a designee of the inspector general, of the Office of Inspector General of Medicaid Services, for the purpose of fulfilling the duties described in Title 63J, Chapter 4a, Part 2, Office Duties and Powers; and

(m) the following licensed physicians for the purpose of reviewing and offering an opinion on an individual's request for workers' compensation benefits under Title 34A, Chapter 2, Workers' Compensation Act, or Title 34A, Chapter 3, Utah Occupational Disease Act:

(i) a member of the medical panel described in Section 34A-2-601; or

(ii) a physician offering a second opinion regarding treatment.

(3)(a) A practitioner described in Subsection (2)(d) may designate up to three employees to access information from the database under Subsection (2)(e), (2)(f), or (4)(c).

(b) The division shall make rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act:

(i) to establish background check procedures to determine whether an employee designated under Subsection (2)(e), (2)(f), or (4)(c) should be granted access to the database; and

(ii) establish the information to be provided by an emergency room employee under Subsection (4).

(c) The division shall grant an employee designated under Subsection (2)(e), (2)(f), or (4)(c) access to the database, unless the division determines, based on a background check, that the employee poses a security risk to the information contained in the database.

(4)(a) An individual who is employed in the emergency room of a hospital may exercise access to the database under this Subsection (4) on behalf of a licensed practitioner if the individual is designated under Subsection (4)(c) and the licensed practitioner:

(i) is employed in the emergency room;

(ii) is treating an emergency room patient for an emergency medical condition; and

(iii) requests that an individual employed in the emergency room and designated under Subsection (4)(c) obtain information regarding the patient from the database as needed in the course of treatment.

(b) The emergency room employee obtaining information from the database shall, when gaining access to the database, provide to the database the name and any additional identifiers regarding the requesting practitioner as required by division administrative rule established under Subsection (3)(b).

(c) An individual employed in the emergency room under this Subsection (4) may obtain information from the database as provided in Subsection (4)(a) if:

(i) the employee is designated by the practitioner as an individual authorized to access the information on behalf of the practitioner;

(ii) the practitioner and the hospital operating the emergency room provide written notice to the division of the identity of the designated employee; and

(iii) the division:

(A) grants the employee access to the database; and

(B) provides the employee with a password that is unique to that employee to access the database in order to permit the division to comply with the requirements of Subsection 58-37f-203(3)(b) with respect to the employee.

(d) The division may impose a fee, in accordance with Section 63J-1-504, on a practitioner who designates an employee under Subsection (2)(e), (2)(f), or (4)(c), to pay for the costs incurred by the division to conduct the background check and make the determination described in Subsection (3)(b).

(5)(a) An individual who is granted access to the database based on the fact that the individual is a licensed practitioner or a mental health therapist shall be denied access to the database when the individual is no longer licensed.

(b) An individual who is granted access to the database based on the fact that the individual is a designated employee of a licensed practitioner shall be denied access to the database when the practitioner is no longer licensed.

(d) employees of the Department of Health who have previously been approved by the Division to access controlled substance database information in furtherance of the Pain Medication Management and Education Program.

(2) All individuals who are granted access to information in the controlled substance database via the real time pilot program shall provide any documentation requested by the Division's database manager to confirm the individual's identity. The individual will then be provided a username, password, and PIN number by which the individual will access the information contained in the database. Pursuant to Subsections 58-37f-601(1), (2) and (3), it is unlawful for an authorized user to allow another individual to use the authorized user's assigned username, password and PIN number.

(3) Personnel employed by federal, state, and local law enforcement agencies may access only information related to a current investigation involving controlled substances being conducted by that agency.

(4) Pharmacists licensed to dispense controlled substances in Utah may access only information related specifically to a current patient to whom that pharmacist is dispensing or is considering dispensing any controlled substance.

(5) Practitioners licensed to prescribe controlled substances in Utah may access only information related specifically to a current patient of the practitioner, to whom the practitioner is prescribing or is considering prescribing any controlled substance.

(6) Employees of the Department of Health who have been previously approved by the Division to access controlled substance database information in furtherance of the Pain Medication Management and Education Program may access only information in order to conduct scientific studies to evaluate opioid use and opioid-related morbidity and ways to reduce deaths and other harm from improper or risky prescribing and dispensing practices as codified in Section 26-1-36.

