Headquarters Office: The National Alliance for Model State Drug Laws, 100 ½ East Main Street, Suite C, Manchester, Iowa 52057.

This table represents those states with statutory authority to require veterinarians to report to the state Prescription Monitoring Program and does not reflect those states with such authority that are not actively collecting data from veterinarians. Additionally, in some states – Washington, for example – veterinarians are required to report on a less frequent basis than other dispensers. Please check NAMSDL’s Reporting Requirements and Exemptions to Reporting, Compilation of Statutes, for further information.

<b>States with PMP Programs</b>	<b>What the State Law or Regulation Says</b>	<b>Practical Application in States That Require all Practitioners and/or Dispensers to Report Prescription Data</b>
