# Portal Benefits

- Real-Time Access to Reports
- Prescriber's can delegate requesting reports to other medical staff – (Sub-Accounts)
- Prescribing Histories can be run to check for fraudulent scripts
- Reports are available anywhere a user goes that has internet access

---

# USM PMP Implementation Evaluation

The PMP has been implemented successfully and is meeting its current goals. By all accounts, the Office of Substance Abuse has done an excellent job in developing and implementing the program. Stakeholders lauded the Office of Substance Abuse for (1) establishing and maintaining a prevention and treatment goal for the PMP (and not a law enforcement goal); (2) listening to the medical and other stakeholders in establishing and implementing the program, and (3) its extensive outreach and educational efforts.

---

***\*This Year USM is conducting an Outcome Evaluation of the PMP***