#### R156-37-610. Controlled Substance Database--Limitations on Access to Database Information--Standards and Procedures for Identifying Individuals Requesting Information.

(1) In accordance with Subsections 58-37f-301(1)(a) and (b), the Division director shall designate in writing those individuals within the Division who shall have access to the information in the database.

(2) Personnel from federal, state or local law enforcement agencies may obtain information from the database if the information relates to a current investigation being conducted by such agency. The manager of the database may also provide information from the database to such agencies on his own volition when the information may reasonably constitute a basis for investigation relative to violation of state or federal law.

(3) In accordance with Subsections 58-37f-201(6)(c), 58-37f-203(3)(b), 58-37f-301(1)(b), and 58-37f-301(2)(d) and (e), the database manager may provide information from the database to licensed practitioners having authority to prescribe controlled substances and to licensed pharmacists having authority to dispense controlled substances. The database manager may provide the information on his own volition to accomplish the stated purposes set forth in Subsection 58-37f-201(6).

**(4) Any individual may request information in the database relating to that individual's controlled substances receipt history. An individuals may not request or receive an accounting of persons or entities that have requested or received information about the individual. Upon request for database information on an individual who is the recipient of a controlled substance prescription entered in the database, the manager of the database shall make available database information exclusively relating to that particular individual's controlled substance receipt history under the following limitations and conditions:**

**(a) The requestor seeking database information personally appears before the manager of the database, or a designee, with picture identification confirming his identity as the same person on whom database information is sought.**

**(b) The requestor seeking database information submits a signed and notarized request executed under the penalty of perjury verifying his identity as the same person on whom database information is sought, and providing their full name, home and business address, date of birth, and social security number.**

**(c) The requestor seeking database information presents a power of attorney over the person on whom database information is sought and further complies with the following:**

**(i) submits a signed and notarized request executed by the requestor under the penalty of perjury verifying that the grantor of the power of attorney is the same person on whom database information is sought, including the grantor's full name, address, date of birth, and social security number; and**

**(ii) personally appears before the manager of the database with picture identification to verify personal identity, or otherwise submits a signed and notarized statement executed by the requestor under the penalty of perjury verifying his identity as that of the person holding the power of attorney.**

**(d) The requestor seeking database information presents verification that he is the legal guardian of an incapacitated person on whom database information is sought and further complies with the following:**

**(i) submits a signed and notarized request executed by the requestor under the penalty of perjury verifying that the incapacitated ward of the guardian is the same person on whom database information is sought, including the ward's full name, address, date of birth, and social security number; and**

**(ii) personally appears before the manager of the database with picture identification to verify personal identity, or otherwise submits a signed and notarized statement executed by the requestor under the penalty of perjury verifying his identity as that of the legal guardian of the incapacitated person.**

(e) The requestor seeking database information shall present a release-of-records statement from the person on whom database information is sought and further complies with the following:

(i) submits a verification from the person on whom database information is sought consistent with the requirements set forth in paragraph (4)(b);

(ii) submits a signed and notarized release of records statement executed by the person on whom database information is sought authorizing the manager of the database to release the relevant database information to the requestor; and

(iii) personally appears before the manager of the database with picture identification to verify personal identity, or otherwise submits a signed and notarized statement executed by the requestor under the penalty of perjury verifying his identity as that of the requestor identified in the release of records;

(5) Before data is released upon oral request, a written request may be required and received.

(6) Database information may be disseminated either orally, by facsimile or by U.S. mail.

(7) The Utah Department of Health may access Database information for purposes of scientific study regarding public health. To access information, the scientific investigator must:

(a) show the research is an approved project of the Utah Department of Health;

(b) provide a description of the research to be conducted including a research protocol for the project and a description of the data needed from the Database to conduct that research;

(c) provide assurances and a plan that demonstrates all Database information will be maintained securely, with access only permitted by the scientific investigator;

(d) provide for electronic data to be stored on a secure database computer system with access only allowed by the scientific investigator; and

(e) pay all relevant expenses for data transfer and manipulation.

### § 4284. Protection and disclosure of information

(a) The data collected pursuant to this chapter shall be confidential, except as provided in this chapter, and shall not be subject to public records law. The department shall maintain procedures to protect patient privacy, ensure the confidentiality of patient information collected, recorded, transmitted, and maintained, and ensure that information is not disclosed to any person except as provided in this section.

