BJA-ATTC INITIATIVE

- Increase awareness of resources/role between PMPs and state treatment systems
- Increase ability to recognize signs and symptoms of prescription drug addiction
- Increase skills of prescribers and pharmacists to screen, intervene and refer to treatment

WHY?

- Abuse of controlled drugs doubled between 1992-2003—7.8 million to 15.1 million
- Exceeds combined total of individuals abusing cocaine, hallucinogens, inhalants and heroin
- Abuse by teens has more than tripled
- SA Tx. admissions for prescription drug abuse has more than tripled

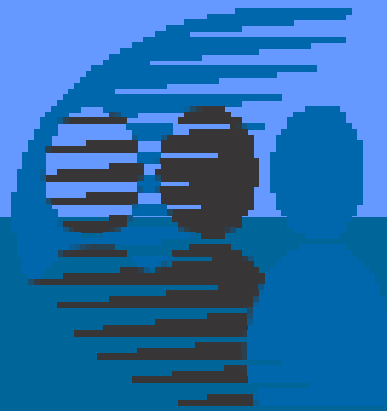

PROPOSED PROJECT ACTIVITIES

- Develop/disseminate state-by-state system maps
- Develop/disseminate product to enhance prescribers and pharmacists ability to recognize prescription drug abuse/addiction
- Develop/disseminate product to enhance prescribers and pharmacists ability to screen, intervene and refer to SA treatment