#### **(b) The department shall be authorized to provide data to only the following persons:**

(1) A patient or that person's health care provider, or both, when VPMS reveals that a patient may be receiving more than a therapeutic amount of one or more regulated substances.

(2) A health care provider or dispenser who requests information and certifies that the requested information is for the purpose of providing medical or pharmaceutical treatment to a bona fide current patient.

(3) A designated representative of a board responsible for the licensure, regulation, or discipline of health care providers or dispensers pursuant to a bona fide specific investigation.

**(4) A patient for whom a prescription is written, insofar as the information relates to that patient.**

(5) The relevant occupational licensing or certification authority if the commissioner reasonably suspects fraudulent or illegal activity by a health care provider. The licensing or certification authority may report the data that are the evidence for the suspected fraudulent or illegal activity to a trained law enforcement officer.

(6) The commissioner of public safety, personally, if the commissioner of health personally makes the disclosure, has consulted with at least one of the patient's health care providers, and believes that the disclosure is necessary to avert a serious and imminent threat to a person or the public.

(7) Personnel or contractors, as necessary for establishing and maintaining the VPMS.

(c) A person who receives data or a report from VPMS or from the department shall not share that data or report with any other person or entity not eligible to receive that data pursuant to subsection (b) of this section. Nothing shall restrict the right of a patient to share his or her own data.

(d) The commissioner shall offer health care providers and dispensers training in the proper use of information they may receive from VPMS. Training may be provided in collaboration with professional associations representing health care providers and dispensers.

(e) A trained law enforcement officer who may receive information pursuant to this section shall not have access to VPMS except for information provided to the officer by the licensing or certification authority.

(f) The department is authorized to use information from VPMS for research and public health promotion purposes provided that data are aggregated or otherwise de-identified.

(g) Knowing disclosure of transmitted data to a person not authorized by subsection (b) of this section, or obtaining information under this section not relating to a bona fide specific investigation, shall be punishable by imprisonment for not more than one year or a fine of not more than \$1,000.00, or both, in addition to any penalties under federal law.

- 2. The patient's date of birth;**
- 3. The time period for which the information is requested;**
- 4. The patient's telephone number, mail and street address; and**
- 5. The patient's original signature.**

**The original signed form shall be delivered by mail or in person to the Department, Division of Alcohol and Drug Abuse Programs office. To receive the requested information, the patient shall appear personally and produce a valid government issued photographic proof of identity at the Department, Division of Alcohol and Drug Abuse Programs office, or at one of the Department's District Offices.**

**The patient may choose to share, or choose not to share, the information received from the VPMS database pursuant to this section without restriction.**

Section 3.2 Health Care Provider or Dispenser Registration.

1. A health care provider or dispenser shall register with the Department to be eligible to request information relating to a bona fide current patient from the VPMS database. The registration application shall be in a format approved by the Department. The Department will issue a VPMS registration number to an eligible applicant who demonstrates he or she holds a current Vermont license issued by the applicable board of licensure.

2. A health care provider or dispenser with a current Vermont license registered with the Department may request information from the VPMS database relating to a bona fide current patient. The request shall be submitted in a format approved by the Department and shall include:

1. The patient's full name;
2. The patient's date of birth;
3. The patient's complete address;
4. Time period for which information is requested;

5. The requester's name;
6. The requester's VPMS registration number;
7. A statement certifying that the request is for the purpose of providing medical or pharmaceutical treatment to a bona fide current patient;
8. A statement certifying that the requester currently holds a Vermont license issued by the applicable board of licensure; and
9. The requester's telephone number, mail and street address.

A registered health care provider or dispenser may access the VPMS database through the secure web portal to request and receive the information electronically, or may submit a written request to the Department and receive the information by secure mail or fax.

### Section 3.3 Professional Licensure Boards.

A representative of a professional board that is responsible for the licensure, regulation or discipline of health care providers or dispensers, may request information from the VPMS database relating to a licensee pursuant to a bona fide specific investigation of that licensee. The request shall be submitted in writing and in a format approved by the Department, and shall include:

1. The name of the licensee;
2. The licensee's DEA number, if applicable;
3. The timeframe under investigation;
4. The requester's name;
5. The requester's telephone number, mail and street address;
6. A statement certifying that the request is pursuant to a bona fide specific investigation of the licensee; and
7. A statement certifying that the requester is duly designated by the board of licensure to make the request.

The original, signed form shall be delivered by secure mail, fax, or in person to the Department, Division of Alcohol and Drug Abuse Programs office. The Department will transmit the information by secure mail or fax.

### Section 3.4 Disclosures from the VPMS Database.

Disclosures from the VPMS database pursuant to the provisions in this rule 3.4 will be in accordance with a protocol approved by the Commissioner to identify when disclosures should be made pursuant to this subsection. The protocol will be developed, and periodically reviewed and updated, in consultation with the Advisory Committee and with health care providers designated by the Commissioner with particular expertise in relevant clinical specialties including the use of controlled substances for the treatment of acute and chronic pain, palliative care, end-of-life care and the treatment for and prevention of abuse of controlled substances and will be consistent with current standards of care and practice in those clinical specialties. Disclosures from the VPMS database pursuant to subsections 1, 2 or 3 below shall occur only in accordance with the protocol and as otherwise permitted by this rule.

1. The Department may provide data to a patient and/or that person's health care provider when the VPMS database reveals that a patient may be receiving more than a therapeutic amount of one or more regulated substances.
2. When the Commissioner of Health reasonably suspects that there is fraudulent or illegal activity by a health care provider or dispenser, the Department may provide data on such an instance to the appropriate licensing or certification authority. That authority may report the data that are evidence of suspected fraudulent or illegal activity to a trained law enforcement officer. The trained law enforcement officer shall not have access to the VPMS data except for information provided to the officer by the licensing or certification authority.
3. The Commissioner of Health may personally disclose data from the VPMS database to the Commissioner of Public Safety personally when the Commissioner of Health has consulted with at least one of the patient's health care providers and believes such disclosure is necessary to avert a serious and imminent threat to a person or the public.

### Section 3.5 Department of Health Use of Data.

1. The Department may use the data contained in the VPMS database for health promotion purposes including the publication of aggregate, de-identified data about the extent of reportable prescription drug use in Vermont or the change in the consumption of certain controlled substances.
2. The Department may use aggregated, de-identified data in the VPMS database to evaluate the effectiveness of its drug prevention and treatment programs, and the benefits received from educational programs directed at providers and pharmacists on the use and abuse of controlled substances.

West's Annotated Code of Virginia (2012)

Title 54.1. Professions and Occupations

Subtitle III. Professions and Occupations Regulated by Boards Within the Department of Health Professions

Chapter 25.2. Prescription Monitoring Program

§ 54.1-2523. Confidentiality of data; disclosure of information; discretionary authority of Director

A. All data, records, and reports relating to the prescribing and dispensing of covered substances to recipients and any abstracts from such data, records, and reports that are in the possession of the Prescription Monitoring program pursuant to this chapter and any material relating to the operation or security of the program shall be confidential and shall be exempt from the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) pursuant to subdivision 15 of § 2.2-3705.5. Further, the Director shall only have discretion to disclose any such information as provided in subsections B and C.

B. Upon receiving a request for information in accordance with the Department's regulations and in compliance with applicable federal law and regulations, the Director shall disclose the following:

1. Information relevant to a specific investigation of a specific recipient or of a specific dispenser or prescriber to an agent designated by the superintendent of the Department of State Police to conduct drug diversion investigations pursuant to § 54.1-3405.
2. Information relevant to an investigation or inspection of or allegation of misconduct by a specific person licensed, certified, or registered by or an applicant for licensure, certification, or registration by a health regulatory board; information relevant to a disciplinary proceeding before a health regulatory board or in any subsequent trial or appeal of an action or board order to designated employees of the Department of Health Professions; or to designated persons operating the Health Practitioners' Monitoring Program pursuant to Chapter 25.1 (§ 54.1-2515 et seq.) of this title.
3. Information relevant to the proceedings of any investigatory grand jury or special grand jury that has been properly impaneled in accordance with the provisions of Chapter 13 (§ 19.2-191 et seq.) of Title 19.2.
4. Information relevant to a specific investigation of a specific recipient, dispenser, or prescriber to an agent of a federal law-enforcement agency with authority to conduct drug diversion investigations.

**C. In accordance with the Department's regulations and applicable federal law and regulations, the Director may, in his discretion, disclose:**

**1. Information in the possession of the program concerning a recipient who is over the age of 18 to that recipient.**

2. Information on a specific recipient to a prescriber, as defined in this chapter, for the purpose of establishing the treatment history of the specific recipient when such recipient is either under care and treatment by the prescriber or the prescriber is initiating treatment of such recipient. In a manner specified by the Director in regulation, notice shall be given to patients that information may be requested by the prescriber from the Prescription Monitoring Program.

3. Information on a specific recipient to a dispenser for the purpose of establishing a prescription history to assist the dispenser in determining the validity of a prescription in accordance with § 54.1-3303 when the recipient is seeking a covered substance from the dispenser or the facility in which the dispenser practices. In a manner specified by the Director in regulation, notice shall be given to patients that information may be requested by the dispenser from the Prescription Monitoring Program.

4. Information relevant to an investigation or regulatory proceeding of a specific dispenser or prescriber to other regulatory authorities concerned with granting, limiting or denying licenses, certificates or registrations to practice a health profession when such regulatory authority licenses such dispenser or prescriber or such dispenser or prescriber is seeking licensure by such other regulatory authority.

5. Information relevant to an investigation relating to a specific dispenser or prescriber who is a participating provider in the Virginia Medicaid program or information relevant to an investigation relating to a specific recipient who is currently eligible for and receiving or who has been eligible for and has received medical assistance services to the Medicaid Fraud Control Unit of the Office of the Attorney General or to designated employees of the Department of Medical Assistance Services, as appropriate.

6. Information relevant to determination of the cause of death of a specific recipient to the designated employees of the Office of the Chief Medical Examiner.

7. Information for the purpose of bona fide research or education to qualified personnel; however, data elements that would reasonably identify a specific recipient, prescriber, or dispenser shall be deleted or redacted from such information prior to disclosure. Further, release of the information shall only be made pursuant to a written agreement between such qualified personnel and the Director in order to ensure compliance with this subdivision.

D. The Director may enter into agreements for mutual exchange of information among prescription monitoring pro-grams in other jurisdictions, which shall only use the information for purposes allowed by this chapter.

E. This section shall not be construed to supersede the provisions of § 54.1-3406 concerning the divulging of confidential records relating to investigative information.

F. Confidential information that has been received, maintained or developed by any board or disclosed by the board pursuant to subsection A shall not, under any circumstances, be available for discovery or court subpoena or introduced into evidence in any medical malpractice suit or other action for damages arising out of the provision of or failure to provide services. However, this subsection shall not be construed to inhibit any investigation or prosecution conducted pursuant to Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

A. In accordance with § 54.1-2523 C of the Code of Virginia, the director may disclose information in the program to certain persons provided the request is made in a format designated by the department.

**B. The director may disclose information to:**

**1. The recipient of the dispensed drugs, provided the request is accompanied by a copy of a valid photo identification issued by a government agency of any jurisdiction in the United States verifying that the recipient is over the age of 18 and includes a notarized signature of the requesting party. The report shall be mailed to the address on the license or delivered to the recipient at the department.**

2. The prescriber for the purpose of establishing a treatment history for a patient or prospective patient, provided the request is accompanied by the prescriber's registration number with the United States Drug Enforcement Administration (DEA) and attestation that the prescriber is in compliance with patient notice requirements of 18 VAC 76-20-70. The prescriber may delegate the submission of a request for information, provided the delegation is in compliance with § 54.1-2523.2 of the Code of Virginia. The health care professionals to whom the prescriber has authorized access to information shall be registered with the program. Requests for information made by a delegated health care professional shall be made in his own name, using his own unique identifiers assigned by the program.

3. Another regulatory authority conducting an investigation or disciplinary proceeding or making a decision on the granting of a license or certificate, provided the request is related to an allegation of a possible controlled substance violation and that it is accompanied by the signature of the chief executive officer who is authorized to certify orders or to grant or deny licenses.

4. Governmental entities charged with the investigation and prosecution of a dispenser, prescriber or recipient participating in the Virginia Medicaid program, provided the request is accompanied by the signature of the official within the Office of the Attorney General responsible for the investigation.

5. A dispenser for the purpose of establishing a prescription history for a specific person to assist in determining the validity of a prescription, provided the request is accompanied by the dispenser's license number issued by the relevant licensing authority and an attestation that the dispenser is in compliance with patient notice requirements of 18 VAC 76-20-70.

**C. In each case, the request must be complete and provide sufficient information to ensure the correct identity of the prescriber, recipient and/or dispenser.**

D. Except as provided in subdivision B 1 of this section, the request form shall include an attestation that the prescription data will not be further disclosed and only used for the purposes stated in the request and in accordance with the law.

E. In order to request disclosure of information contained in the program, a designated employee of the Department of Medical Assistance Services or of the Office of the Chief Medical Examiner shall register with the director as an authorized agent entitled to receive reports under § 54.1-2523 C of the Code of Virginia.

1. Such request for registration shall include an attestation from the applicant's employer of the eligibility and identity of such person.

2. Registration as an agent authorized to receive reports shall expire on June 30 of each even-numbered year or at any such time as the agent leaves or alters his current employment or otherwise becomes ineligible to receive information from the program.

Article 10. Controlled Substances

Article X

### § 35-7-1060. Controlled substances prescription tracking program

(a) In addition to other duties and responsibilities as provided by this act, the board shall maintain a computerized program to track prescriptions for controlled substances for the purposes of assisting patients, practitioners and pharmacists to avoid inappropriate use of controlled substances and of assisting with the identification of illegal activity related to the dispensing of controlled substances. The tracking program and any data created thereby shall be administered by the board, and the board may charge reasonable fees to help defray the costs of operating the program. Any fee shall be included with and in addition to other registration fees established by the board as authorized in W.S. 35-7-1023.

(b) All prescriptions for schedule II, III and IV controlled substances dispensed by any retail pharmacy licensed by the board shall be filed with the board electronically or by other means required by the board no more than seven (7) days after dispensed. The board may require the filing of other prescriptions and may specify the manner in which the prescriptions are filed.

**(c) The tracking program shall not be used to infringe on the legal use of a controlled substance. Information obtained through the controlled substance prescription tracking program is confidential and may not be released and is not admissible in any judicial or administrative proceeding, except as follows:**

(i) The board may release information to practitioners and pharmacists when the release of the information may be of assistance in preventing or avoiding inappropriate use of controlled substances;

(ii) The board shall report any information that it reasonably suspects may relate to fraudulent or illegal activity to the appropriate law enforcement agency and the relevant occupational licensing board;

**(iii) The board may release information to the patient to whom the information pertains or his agent or, if the patient is a minor, to his parents or guardian;**

(iv) The board may release information to a third party if the patient has signed a consent specifically for the release of his controlled substance prescription information to the specific third party;

(b) Pharmacists and practitioners are under no obligation to, but may request patient profiles from the board provided the following conditions are met:

(i) All requests must be submitted on a form provided by the board and must be mailed, faxed, or by using the online process to the board's office;

(ii) All requests must be signed with a manual or electronic signature by the pharmacist or practitioner requesting the information and include the business name/address of the pharmacist or practitioner;

(iii) All requests shall include the patient's name, date of birth, purpose of the request, and the date range for the profile;

(iv) A statement indicating a pharmacist/patient or practitioner/patient relationship exists; and

(v) All profiles generated by the board shall be faxed or mailed to the pharmacist or practitioner at their business address, and if mailed marked "confidential, to be opened by addressee only"; or the profile shall be generated using the online process to be reviewed or printed by the requestor.

**(c) Patients, their authorized agent, or in the case of a minor, the minor's parent or guardian may request a copy of the patient's profile from the board's office provided the following are met:**

**(i) All requests shall be made in person at the board's office. The patient requesting the profile or an authorized agent of the patient or parent's or guardians of minors requesting a profile must have proof of identification acceptable to the board;**

**(ii) Any person making a request for a profile shall complete a form provided by the board. Any profile generated by the board will be available at the board's office, the same day of the request.**

(d) Other entities as authorized in W.S. § 35-7-1059 may request a copy of the patient's profile from the board's office provided the following are met:

(i) All requests must be submitted on a form provided by the board and must be mailed or faxed to the board's office:

(ii) All requests must be signed by the requestor and include the business name and address of the requestor.

(iii) The purpose of the request, the date range requested, and the specific reasons for this request including investigation number, if applicable, must be included.

(iv) The requirements identified in W.S. § 35-7-1060 (c)(ii) must be met before the patient's profile is provided to the requestor or a copy of the patient's signed consent specifically stating permission for the requestor to access and review the profile must be provided by the requestor.
